Disputes between Messrs. India Metal Manufacturing Co., Ltd., and their employees having baffled solution through the process of conciliation, the Government of West Bengal, by order No. 4981Dis./D/10L-118/55, dated Calcutta, the 8th October 1955, referred for adjudication the following issues:—

Issues

(1) Is the lock-out of the factory with effect from 13th December justified?

(2) What relief are the workmen entitled to for the period of lock-out?

The lot of the workers, according to the written statement filed by the Union, was extremely hard. The scale of wages was low and there was no security of service. No provision was made for retirement benefits. In order to improve their lot the workers organised a Union. The Directors of the Company were displeased on the formation of the Union and started harassing operations. Some leading members of the Union were victimised but on the intervention of the Labour Commissioner, one of the discharged workmen was reinstated.

On the 10th of September 1954, the Union submitted a demand for Puja bonus. Nothing fruitful however resulted from discussions that had taken place between the management and the representative of the workmen. A charter of demand was presented on the 3rd of November 1954. The management showed no inclination to treat these demands in a fair and responsive spirit. Driven to desperation the workers went on strike for one day. As a counter blast the Company declared lock-out on 11th December 1954. Since then though willing the workers have been prevented from going back to their duty as the Company persisted in continuing the lock-out.

The written statement filed on behalf of the Company traversed the grounds raised in the Union statement. Regarding the action taken against some workers which in the estimation of the workers was a measure of reprisal for inauguration of the Union, the Company's reply is that they had caused heavy damage and financial loss by wilful acts and were rightly dismissed. It was not a fact that on account of the organisation of the Union the Company had started hostile operations against the members. The employees went on strike on 10th December 1954 without any previous warning or notice. The fact was communicated to the Labour Commissioner who addressed a letter asking the employees to resume work immediately. The advise thus tendered fell on deaf ears. The strike was continued and on the 13th December 1954, the Company was forced to declare a lock-out. The employees had gone on strike without justification and the lock-out was the sequel. They are not entitled to any relief.

Issues Nos. 1 and 2.—In the written statement of the workers some allegations were made that the formation of the Union had flicked the Directors on the raw. To take the wind out of the sail of the Union, the authorities started persecuting the workers. Some prominent members fell victims to their rancour. The Company produced a letter Ext. B(1) addressed to the Secretary of the Union by the Assistant Secretary to the Government of West Bengal, Labour Department, intimating that on enquiry Government was satisfied that the workmen concerned were negligent in discharging their duties resulting in financial loss to the Company. The charges brought against them were *bona fide*. The Union's grievance that the leading members of the organisation were victimised appears in the face of this communication to be frivolous. There was discharge of another person who was however reinstated on the recommendation of the Labour Commissioner. So far the Company's record appears quite clean.

The demand for *Puja* bonus was made by letter Ext. 1(a), dated the 10th of September 1954. The case of the Company is that its financial position was so unstable and precarious that the demand could not be satisfied. It appears that the paid up capital of the business at its inauguration was Rs. 49,000. The number of workers employed is 32. The business was not started under favourable auspices for, a loan had to be taken from the Government to the extent of Rs. 24,000. The loan was repayable by instalments. Two instalments were paid but the 3rd instalment was defaulted. The result was that the Government took charge of the business. This dismal history confirms the version presented on behalf of the Company that the financial position not being sound the demand of the workers could not be met.

The charter of demands Ext. 1(c) was submitted on the 3rd of November 1954. The Company could not see its way to give effect to the demands. As the workers could not obtain satisfaction of the demands, they went on strike on 10th December 1954. They went to the workshop but did not do any work. They remained in the workshop kicking their heels for the whole day. O.P.W. 1 Shri Kunja Behari Mookerjee one of the Directors went to

the office of the Labour Commissioner and gave him information in writing (*vide* Ext. B2) that the workers had gone on a stay-in strike. The Labour Commissioner issued a letter (Ext. B) to the Secretary of the Union on the same day advising him to persuade the workers to resume normal work. A copy was handed over to P.W. 1. His evidence is that returning to the workshop he put up a notice Ext. A(1) but it did not work. The next day was a Saturday. According to O.P.W. 1. the employees entered the workshop and repeated the performance of the previous day by sitting idle. He went to the Labour Commissioner's office once again and gave information by letter Ext. A(3). Returning to the workshop he got the notice Ext. A(2) posted up. In this notice it is stated that in spite of the notice given the previous day, the workers had abstained from resuming duty up to 2 p.m. The Company would be forced to close down the business. The case of the Union is that on Saturday the workers flocked at the gate with the intention of restarting work but they were not allowed admission. The durwan told them that he had orders to keep the gates closed until the strike matter was finally settled. As against the evidence of P.W. 1 the Company has got the evidence of O.P.W. 1 Shri Kunja Behari Mookherjee, one of the Directors of the Company and the durwan (O.P.W. 2) Radha Pandey. The Tribunal was impressed by the transparent truthfulness of the witness Shri Kunja Behari Mookherjee. The evidence given by him bears the ring of truth. The durwan also gave his evidence in a straightforward way. If we consider in this context that O.P.W. 1 had gone to the office to inform the Labour Commissioner that despite his good counsel the workers were holding back, persisting in continuing the strike and that the notice Ext. A(2). was posted up, I am not prepared to believe that the gate was kept closed and all the move taken was exhibitionism. On the 13th which was a Monday, the Company published look-out notice Ext. A. The point for consideration is if the strike was justified. Justification of a strike depends to a large extent upon whether or not the parties had tried all other available means of setting the disputes according to law. The right to strike is a recognised weapon of the workers to be used as a last resort when all other avenues of settlement of industrial disputes have proved futile. In the present instance the Union did not explore all avenues of settlement by peaceful means before advising its members to take the extreme step. When the Company's attitude was found to be unresponsive the Union might seek intervention of the Conciliation Officer and have conciliation proceeding started. Instead of taking that course, the Union or for the matter of that, the workers went on strike. Not having exhausted all possible means of amicable settlement, the workers must be held to have gone on a strike which was unjustified. On the Company's evidence the Tribunal is satisfied that the situation did not improve on the following day. The workers remained in the workshop downing their tools. The lock-out declared by the Company was hence fully justified. No adverse finding can be made against the Company for the action it had taken, in view of the conduct of the workers. Since the lockout was justified, the workers cannot legitimately claim any relief for the period of lock-out.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Jonab Nur Islam against Messrs. Grand Hotel in connection with Government order No. 2813Dis./D/11L-30/54, dated the 1st June 1954.

Miscellaneous case No. 176 of 1955 under section 33A of the Industial Disputes Act.

Jonab Nur Islam, polisher No. 698, C/o Grand Hotel Employees' Union, 7B Rani Rashmoni Road, Calcutta ... *Petitioner,*

versus

Messrs. Grand Hotel, 15/2 Chowringhee Road, Calcutta .. *Opposite Party.*

For the Petitioner: Shri Jagannath Pandey.

For the Opposite Party: Shri S. C. Sen, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed on 4th August 1955 by workman, Jonab Nur Islam, who was a polisher in the opposite party Hotel. He alleged that he was unjustifiably suspended from 1st April 1955 during the pendency of an adjudication proceeding before this Tribunal; that the subsequent decision of the management to dismiss him was unjust and unwarranted; that the petitioner had only suggested to Shri A. K. Sen Roy that a particular polish might be more

suitable and thus committed no offence and that the opposite party was delaying filing petition under section 33 of the Industrial Disputes Act for obvious reasons.

On these allegations the petitioner prayed for an award directing withdrawal of the suspension order as also management's decision to dismiss the petitioner from service.

The opposite party Grand Hotel opposed the application. It contended that the application under section 33A was not maintainable and pleaded the circumstances in which the petitioner was suspended and the subsequent decision to dismiss him was taken. It was said that both the suspension and the decision to dismiss the petitioner were just and proper and that there was no intentional delay to apply under section 33 seeking permission to dismiss him.

DECISION

The petitioner was admittedly a polisher in the opposite party Grand Hotel working directly at the relevant time under the Paint Technologist of the opposite party, Shri A. K. Sen Roy (*vide* D.W.1). The Engineer of the opposite party, Shri B. K. Ghosh (D.W. 1) was the head of the department (*vide* P.W. 1). The petitioner was directed by Shri A. K. Sen Roy to use a new polish. The petitioner did not admittedly use the new polish as directed by Shri Sen Roy (*vide* P. W. 1). So after interrogation on 31st March 1955, Shri A. K. Sen Roy made written complaint (Ext. A) of insubordination against the petitioner to the Engineer, Shri B. K. Ghosh. It was *inter alia* stated therein that notwithstanding his direction the petitioner refused to use the new polish and that he was not only insubordinate but rude and insolent, and that the petitioner said that he would not obey either the Engineer's or his instruction regarding polishing. On receipt of the said complaint the Engineer, Shri B. K. Ghosh (D.W. 1), sent for the petitioner and asked him to explain his conduct for refusing to obey the order of Shri Sen Roy and for having been insolent and rude to him. D.W. 1 further deposed that upon this the petitioner said that he was not bound to give explanation to him nor was he bound to carry out the instructions. Thereupon the Engineer D.W. 1 forwarded the written complaint of Shri Sen Roy (Ext. A) with his remarks (Ext. B) to the Manager of the opposite party Grand Hotel on that very day (31st March 1955). In the written report (Ext. B), the Engineer stated that on receipt of the report of Shri Sen Roy he called for the petitioner and asked him to explain why he was insolent and disobedient to Shri Sen Roy. It was further stated that the petitioner reiterated that he would not obey anybody's order from the Engineering Department and that if the heads of the department so desired they could take any action they liked. Therefore, the Manager of the opposite party Grand Hotel, D.W. 2 Mr. Cecil Bernard Benson, issued a charge-sheet on 1st April 1955 to the petitioner quoting from the written complaint of Shri A. K. Sen Roy as already referred to. The petitioner was asked to submit his explanation to the charge by 2nd April 1955 and he was suspended with immediate effect pending enquiry.

On 2nd April 1955 the Manager of the opposite party Grand Hotel fixed 4th April 1955 at 11 a.m. for enquiry and the petitioner was notified to be present at the time (Ext. 2). As notified, the enquiry was held by the Manager on 4th April 1955 when the Chief Engineer, Shri B. K. Ghosh (D.W. 1) and the petitioner (P.W. 1) were present. Shri A. K. Sen Roy could not attend the enquiry having had in the meanwhile left for Gopalpur-on-sea on hotel duties in connection with the impending visit of the Prime Minister in the hotel there. Shri A. K. Sen Roy had also since left service of the opposite party Grand Hotel.

Exhibit E is the minutes of the enquiry held on the 4th April 1955 at the office of the Manager, Mr. Benson at 11 a.m. The petitioner admitted that he did not use the new paint though Shri Sen Roy had asked him to do so. Thus the main charge against the petitioner of having flouted Shri Sen Roy was admitted and proved. The petitioner also admitted Shri B. K. Ghosh's charge that the petitioner said that he would not give any explanation to anyone except the Manager. The petitioner was thus insubordinate and insolent throughout. On conclusion of such enquiry the petitioner was intimated by a letter, dated 21st April 1955, that the management decided to dismiss him from service in view of his refusal to carry out the instructions of Shri A. K. Sen Roy regarding the polish to be used and in view of his attitude towards the superiors, and that it was making necessary application under section 33 of the Industrial Disputes Act for permission in that respect and that until such permission was obtained, he (the petitioner) would continue to be under order of suspension (*vide* Ext. F).

The petitioner admittedly did not receive any other communication subsequently. In his complaint under section 33A filed on 4th August 1955, it was also admitted that the opposite party did not dismiss him but kept him under suspension pending permission from the Tribunal. Said suspension in the circumstances was therefore not punishment within clause (b) of section 33. It cannot, therefore, be said that section 33 was contravened. Section 33A of the Act allows a complaint only if section 33 had been contravened by the employer. As there has been no such violation, the complaint under section 33A, it is obvious, is not maintainable. Not only there was no such violation but, on the other hand, the opposite party made application under section 33 seeking permission from the Tribunal to dismiss the petitioner. The fact of delay in making the said application would not by itself constitute a violation. The foundation for a complaint under section 33A is a "contravention" of section 33 and there cannot be a contravention of that provision when the employer applied for permission.

On merits too, on the facts and the circumstances as disclosed, I find nothing to impugn the action of the management. The question for consideration would be whether the case falls within any of the exceptions mentioned in Buckingham & Carnatic Mills, Ltd. In the case before me, there is no question of want of *bona fides*, victimisation or unfair labour practice or violation of the principles of natural justice nor does any basic error of fact arise. Of course the application under section 33 was not earlier presented, but it appears that it was unintentional. The evidence shows that the officer of the opposite party Hotel who was dealing with these cases was away from the station in connection with the Hotel duties. Neither in the complaint nor in his evidence the petitioner could suggest any unfair motive on the part of the opposite party Hotel. It, therefore, appears that the action of the opposite party was not actuated by an indirect motive or want of good faith but was the result of the requirement of the situation. In this view of the matter, I am of opinion that the complaint must fail both on preliminary ground and on merits.

It is awarded accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. National Tobacco Company, Ltd., Agarpara, 24-Parganas, and one of their employees, Shri Suresh Chandra Sarkar, represented by National Tobacco Company Employees' Union, Nilgunj Road, P. O. Kamarhatty, 24-Parganas (Case No. VIII-239 of 1955).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, NEW SECRETARIAT BUILDINGS, THIRD FLOOR, CALCUTTA

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company: Shri Sankar Ghosh, Bar.-at-law.

For the Union: Shri Jiten Banerjee.

The reference made by the Government of West Bengal, Labour Department, by order No. 3574Dis./D/11L-79(c)/55, dated Calcutta, the 4th August 1955, and subsequent corrigendum No. 916Dis./D/11L-79(c)/55, dated Calcutta, the 7th March 1956, relates to a dispute between Messrs. National Tobacco Company, Ltd., and one of their employees Shri Suresh Chandra Sarkar arising out of the dismissal of the said employee.

Schedule

Is the dismissal of Shri Suresh Chandra Sarkar justified? To what relief by way of reinstatement and/or compensation is he entitled?

The employee's grievance is that he was rendering meritorious service but had the misfortune to incur the ill-will of the chemist Shri S. B. Dhar on account of his not rendering a personal service required by Shri Dhar. On the plea that reorganisation was necessary Shri Suresh Chandra Sarkar was served with a notice of discharge on 31st October 1952. As a matter of fact this action was taken not for the purpose of reorganisation but because he had fallen out of favour. This is a glaring instance of victimisation and unfair labour practice.

The Company took a preliminary objection that this is not an industrial dispute and hence the Tribunal has no jurisdiction to enter into an adjudication of the issue by the Government. It is also urged that there was no pre-existing dispute at the time of termination of service of this employee and

hence he was not a workman as defined in the Industrial Disputes Act. On the merits the Company's case is that in the year 1952, the Company's business had suffered a set-back. There was diminution of the volume of work. Retrenchment was accordingly indispensibly necessary. There was no sufficient work to keep this employee engaged. Notice of discharge was accordingly served on him for retrenchment. Regarding the allegation that on account of his failure to render personal service to the chemist he had incurred the displeasure of the chemist and the Factory Manager, the Company's case is that it was part of the duty of the employee to purchase railway ticket for the Company's employees. He had failed to do what was his ordinary duty and was reprimanded for disobedience of order by the Factory Manager. There was however no action taken against him. It is a figment of his imagination that he has been victimised for failure to purchase railway ticket for the chemist. In view of the legal objection taken, an additional issue is framed in the following terms:—

Issue No. 2.—Is the dispute an industrial one which the Tribunal is competent to adjudicate upon?

Issue No. 2.—At the date of the reference the dispute was between Messrs. National Tobacco Co., Ltd., and an individual worker who was engaged in single combat with the Company. The other employees of the Company were not interested in the dispute and had taken no part therein. No union or association had espoused the cause of this employee Shri Suresh Chandra Sarkar who was fighting his own cause single-handed. This Tribunal has held that an individual dispute of this type is not an industrial dispute (*vide* 1956, 1, L.L.J., page 138, and 1956, 1.L.L.J., page 356).

The order of reference was amended by Government order No. 916Dis./D/11L-79(c)/55, dated the 7th March 1956. The employee was described as represented by National Tobacco Company Employees' Union. The question has arisen whether by this amendment the dispute has been converted into an industrial dispute. On other occasions I had to consider the effect of amendment of this nature. Two awards passed by me on this subject are published in the *Calcutta Gazette*, dated the 26th April 1956, at page 472 and June 7, 1956, at page 2156. Broadly speaking, my view on the point at issue is that Government can amend an order of reference to correct clerical errors or make good omissions and oversight. When the ground of amendment is some development taking place after the date of the reference when the Tribunal is in seisin, the Government is not the authority to make alterations. On the date of reference an individual employee was agitating for redress of his grievances. If during the pendency of the proceeding before the Tribunal he managed to persuade any Union to conduct his case, that would not create any occasion for amendment of the reference. It is entirely for the Tribunal to consider if such intervention will have any effect upon the proceeding started on the reference as made. Even if it is conceded that the cause of the employee being taken up by a trade union, the dispute is transformed into an industrial dispute, the employee concerned secures no advancement of his interest inasmuch as the dispute so converted was not before the Tribunal on the reference made by Government. The conversion cannot be made to be operative from the date of the original reference.

On behalf of the employee an argument was pressed that the case of Shri Santosh Bhattacherjee dealt with by the Tribunal on the earlier occasion stands on a different footing from the present one inasmuch as the Union which came to the aid of Sj. Bhattacherjee was of an alien character, whereas in the instant case the Union is a body representing the workers of Messrs. National Tobacco Company. I do not think that this distinction makes any difference. In the first place, I have taken the view that the Government

has no power to make this sort of amendment and secondly that the amendment would not relate back to the date of the order of reference.

A marked line of distinction has been drawn between a Union merely helping an employee, who, it thinks, should be helped and its taking up his cause as one which affects the general body of workmen and adopting it as its own. The distinction has been emphasised in the case reported in 1955, 2, L.L.J., page 477. If a Union merely renders assistance to an employee without actually making the question an issue between itself and the employer it remains an individual dispute. The Tribunal has therefore to take stock of events that has happened since the date of the reference. The learned spokesman for the employee produced before me a letter addressed by the employee to the Assistant Labour Commissioner which I have marked X. In this letter Shrijut Sarkar stated that he did not desire to represent the case by himself. He had therefore authorised the Assistant Secretary, National Tobacco Employees' Union, to represent the case, on his behalf, adding that he would also be present with him for the purpose. It was further stated that it was difficult on his part to represent the case himself without co-operation and help of the Union. The letter addressed by the Assistant Secretary of the National Tobacco Co., Ltd., Employees' Union to Assistant Labour Commissioner on 23rd January 1956 has been found in the file of the Labour Department called for by the Tribunal. The letter is reproduced below:

THE ASSISTANT LABOUR COMMISSIONER, MURGIMOHAL,
BARRACKPORE,

Dated 23rd January 1956.

DEAR SIR,

We thank you for your order No. 3574Dis./D/11L-79-55, dated 4th August 1955, referring the dispute between Messrs. National Tobacco Co. of India, Ltd., Agarpara, 24-Parganas, and Shri Suresh Chandra Sarkar, 9 Pituri Ghat Road, Kamarhatty, 24-Parganas, to the Sixth Industrial Tribunal.

In this connection we desire to inform you that Shri Suresh Chandra Sarkar is now represented by the National Tobacco Employees' Union and would therefore request you to issue an amended order of reference quoted below:

National Tobacco Co., of India Ltd.,
Agarpara, 24-Parganas

versus

Suresh Chandra Sarkar, represented
by National Tobacco Employees'
Union, Kamarhatty, 24-Parganas.

We would like to apprise you that this amendment is essential to put an effective defence.

Please do the needful as early as possible.

Yours faithfully,
Sk. KHALIL, Asstt. Secretary,
National Tobacco Employees' Union.
23-1-56.

The letter read in conjunction with Shri Suresh Chandra Sarkar's letter to the Union makes it abundantly clear that the Union was persuaded to take up the cudgels on behalf of the employee to conduct the case before the

Tribunal. The representation was not of any wider range. The Union did not adopt the cause as its own and turn the dispute into a collective dispute. This sort of representation is not equivalent to espousal of the cause as contemplated in the case reported above. The Union did not make the employee's cause its own in the sense that it considered the interests involved of general importance desiring its active support in furtherance of its policy and the creed it has undertaken to uphold and propagate. In the result I hold that the individual dispute has not been converted into an industrial dispute. It was an individual dispute at its origin and remains so even though for purposes of representation before the Tribunal, the Union has entered the arena of conflict.

The learned Counsel also dwelt upon the question whether a discharged or dismissed employee would be a workman as defined in the Act if there be no pre-existing dispute. The matter is highly controversial. I do not think it necessary to start an investigation of the question since on the other point dealt with above the conclusion follows that the dispute is an individual dispute and as such outside the jurisdiction of the Tribunal.

Having no jurisdiction to adjudicate upon the issue referred by the Government, I do not find it necessary to enter into a discussion on the merits.

This is my award.

AWARD

This is a complaint filed by the above workmen under section 33A of the Industrial Disputes Act against their employers. The original reference, out of which this complaint has arisen, was made under Government order No. 4045Dis./D/11L-53/55, dated 31st August 1955.

The petitioners' case is that during the pendency of the original reference before this Tribunal, the Opposite Party continued lay-off of the petitioners without the permission of the Tribunal, and thus section 33 of the Act was contravened. Accordingly, the petitioners prayed for payment of full wages for the period of lay-off, that is from 31st August 1955 to 4th September 1955.

The application was resisted by the Opposite Party. It denied that there was any violation of section 33 of the Act, and contended that the application was not maintainable. According to the Opposite Party, such lay-off was a condition of service.

I do not like to enter into the details or merits of the case, as on the date of hearing the Joint Secretary of the Empire Bone Mills Mazdoor Union filed a petition as per Annexure before the Tribunal that the petitioners for reasons stated therein wanted leave to withdraw the application under section 33A. The Opposite Party's representative also stated that he had no objection, if the Tribunal allowed the application to be withdrawn. In the circumstances, I find no reason as to why I shall not allow withdrawal of the application as prayed for. So, the application under section 33A of the Act is allowed to be withdrawn. I make no order for costs.

The case is disposed of accordingly.

For the Opposite Party: Shri N. M. Das Gupta, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by workmen Shri Subal Chandra Guha and Shri Kanai Lal Mukherjee. They complained that during the pendency of the adjudication proceedings in respect of the industrial dispute between the opposite party Company and their workmen when they attended the Tribunal on 24th January 1956 in connection with the said proceedings, the opposite party Company refused to pay wages for the said day and thus contravened the provisions of section 33.

The opposite party Company denied having contravened the provisions of section 33 and pleaded that as the workmen did not obtain permission from the opposite party Company to attend the Tribunal on 24th January 1956, they were treated as having absented from work in an unauthorised maner and accordingly they were refused wages for that date.

DECISION

On 1st June 1956 when the case came up for hearing, the parties filed a joint petition of compromise. The workmen undertook to apply for leave in such cases beforehand in future. In the circumstances the opposite party Company agreed to pay wages to them for 24th January 1956. The terms are fair. I accordingly accept the petition of compromise and make my award in terms thereof. The petition of compromise is made part of the award.

The case presented on behalf of the workers is that during the pendency of a reference proceeding, the Management applied under section 33 of the Industrial Disputes Act for permission to dismiss 67 workers. The workers also made a petition under section 33A of the Industrial Disputes

Act. The applications were heard by the Second Industrial Tribunal. Permission was granted to dismiss three workers and with regard to the rest the application made by the Management was rejected. The application under section 33A was allowed. Appeals were preferred against the orders made by the Tribunal. The Appellate Tribunal upheld the order granting permission to dismiss three workers and also the order refusing permission with regard to the rest. The award under section 33A was set aside as the application was found to be unsustainable. Thereafter the Management issued charge-sheets and gave intimation to the workers that a fresh enquiry would be held. Ultimately 64 workmen were dismissed. According to the workers the dismissal of these persons was illegal, *mala fide* and against all principles of natural justice. They are entitled to reinstatement with back wages and compensation. There was a further demand for compensation for non-implementation of the awards of the Tribunals aforesaid.

The Company in its written statement traced the history of the trouble. During the pendency of a reference the workers had, according to the Company, struck work on 6th October 1953 at 9-15 a.m. They also formed a cordon round the acting Working Manager Mr. D. Cruz and kept him confined within a narrow space. The strikers behaved in such a lawless manner and were so disorderly that the Management had to summon police help to save the situation. Mr. D. Cruz was rescued by the police from the clutches of the strikers. As the workers did not listen to reason and go back to resume their duties the Company was forced to declare a lock-out. Application was thereafter made for permission to dismiss 67 workers. The Tribunal granted permission to dismiss three of them and rejected the prayer so far as the others were concerned. An application made by the workers under section 33A was allowed. On appeal the award under section 33A was set aside. The orders passed under section 33 were confirmed. Thereafter when no ban was in operation the Management issued charge-sheets and notices that enquiry would be held on appointed dates and hours. Some of the workers appeared at the enquiry but the majority kept away. On enquiry the authorities were satisfied that the charges were established and orders of dismissal were accordingly made which were fully warranted. The workers under reference are not entitled to any relief.

Issue No. 1.—Ext. 1 is the order passed by the Second Industrial Tribunal on the applications made by the Company under section 33. Three workers, viz., Subhas Roy, Madhusudan Routh, and Bimal Ghose were found to have wrongfully confined Mr. D. Cruz within the factory premises for a fairly long time. The Tribunal granted permission to dismiss these three men but with regard to the rest the evidence was not considered convincing. Permission to dismiss the others was refused as there was reasonable doubt regarding their complicity in the incident. Ext. 1(b) is the Appellate order. Their Lordships held that the Management did not hold a proper enquiry in the presence of the persons concerned. The materials on record were accordingly scrutinised in order to reach a finding whether the charges had been substantiated. Their Lordships recorded their agreement with the finding of the Tribunal of first instance that the allegation against the 64 workers had not been made out. In this view they confirmed the order passed by the State Tribunal. On behalf of the workers it has been strenuously urged that in view of the finding of the State Tribunal which was affirmed by the Appellate Tribunal, the Management had no right to institute a fresh enquiry in respect of the same incidents and take action against persons deemed to

be guilty. The spokesman for the workers submitted an argument that the findings have the force of *res judicata* and this Tribunal cannot constitute itself a Court of Appeal, as it were, to reconsider the same matter. In the first place I may point out that an enquiry under section 33 is of a summary character. The jurisdiction of the Tribunal is limited to granting or refusing permission to the employer to take action. What is material is the order and not the reasons leading up to the same. In a case where permission is granted the effect thereof is not to validate the changes brought about by the employer. What happens is that the ban imposed by the Legislature upon the right of the employer to take disciplinary action against the employees is removed on permission being granted. Findings reached in such a summary proceeding can have no finality and cannot debar a Tribunal dealing with a reference under section 10(1) from going into the matter unfettered by the conclusions arrived at in the summary proceeding. It has been held that orders under section 33 are not awards. The learned spokesman for the workers referred to awards made by Shri P. R. Mookherjee published in the *Calcutta Gazette*, under notification No. 4014Lab., dated 24th July 1950, and by Shri M. C. Banerjee under notification No. 1716Lab., dated 6th April 1950, in support of his contention that though the principle of *res judicata* is not directly applicable a principle analogous to it is applicable. He seems to have overlooked that the applicability of the principle was considered in relation to awards. The position is now entirely different since in the present case the order arose out of a proceeding started under section 33 of the Act. Since no award is passed in proceedings of this nature, the question of the applicability of a principle analogous to the principle of *res judicata* cannot arise.

The State Tribunal did not hold the charges disproved. There was in its view reasonable doubt. The Appellate Tribunal did not go any further. The sum and substance therefore is that the charges framed against the others were not proved not that they were disproved. In this view I cannot sustain the plea that the same question could not be reopened by the Management for purposes of a fresh enquiry. Both the State Tribunal and the Appellate Tribunal pointed out that the enquiry held by the Management was not in accordance with the principles of natural justice. Notices were not given and the persons concerned were denied the elementary right to defend themselves. The Management had therefore the right to remedy the defects and start afresh observing the formalities which would make it fool-proof. In my view the Management did not assume a right not available to it in embarking upon a fresh enquiry. Admittedly all barriers were down by 29th March 1955. There was nothing to prevent the Management from awarding punishment upon the employees for any misconduct. By the date mentioned above no proceedings were pending to act as a clog on the rights of the Company. Charge-sheets in form as per Ext. A were issued afresh. Ext. A(1) is the form in which notices were issued under registered post. Ext. B series are the postal receipts. It appears that 23 persons were not found at the recorded address. Six persons had refused to accept the registered notices. Out of the reminder one Haroo Halder appeared at the enquiry and pleaded guilty, as will appear from the enquiry report Ext. G (pages 3-4). Sixteen others serial numbers (2), (8), (11), (12), (15), (17), (18), (36), (42), (44), (53), (57), (58), (60), (61) and (62) in the list of workers attached to the Order of Reference tendered resignation voluntarily and left. The case of these 16 persons need not hence be considerd.

As Haroo Halder had pleaded guilty, his dismissal is upheld as justified.

The 23 persons bearing serial numbers (1), (3), (4), (5), (9), (13), (14), (16), (20), (22), (25), (26), (34), (40), (41), (45), (46), (48), (49), (50), (54), (56) and (59) who have not been served with notices could not be dismissed. On behalf of the Company the learned Advocate pressed the argument that notices being returned unserved the Company had written to the Secretary of the Union the letter Ext. E, asking for the present address of those people. The Secretary of the Union vouchsafed no reply. The Company could not therefore take any further steps to give notice to them. The learned Advocate appeared to have the notion that the Company having done everything in its power, non-service of notice on those workers could be overlooked. I am afraid he has taken an erroneous view. The Company might have sent the notices to the Union Secretary for circulation to the absentees. The notices not having been served the position remains the same as at the time the State Tribunal dealt with the matter on the application under section 33. It was pointed out that according to the Standing Order of the Company, notice might be given by affixture on the notice board of the factory. It should be borne in mind that the Company had declared a lock-out. The workers had no access to the factory during the lock-out period. The Works Manager addressed a letter to the Secretary of the Union on the 25th April 1955 (Ext. 2d), that any workman in respect of whom enquiry would be held would be treated as a trespasser and severe action would be taken against him if he entered the factory without permission. Practically the workers who had not capitulated and rejoined after tendering apology had no means of access to the factory. The notice in the notice board could not hence serve any useful purpose so far as they were concerned. In my view therefore service by affixture in the notice board was of no avail. The 23 persons must hence be held to have been wrongfully dismissed. In regard to the rest, barring of course the 16 men who had voluntarily resigned, the action of the Company cannot but be justified as there was evidence recorded by the enquiring officer on the basis of which he could take the view that they were guilty of the charges framed. It has been held that if there is evidence to support the action of the Management, the Tribunal will not substitute its own judgment for that of the Management. Mr. Dungee, O.P.W. 1, had held the enquiry. Ext G is the record of the proceeding. He examined Mr. D. Cruz as witness. Evidence was taken regarding the identity of the persons who had participated in the strike and molestation of Mr. D. Cruz. No bias or ill-will was attributed to the Management. In the written statement no case was suggested that the Management was inspired by any vindictive motive. Since there was evidence and it was a possible view, the Tribunal must accept the finding and hold that the dismissal of those workers was justified.

The men wrongfully dismissed must be reinstated within 15 days from the date of the publication of the award in the *Calcutta Gazette*. There was an illegal strike. The work was completely suspended. The Company had issued one notice after another, calling upon the workers to go back to their duties but no one paid heed. There is nothing to show that the persons who are about to be reinstated had evinced any inclination to follow a different line of action from the rest. Out of sympathy or for some other reasons they had also abstained from resuming duty. The Management was forced to declare a lock-out. It would not therefore be just and proper to allow these workers any wages or compensation.

Issue No. 2.—The strike, dated 6th October 1953, was illegal as at that time a reference proceeding was pending. The lock-out declared by the Company was fully justified. The strikers had taken up a belligerent attitude and had actually kept the acting Working Manager confined till

he was rescued late in the afternoon by the police. No compensation can legitimately be claimed for the period of enforced idleness from 6th October 1953. The applications under section 33 were finally disposed of by the Appellate Tribunal on 29th March 1955. As permission to dismiss these men was refused, they are to be treated as continuing in service. The correspondence Ext. 2 (series) shows that the Union tried to persuade the Company to readmit the workers to their respective posts. Ext. 2 is a letter, dated 30th March 1955, in which the Assistant Secretary of the Union affirmed that on the same day the workers had presented themselves at the factory gate but they were not allowed admission. The Works Manager replied by letter Ext. 2(a) that some 15 men had congregated at the gate but did not report to the office. It was not possible to say whether they were workers or not. The Union had in the letter Ext. 2 enquired when the workers should be directed to report for duty. To this no reply was given. The workers who were wrongfully dismissed and kept out when they were ready to come back are entitled to recover their wages. I award them wages and dearness allowance, if any, with effect from 1st April 1955 up to the date of reinstatement. Payment must be made within 15 days from the date of publication of the award in the *Calcutta Gazette*.

Issue No. 3.—Shri Subhas Roy, Madhusudan Routh and Bimal Ghose were permitted by the State Tribunal to be dismissed. The order was confirmed on appeal. Company's prayer to dismiss 64 others were rejected both by the State Tribunal and the Appellate Tribunal. Neither the State Tribunal nor the Appellate Tribunal made any order upon the Company to do any positive act. The application under section 33A was allowed by the State Tribunal but the order was set aside on appeal [vide Ext. 1(d)] The application was held to be misconceived. As the order of the Appellate Tribunal in the matter of the application under section 33 was not directory and no duty was imposed upon the Company, there can be no question of implementation or non-implementation. No question of compensation can therefore arise.

Bhartia Electric Steel Co., Ltd., 8 Swinhoe Street, Ballygunge, Calcutta-19, and their workers represented by Bhartia Iron & Steel Workers' Union, 7/2A, Jamir Lane, Calcutta-19, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

ANNEXURE

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the Employees: Shri B. Majumder, President, and Shri J. Roy, Secretary of Bhartia Iron & Steel Workers' Union.

For the Company: Shri S. K. Asthana, Labour Adviser, Engineering Association of India.

The above industrial dispute regarding the matter specified below in the schedule to the order of reference was referred to this Tribunal for its adjudication under Government of West Bengal, Labour Department, order No. 6141Dis./D/10L-119/55, dated 29th December 1955.

Schedule

Bonus for 1954.

AWARD

Both parties filed their written statements in the case. The Union which filed written statement on behalf of the workers, claimed 3 months' wages as bonus for the year 1954, over and above the customary bonus paid to workmen.

In a counter-statement, Messrs. Bhartia Electric Steel Co., Ltd. (hereinafter referred to as the Company) resisted the Union's demand, and contended *inter alia* that there was no surplus available after deducting all the prior charges from the trading results of the year, for which bonus was being claimed. The Company further stated that in spite of no surplus being available, it is a gesture of goodwill and with a view to obtain better labour-management relations, paid to the workmen a bonus equivalent to about 15 days' basic wages in 1954, and that it was unable to pay any further bonus in respect of the year ending 1954.

The case was fixed for hearing this day. But the parties instead of proceeding with the case, intimated that the dispute was amicably settled. A petition of compromise embodying the terms of settlement appearing in Appendices was thereafter filed. The terms of settlement relating to bonus for the year 1954, which is the subject-matter of the present reference appear to be fair and reasonable, and as such they are accepted. Accordingly, an award is passed in terms thereof. The petition of compromise, so far as it relates to the question of bonus for the year 1954, do form part of this award.

Short recital of the dispute

The decision of the Labour Appellate Tribunal in 1953 bonus dispute was pronounced on the 5th April 1956. The issue of bonus for 1954 has been pending for adjudication before the Second Industrial Tribunal (*vide* Government of West Bengal's order of reference No. 6141Dis./D/10L-119/56, dated 29th December 1955). Other issues pending settlement are bonus for the year 1955, disposal of surplus rolling mill men at the Ballygunge Works in view of the setting up of a new rolling mill at Khardah, reclassification of the unskilled, semi-skilled and skilled workmen, revision of standing orders and revision of piece-rates, etc.

Terms of Settlement

Both parties being desirous of settlement of all the abovementioned disputes have arrived at a settlement and the terms of settlement between the parties are stated hereunder.

(1) *Bonus.*—(i) The Company shall pay and the workmen shall accept in full and final settlement of all their claims in respect of bonus for the financial year 1954 a payment equivalent to 39 days' basic wages for the daily-rated workmen and 45 days' basic wages for the monthly-rated workmen based on an actual attendance period of 270 days in the calendar year exclusive of Sundays, Festival holidays and other leave. For attendance for less than 270 days, proportionate reduction will be made. The advance payment or payments already made shall be adjusted against the above payment.

(ii) The Company shall pay and the workmen shall accept in full and final settlement of all their claims in respect of bonus for the financial year 1955 a payment equivalent to 42 days' basic wages for the daily-rated workmen and 45 days' basic wages for the monthly-rated workmen based on an actual attendance period of 270 days in the calendar year exclusive of Sundays, Festival holidays and other leave. For attendance for less than 270 days, proportionate reduction will be made. The advance payment or payments already made shall be adjusted against the above payment.

(iii) All monies in respect of bonus for both the years, i.e., 1954 and 1955 shall become payable within 4 weeks from the date of the recording of these terms with the Second Industrial Tribunal and on the Tribunal approving accordingly in respect of the year 1954.

(iv) Bonus in respect of both the years shall be payable to the permanent workmen only, that is to say, workers employed at the Khardah Works for plant construction who are being paid weekly now will not be entitled to any bonus payment.

(2) *Surplus rolling mill men at Ballygunge Works.*—It is understood that the rolling mill operations at Ballygunge Works have to be closed down on account of the setting up of a new rolling mill plant at Khardah Works with up-to-date plant and machinery. After the men required permanently for rolling mills work have been transferred to the Khardah Works, a large number of men will be rendered surplus to requirement. In respect of these surplus men, it is agreed:

(i) That none of these persons shall be retrenched on account of being surplus due to the transfer of rolling mills operation from Ballygunge to Khardah.

(ii) That the men who are not transferred to Khardah will be absorbed in other jobs in other departments in Ballygunge Factory.

(iii) That the workmen concerned will accept such other jobs as may be offered to them by the Company.

(iv) That the existing wages rates of the surplus men will remain unaltered.

(v) That where other jobs are offered to the surplus men, reasonable opportunity will be given to them to learn the new jobs, so as to enable them to acquire the requisite skill for that job.

(vi) That should the workmen concerned fail to acquire the requisite skill for the other jobs offered within a reasonable period, such workmen may be ultimately declared surplus and retrenched.

(vii) That the surplus men will be transferred to Khardah in future if the Company should require their services at the Khardah Works in future.

(viii) That such of the workmen who do not prefer to be absorbed in other departments of the Company in other jobs will be retrenched and paid retrenchment compensation in terms of the Industrial Disputes Act. The option to be retrenched must, however, be exercised at the latest by 25th June 1956 by written intimation to the Personnel Officer in this behalf. In the event of retrenchment, compensation will be paid for the service period on and from 1st January 1949.

(ix) That the terms agreed upon in clauses (i) to (viii) above shall come into force immediately on the signing of this Agreement.

(3) *Reclassification of unskilled, semi-skilled and skilled workmen.*—(i) It is agreed that there is need for the introduction of trade tests and standardization of occupational nomenclature on the basis of which the workmen may be properly classified; but since this matter is of a general nature, it may be taken up on an industry-basis. The Union, therefore, agrees to withdraw this issue which is at present pending before the Labour Commissioner.

(ii) The Company agrees to look into the alleged specific cases of anomalies in the existing wage rates in the light of the 1948 Engineering Tribunal Award and rectify them, if considered reasonable.

(4) *Individual disputes.*—It is agreed that the services of the following workmen may be dispensed with on payment of 15 days' average wages for each year of completed service since 1st January 1949 and 1 month notice or pay in lieu thereof:—

after 6 months from the date of signing of this Agreement. Similarly, after expiry of 6 months from the date of this Agreement, the Company can also retire workmen under the terms of the said standing orders without compensation.

(6) *Piece-rates.*—(i) It is agreed—

(a) that the existing basic wages for the piece-rate workers will be retained in accordance with the existing system and will not be altered;

(b) that the Company would look into the specific instances in which reduction of rates is alleged and restore the old rates, if considered reasonable.

(7) *Incentive bonus for rolling mills at Khardah.*—It is agreed that after the Khardah plant is fully installed and comes into full production, a suitable incentive scheme or schemes will be worked out so as to cover all production personnel including mazdoors.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. National Sheet & Metal Works, Ltd., 36A Sahitya Parisad Street, Calcutta, and their workmen represented by National Sheet & Metal Mazdur Union, 4 Jagadish Nath Roy Lane, Calcutta-6.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances:

For the employees: Shri Rajani Mukherjee, Vice-President, Hind Mazdoor Sabha.

For the Company: Shri N. M. Das Gupta, Advocate.

The Government of West Bengal, Labour Department, by its order No. 6173Dis./D/10L-125/55, dated 20th December 1955, has referred the aforesaid dispute regarding the matter mentioned in the schedule below to this Tribunal for its adjudication.

The issues as contained in the schedule to the order of reference stand as follows:—

Whether the existing rates of wages are in accordance with the Major Engineering Tribunal Awards?

If not, in what way they should be improved?

AWARD

The case for the Union in short is that the National Sheet & Metal Works, Ltd., is at present a very prosperous concern. It has been making steady and continuous progress in all directions since the Second World War broke out, and has made great financial strides. But unfortunately, this Company pays much lower wage and dearness allowance to its workers. Naturally, the workers became extremely dissatisfied. In October 1953, the workers through their Union demanded revision of their wages and dearness allowance with effect from 1st October 1953 in terms of the level fixed by the Engineering Industrial Tribunals. The matter was referred to the Conciliation Officer, Labour Directorate. Though in course of

conciliation proceedings, the Company at the suggestion of the Conciliation Officer at first agreed to introduce minimum wage scale inclusive of dearness allowance at Rs. 61, which was the minimum scale for unskilled workers awarded by the Major Engineering Tribunal, it subsequently declined to do this. Further conciliation proceedings were then held, but due to the attitude of the Company no amicable settlement could be arrived at. At last, it was referred to the Tribunal for adjudication. As the wages given by the Company are extremely inadequate and cannot provide most of the workers with the barest necessities of life, the Union prayed that the wages and dearness allowance of the workers must be revised, at least in terms of the Major Engineering Tribunal Award with regard to unskilled and semi-skilled workers, and for the skilled, highly skilled and special grade workers, the basic wages should be Rs. 60—100, Rs. 100—150 and Rs. 150—250, respectively.

Messrs. National Sheet & Metal Works, Ltd. (hereinafter called the Company) contends that it never agreed to introduce minimum wage scale inclusive of dearness allowance at Rs. 61. It did not also agree to any terms before the Conciliation Officer, but due to insistence of the Union, the said Conciliation Officer made some recommendations, which could not be accepted by the Company. The Company expressed its inability to pay according to the recommendations accepted by the Union. The Company is not in a position to give any increase in wages, or to fix any pay scale in view of its unstable financial condition. So, it should not be saddled with the rates of wages as per Major Engineering Tribunal Awards, considering its status and capacity to pay. It stated further that the minimum basic wages of the unskilled workers of this Company has been fixed by the Tribunal at Rs. 30, and the Company has been following the same. Furthermore, this Company has given increases in wages from time to time, and the basic wages of unskilled workers and semi-skilled workers are in conformity with the Major Engineering Tribunal Awards, which fixed such minimum basic wages at Rs. 30 and Rs. 35, respectively, for unskilled and semi-skilled workers. As regards skilled workers, highly skilled workers and special grade workers, the Major Engineering Tribunal Award did not fix basic wages for them. It further contended that dearness allowance should be treated as outside the scope of adjudication, because this would be evident from the pleadings of the Union and also from the issue as contained in the schedule to the order of reference. Finally, the Company said that in view of its financial position which was bad and unsatisfactory and owing to depression in business, it was not in a position to bear any further increase in wages, or to make payment of dearness allowance at the rate fixed by the Major Engineering Tribunal Award of 1950.

DECISION

At the very outset, I would like to dispose of a point that has been raised before the Tribunal on behalf of the Company. Learned advocate appearing on behalf of the Company has argued that the question of dearness allowance should be treated as outside the scope of adjudication in the present dispute. He has invited my attention in this respect to the pleadings of the Union and also to the issue as contained in the schedule to the order of the present reference. He has further drawn my attention to Ext. 2—charter of demands placed before the Labour Officer by the Union and also to Ext. 3—a letter addressed by the Director of the Company to the Assistant Labour Commissioner. Relying on these documents, he has voiced an argument that dearness allowance was a separate item, which was and has been kept distinct all along from the wages,

rather the basic wages, and that as the present reference was in respect of wages alone, the question whether or not there should be any increase in the existing dearness allowance of the workers, was beyond the scope of the present reference. He has further contended that the wording of the issue as contained in the schedule, clearly excluded the adjudication of the question of dearness allowance. I have perused the relevant documents, and have given my careful and anxious consideration to the arguments put forward by the learned advocate of the Company. But I must say that I am unable to accept the interpretation he wanted to make. The issue as contained in the schedule to the order of reference is as follows:—

"Whether the existing rates of wages are in accordance with the Major Engineering Tribunal Awards?"

"Wages" has been defined in section 2(rr) of the Industrial Disputes Act, 1947. The definition of wages is that it means all remunerations capable of being expressed in terms of money.....and includes such allowance (including dearness allowance) as the workman is for the time being entitled to. So, the plain language of the definition of wages indicates that it includes dearness allowance. It being so, I have no doubt or hesitation in saying that in the issue as mentioned in the schedule to the order of reference, the word "wages" includes also dearness allowance. Accordingly, this Tribunal has the right and jurisdiction to enter into the question of dearness allowance also in determining the question whether the existing rates of wages are in accordance with the Major Engineering Tribunal Awards.

Now let me enter into the merits of the case. Admittedly, the present Company is an Engineering concern. It is a fact no doubt that this Company was not a party to the Major Engineering Tribunal. But this fact by itself does not matter much. The awards of the Major Engineering Tribunal can certainly be used as guide for determining what the wages should be for the workers of an Engineering concern. In fact, those awards help us as guide in the matters dealt with thereunder. For that purpose, the *ratio decidendi* of those awards is of great importance. It is up to this Tribunal to decide, whether or not such wages as fixed by the Major Engineering Tribunal Awards including dearness allowance should be given to the workers of the present Company. This Company gives dearness allowance at the flat rate of Rs. 30 to all its workers. This is not in conformity with the Major Engineering Tribunal Awards. Regarding wages, I, however, find that this Company gives minimum basic wages as prescribed by the Major Engineering Tribunal for unskilled and skilled workers. The Major Engineering Tribunal fixed the minimum basic wage for the unskilled workers at Rs. 30 per month or Re. 1-2-6 per day, and that of the semi-skilled workers at Rs.. 35 per month or Re. 1-5-6 per day. This Company has been giving such minimum basic wages to its unskilled and semi-skilled workers. The charts which have been filed by both parties show that the minimum basic wages as stated above, do not fall short of the minimum wages as prescribed by the Major Engineering Tribunal in case of unskilled and semi-skilled workers of the present Company. That being so, I do not think any interference is called for so far as the question of basic wages of the unskilled and semi-skilled workers is concerned. Regarding skilled workers, highly skilled workers and special grade workers, the Major Engineering Tribunal did not fix any minimum basic wage, but it left the matter with the Management of the different concerns with its recommendation that there should be some increments in their pay. In the present dispute, the Union did not produce any such material which justified any increment in the pay of these workers. So, any increment in the basic wages of skilled workers,

highly skilled workers and special grade workers of the present Company, cannot be entertained or gone into. The bone of contention of the Union is that the cost of living has gone up. Even if it is accepted to be so, it does not support the Union's contention for justifying any increment in the wages of all the workers—unskilled, semi-skilled, skilled, highly skilled and special grade workers—as demanded in this case. It may be stated further that a rise of the cost of living index *prima facie* supports a case for revision of the dearness allowance, and not of basic wages. The introduction of the Compulsory Provident Fund Scheme and the State Insurance Fund for the workers has given much-needed relief to the workers, and the contributions coming therefrom are to be treated as additions to their wages. Hence, judging by all the available standards, the basic wages which are given at present to the workmen of this Company, cannot be said to be below the minimum or otherwise inadequate. So, the Tribunal holds that the demand for ad hoc increments over the existing rates of basic wages is neither justified nor expedient and proper, specially in view of the financial position of the Company as appearing from Ext. 3(b). Furthermore, it appears that there are no grades with fixed scales of increment for the workers in this Company. Ad hoc increments can only be granted if the two conditions are fulfilled, namely (*i*) there are certain grades and (*ii*) time scales of pay. In the present case, both these conditions are absent. So, no increment in the basic wages would be proper in the circumstances of the case. So, to be precise, the Tribunal holds that the existing rates of basic wages given to the workers of this Company are in accordance with the Major Engineering Tribunal Awards, and that it being so, they need no improvement or revision. Regarding dearness allowance, I have already observed that this Company gives dearness allowance at the flat rate of Rs. 30 to all its workers, which is not in conformity with the Major Engineering Tribunal Awards. The First Major Engineering Tribunal by its award, dated 4th June 1948, fixed dearness allowance for all categories of workmen under the Engineering firms at the following scale:—

Pay Range	Dearness allowance. Rs.
Up to Rs. 50	... 25
From Rs. 51 to Rs. 100	... 35
From Rs. 101 to Rs. 150	... 40
From Rs. 151 to Rs. 200	... 45
From Rs. 201 and above	... 50

The subsequent Major Engineering Tribunal by its award as published in the *Calcutta Gazette* on 21st September 1950 modified the award of 1948, and recommended dearness allowance for all categories of workmen in the Engineering firms as below:—

Basic Pay Range.	Dearness allowance Rs.
Up to Rs. 50	... 31
From Rs. 51 to Rs. 100	... 42
From Rs. 101 to Rs. 150	... 48
From Rs. 151 to Rs. 200	... 54
From Rs. 201 upwards	... 60

From what has been stated above, it is crystal clear that the dearness allowance, which this Company has been paying to its workers, is lesser than the dearness allowance admissible according to the awards of the Engineering Tribunal as aforesaid. The Company contends that it has no capacity to bear additional burden. It is urged on behalf of the Company that it is rather a small concern, and its financial position is bad and unsatisfactory, and that in the circumstances, the dearness allowance as fixed in the awards of the Major Engineering Tribunal should not be applied to it. The resources of this Company are meagre. From Ext. 3(b)—a chart showing the statement of the Company's financial position—it will be evident that the net profit after sales and payment of wages, has been gradually going down. In 1951-52 it was Rs. 25,204, but in 1954-55 it has come down to Rs. 11,088. Less than 200 workers are employed in this Company. Taking this financial stability and ability of this Company into consideration, it will not be just and proper if this Company be asked to implement fully the Major Engineering Tribunal Awards regarding dearness allowance as awarded by the aforesaid Tribunal. Accordingly, this Tribunal directs dearness allowance at the following scale:—

Basic Pay Range.	Dearness allowance. Rs.
Up to Rs. 50	... 31
From Rs. 51 to Rs. 100	... 36
From Rs. 101 to Rs. 150	... 41
From Rs. 151 to Rs. 200	... 45
From Rs. 201 upwards	... 50

Dearness allowance at the above rates is accordingly awarded to all the workers of this concern. The dearness allowance as fixed above, will be payable within one month of the award coming into operation. I give no retrospective effect in this respect.

In awarding the above dearness allowance, particularly at rates varying from Rs. 31 to Rs. 45, two important points which have emerged from the materials on record have also been taken into consideration. One is that the Union agreed to such rates of dearness allowance before the Assistant Labour Commissioner, while conciliation proceedings were going on before him. The other is that the range of basic wages of almost all the workers of this concern with the exception of one or two falls within the limit of Rs. 200. I am mindful of the fact that by this award, a few workers, whose basic wages will be ultimately above Rs. 200 per month, will be getting dearness allowance at the rate of Rs. 50, a rate which will be higher than what was agreed to by the Union before the Assistant Labour Commissioner in the conciliation proceedings. But I do not think that the Union can be pinned down to what was agreed by it during the conciliation proceedings. It is true no doubt that the Union agreed to accept what was suggested by the Conciliation Officer regarding dearness allowance. But at the same time, the stubborn fact remains that the Company did not accept that suggestion. So, it cannot be said that there was any concluded agreement between the parties in this respect. The matter did not take any definite shape, rather it remained in a fluid stage. In the circumstances, the Union cannot be forced to limit its demand for dearness allowance to what was suggested by the Conciliation Officer and agreed by it.

An argument was made before me by the learned spokesman of the Union that some portion of the dearness allowance should be incorporated into the basic wages. In my view, this claim is untenable. I am fully alive to the fact that the trend of events leads one to think that the prices of commodities are never going to stabilise at the pre-war level. So, dearness allowance has got practically to stay. Under such circumstances, the claim for having at least a portion of it to be converted into basic wage, may not be unreasonable. But this move does not fetch more money into the pockets of the workers. It may affect one's contribution to the Provident Fund. It may affect his retiral benefit as gratuity. It may also have a bearing on the retrenchment relief. So, except for gratuity or bonus; incorporation of dearness allowance into the basic wage cannot be of much benefit to the workers. But whatever that might be, such incorporation of dearness allowance into the basic wage cannot be done in a stray and individual case before a Tribunal. It is desirable that it should be done on a higher level, so that the industries in general might be bound by such a provision. I do not think it advisable to allow any incorporation of dearness allowance into the basic wage in the present case, as it stands by itself. It has been represented to me that there is already a move in this direction. Let us only wait.

Now I give a summary below of my award. The existing rates of basic wages in this Company are in accordance with the Major Engineering Tribunal Awards, and as such the same need no revision or improvement. But the existing dearness allowance, which is part of the wages, is not in accordance with the Major Engineering Tribunal Awards, and as such it should be revised and improved for all categories of workmen as below:—

Basic Pay Range.	Dearness allowance. Rs.
Up to Rs. 50	... 31
From Rs. 51 to Rs. 100	... 36
From Rs. 101 to Rs. 150	... 41
From Rs. 151 to Rs. 200	... 45
From Rs. 201 upwards	... 50

The workers shall get dearness allowance as above within one month of the award coming into operation. No retrospective effect is given for the same.

This is my award.

ORDER

No. 2832Dis./D/11L-51/55.—28th June 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 2067Dis./D/11L-51/55, dated the 11th May 1955, the industrial dispute between Messrs. East India Rubber Works, Ltd., 3 Stark Road, Lillooah, Howrah, and their workers represented by East India Rubber Factory Mazdoor Union, 62/1 Madhab Babu Lane, Ghusury, Howrah, was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. East India Rubber Works, Ltd., 3 Stark Road, Lillooah, Howrah, and their workers represented by East India Rubber Factory Mazdoor Union, 62/1 Madhab Babu Lane, Ghusury, Howrah, referred under Government order No. 2067Dis./D/11L-51/55, dated the 11th May 1955.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

DR. B. K. BHATTACHARYA, M.A., LL.B., PH.D. (LONDON), BARRISTER-AT-LAW, *District Judge, Judge, Seventh Industrial Tribunal.*

Appearances:

For the Union: Shri M. M. Saha, Advocate, assisted by Shri H. L. Roy, Pleader.

For the Company: Shri S. K. Bose, Counsel, with Shri K. P. Mukherjee, Solicitor.

AWARD

Parties have filed a joint petition of compromise settling some of the points of dispute and not pressing other points, as mentioned in the petition itself.

The terms *prima facie* seem to be reasonable and fair. Since it was the Union which raised issue No. 12 relating to Gouranga Das, Ashit Baran Homray, Naba Kishore Samal and Satish Mondal and since in terms of paragraphs 16 and 19 of the petition of compromise this issue also does not seem to be pressed, the Tribunal does not wish that the matter may be pursued further at this stage. There is no reason why the petition of compromise should not be accepted. The dispute be settled accordingly in terms of the petition of compromise which do form a part of the Award.

This is the no-dispute Award of the Tribunal.

Typed to my dictation.

Judge.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is (*1*) to remove certain administrative difficulties and (*2*) to stop certain loopholes for evasion.

The reasons are explained in the notes on clauses appearing below.

Notes on Clauses.

Clause 2.

Sub-clause (*a*).—Extends the scope of the present definition of "contract" by including river-going vessel and aircraft so that the sale price of goods supplied in the execution of a contract to construct, overhaul or repair them may be prescribed under section 2(*h*)(*iv*).

Sub-clause (*b*).—It is a consequential amendment.

Clause 3.

Recently the High Court of Calcutta has decided in a case that under the law, as it is now, if during the pendency of a certificate case arising out of sales tax demand, such demand is in any way modified by a sales tax Appellate or Revisional authority, the original certificate proceedings will become void and fresh requisition will have to be filed in respect of such demand. This will not only make the future certificate procedure very much cumbrous but may make a large number of claims time-barred when the time for re-filing arises. This provision seeks to make it clear that such fresh requisition will not be necessary.

Clause 4.

Information about sales tax assessment cases cannot now be disclosed for the purposes of a suit or proceeding in a Civil Court or to any officer of Government for the purposes of this Act. In the absence of such information Law Officers of Government are handicapped in contesting applications under article 226 of the Constitution and in conducting prosecutions. Similarly, assessing officers are handicapped for their inability to refer to papers of other dealers for the purpose of cross-checking. The proposed amendment seeks to remove these two handicaps.

Clause 5.

The sales tax on textiles was being evaded through two loopholes:

(*1*) the exemption from registration of dealers importing less than Rs.10,000 a year, and

(*2*) the exemption from taxation of *dhoties*, *lungies* and *sarees* below certain price limits.

Most of the dealers avoided registration by arranging large imports in small consignments in the name of a number of fictitious or *benami* dealers. Those who were registered avoided taxation by showing fictitiously in their books that most of the sales were of items below the price limits. To stop this malpractice it was necessary to withdraw both types of exemption. The Legislature has already withdrawn the first exemption by enacting the Bengal Finance (Sales Tax) (Second Amendment) Act, 1955. Withdrawal of the second exemption required assent of the President and the consent of the Government of India was not so long available. The consent has since become available. This clause seeks to withdraw this exemption.

Member-in-charge.

GOVERNMENT OF INDIA

Ministry of Commerce and Industry

New Delhi, the 26th June 1956

ORDER

S.R.O. 1457/IDRA/18G/6/56.—Whereas it appears to the Central Government that for the purpose of securing the equitable distribution and availability at fair prices of cement, the supply and distribution of, and trade and commerce in, cement should be regulated;

Now, therefore, in exercise of the powers conferred by section 18G of the Industries (Development and Regulation) Act, 1951 (LXV of 1951), the Central Government hereby makes the following Order, namely:—

1. **Short title, extent and commencement.**—(1) This Order may be called the Cement Control Order, 1956.

(2) It extends to the whole of India except the State of Jammu and Kashmir.

(3) It shall come into force on the first day of July, 1956.

2. **Definitions.**—In this Order, unless the context otherwise requires,—

(*a*) "cement" means any variety of cement manufactured in India, and includes rapid hardening cement, but does not include water-proof cement and white and coloured cement (other than grey portland cement), or any other variety of cement which the Central Government may, by notification in the Official Gazette, specify as not being cement for the purpose of this Order.

(*b*) "Corporation" means the State Trading Corporation of India (Private) Limited;

(*c*) "Producer" means any person who manufactures cement.

3. **Producers to sell cement to Corporation.**—(1) Every producer shall sell—

(*a*) the entire quantity of cement held in stock by him on the date of commencement of this Order; and

(*b*) the entire quantity of cement which may be produced by him during a period of two years from the date of commencement of this Order;

to the Corporation, and deliver the same to such person or persons as may be specified by the Corporation in this behalf from time to time.

(2) Notwithstanding any contract to the contrary, every producer shall dispose of cement lying in stock with or produced by him, in accordance with the provisions of sub-clause (1) and shall not dispose of any cement in contravention thereof.

4. **Cement not to be removed from premises of producer without permission.**—(1) No producer shall remove or permit the removal of any cement, whether sold or unsold, from any part of his premises to any place outside his premises except with the written permission of the Central Government or such other officer as may be specified by it in this behalf.

(2) Nothing contained in sub-clause (1) shall apply in respect of any cement sold to the Corporation in pursuance of clause 3.

5. **Maintenance and production of books of account, etc., by producers.**—(1) Every producer shall keep such books, accounts and records relating to the production of cement as the Central Government may require.

(2) Every producer and every person employed by him in connection with the production of cement shall, on being required so to do either by the Central Government or by such authority as may be specified in this behalf by the Central Government, and within such period as may be allowed in this behalf—

(*a*) produce before the Central Government or authority such books of account or other documents as may be specified by the Central Government or authority; and

(*b*) furnish to the Central Government or authority such returns and other information relating to his business as may be so specified.

6. **Controlled prices of cement.**—(1) The price at which a producer may sell cement shall be as specified in the Schedule:

Provided that, where under any contract relating to the sale of cement entered into by a producer before the commencement of this Order the producer had agreed to allow a rebate, discount or commission in the price of cement payable by the purchaser, the Corporation shall be entitled to deduct from the price payable in respect of the cement sold to it under clause 3 the amount of the rebate, discount or commission in the same manner and to the same extent as it could have done if instead of the person mentioned in the contract the Corporation had been a party thereto.

Explanation.—The price fixed in the Schedule is exclusive of—

(*i*) the excise duty payable by the producer in respect of the cement produced by him; and

(*ii*) the cost of packing or of containers, if any.

(2) The price at which the Corporation may sell cement to any person shall be Rs. 102-8 per ton of packed cement free on rail destination railway station:

Provided that—

(*a*) in respect of rapid hardening cement there shall be added a sum of Rs. 6 per ton or such other sum as the Central Government may fix in this behalf; and

(*ii*) in respect of unpacked cement the price referred to in this sub-clause shall be reduced by that amount which would have covered the cost of packing or of containers, if any, if the cement had been delivered in a packed condition.

(3) The price at which cement may be sold in a State by a dealer (whether wholesale or retail) other than the Corporation shall be such as may be fixed by the State Government.

(4) For the purposes of this clause the Central Government may fix the maximum amounts payable in respect of packing or containers, and different maxima may be fixed for different kinds of packing or containers.

The Schedule

[*See* clause 6 (*i*).]

ANNEXURE

In the matter of an industrial dispute between Messrs. N. K. Industries, Ltd., at present carrying on business under the name and style of Gopiram Rajendra Kumar, 15 Sir Hariram Goenka Street, Calcutta, and one of their employees, Shri Radheshyam, represented by the Hindusthan Drivers' Union, 5/1 Russell Street, Calcutta.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 5055Dis./D/15L-15/55, dated 13th October 1955, and Corrigendum No. 1831Dis./D/15L-7/56, dated 5th May 1956, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. N. K. Industries, Ltd., at present carrying on business under the name and style of Gopiram Rajendra Kumar, 15 Sir Hariram Goenka Street, Calcutta, and one of their employees, Shri Radheshyam, represented by the Hindusthan Drivers' Union, 5/1 Russell Street, Calcutta, regarding the matters specified in the following schedule to this Tribunal for adjudication.

Schedule

Is the dismissal of Shri Radheshyam justified?

To what relief is he entitled?

Notices were issued on both parties. The Company refused the notice and did not appear before the Tribunal. The Union filed written statement on 14th December 1955. The case was heard ex parte in the absence of the Company. Shri T. B. Pakhrin, Secretary, and Shri M. A. Quraishi appeared for the workman.

The issue that arises for decision in this case is the same as that mentioned in the order of reference and is as follows:—

Issue

Is the dismissal of Shri Radheshyam justified?

To what relief is he entitled?

AWARD

Decisions

The written statement of the worker shows that Shri Radheshyam was appointed by the Company as a Driver in June 1949 on a total emolument of Rs. 95 per month, and that the Driver served the Company faithfully for over four years. The plug of the car which Shri Radheshyam used to drive developed some mechanical trouble due to weak compression engine, and the workman brought the defect to the notice of the employer for necessary repair, but the employer did not take any action to repair the defect. On 10th July 1954, Radheshyam reminded the employer about the defect, but the employer got annoyed and dismissed him with immediate effect without any notice and without any compensation. The Union, therefore, prays that the dismissal of Shri Radheshyam was unjustifiable and he should be reinstated with continuity of service and should be paid back wages for the period of forced unemployment commencing from the date of his dismissal being 10th July 1954 to the date of reinstatement.

P.W. 1 Shri Radheshyam deposed and proved the statements made in the written statement filed by the Union. He states that the plug of the car which he used to drive developed some mechanical trouble and he brought the defect to the notice of the employer for repairs, but the employer did not take any step. On 10th July 1954, he reminded the employer, on which the latter took away the key of the car from the Driver and then discharged him. Shri Radheshyam prayed for reinstatement and emoluments for the period of non-employment. On the evidence on record, it appears that the dismissal of Shri Radheshyam was not justified. He should, therefore, be reinstated to his own job at his old pay of Rs. 95 per month. Shri Radheshyam was discharged on 10th July 1954, and the order of reference is dated 13th October 1955. It appears to me that it will not be proper to allow back wages for the entire period of unemployment from 10th July 1954, as the reference was made more than a year after the date of the discharge. In the circumstances, it is awarded that Shri Radheshyam should be paid by the Company full wages for four months by way of compensation for the period of non-employment. Shri Radheshyam should be reinstated within one month from the date on which this award comes into operation. The period of non-employment will be considered to be special leave on emoluments as are allowed in this award.

Judge, First Industrial Tribunal.

ORDER

Khemchand Rajkumar, 33 Netaji Subhas Road, Calcutta-1, and their workmen represented by Shri Rajani Mukherji, Vice-President, Hind Mazdoor Sabha, 139-B Rash Behari Avenue, Calcutta-29, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal, West Bengal;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by (1) Fouzder and (2) Noor Mia, workmen of Messrs. Khemchand Rajkumar, represented by Calcutta Port Commissioners' Union, 3 Joy Krishna Paul Road, Calcutta-23, against the aforesaid Company.

BEFORE THE SECOND INDUSTRIAL, TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees: Shri A. L. Roy.

For the Company: Shri K. K. Kapani, Industrial Relations Adviser, and Shri T. K. Jagdish, Labour Adviser.

The Government of West Bengal, Labour Department, by order No. 5419Dis./D/11L-137/55, dated 17th November 1955, referred the original dispute existing between Messrs. Khemchand Rajkumar, 33 Netaji Subhas Road, Calcutta-1, and their workmen represented by Shri Rajani Mukherjee, Vice-President, Hind Mazdoor Sabha, 139B Rash Behari Avenue, Calcutta-29, regarding the matters specified in the schedule to this Tribunal for adjudication. The award of the Tribunal in respect of the proceeding was made on 22nd April 1956 and the award has been published in the *Calcutta Gazette*, dated April 26, 1956.

AWARD

During the pendency of the original dispute, the present complaint, dated 9th February 1956, purporting to be under section 33A of the Industrial Disputes Act was filed on 20th February 1956 by these two workers on the allegation that while the original dispute was pending before this

Tribunal, the Opposite Party, in contravention of the provisions of section 33 of the Industrial Disputes Act, retrenched them unlawfully.

The Opposite Party has raised a preliminary objection regarding maintainability of the complaint. It is urged by the Opposite Party—Company that the petitioners were never under its employment, and as such they could have no cause of grievance against the present Company, which alone was concerned with the original order of reference.

I have heard the learned representative on both sides at length, and have considered the evidence—both oral and documentary as furnished.

Now let me turn to the order of reference of the main case. The relevant portion of the reference was in the following terms:—

> "Whereas an industrial dispute exists between Messrs. Khemchand Rajkumar, 33 Netaji Subhas Road, Calcutta-1, and their workmen represented by Shri Rajani Mukherjee, Vice-President, Hind Mazdoor Sabha, 139B Rash Behari Avenue, Calcutta-29, regarding the matters specified in the schedule, and whereas it is expedient that the said dispute should be referred to an Industrial Tribunal constituted under section 7 of the Industrial Disputes Act .... the Governor is pleased hereby to refer the said dispute to the Second Industrial Tribunal..... ..... . for adjudication."

The plain language of the order of reference of the above industrial dispute for adjudication shows that the dispute arose between Messrs. Khemchand Rajkumar on the one hand and their workmen on the other. So, it is apparent that the subject-matter of the dispute was between that Company and its employees, and that no employee in other concerns could be affected by the award that would be passed in the above dispute. From the description of the parties to the dispute on whom the award in the dispute could be binding and from the nature of the subject-matter of the dispute, it seems that the result was likely to concern none else except the workmen of Messrs. Khemchand Rajkumar. This was also the argument that was put forward by the learned representative on behalf of the Company. He has further argued that these two petitioners were never in the employment of Messrs. Khemchand Rajkumar, and as such they were not entitled to present the application under section 33A of the Act, because they were not concerned in the original order of reference. But it is the positive case of the petitioners that they were employed under Messrs. Khemchand Rajkumar. It is not their case that they worked under Messrs. Steel Rolling Mills of Bengal Ltd. The petitioners have also deposed at the time of hearing that they used to work under Messrs. Khemchand Rajkumar. They did not assert that they were under the employment of Messrs. Steel Rolling Mills of Bengal Ltd. It may be said in this connection that even if they were employed under Messrs. Steel Rolling Mills of Bengal Ltd. still they were not entitled to make such a complaint under section 33A, firstly because Messrs. Steel Rolling Mills of Bengal Ltd. were no parties to the original order of reference. Some of the proprietors of Messrs. Khemchand Rajkumar might also be the proprietors of Messrs. Steel Rolling Mills of Bengal Ltd. But this fact does not and cannot necessarily mean that Messrs. Steel Rolling Mills of Bengal Ltd. could be deemed to be a party also to the original reference. I am mindful of the fact that in the schedule to the original order of reference, there is mention of scales of pay for clerks of all the three concerns (*vide* No. 6 of the schedule). An attempt was naturally made by the learned representative appearing on behalf of the petitioners to interprete that Steel Rolling Mills of Bengal Ltd. was one

of the three concerns of Messrs. Khemchand Rajkumar, and as such it should be deemed to be a party in the original order of reference. But I am not disposed to accept such interpretation. The three concerns as referred to in the order of reference mean, in my opinion, two yards of Messrs. Khemchand Rajkumar—one at Paharpore and the other at Salimar and the Head Office at 33 Netaji Subhas Road, Calcutta-1. This will also be evident from the complaint of the petitioners themselves, in which mention is also made of Paharpore and Salimar. Messrs. Steel Rolling Mills of Bengal Ltd. is a separate legal entity, and it is a Limited Company. That being so, it cannot be regarded as an allied concern of Messrs. Khemchand Rajkumar.

Now the main point for consideration is, whether these two petitioners were really in the employment of Messrs. Khemchand Rajkumar. The petitioners have no doubt deposed that they were employees of Messrs. Khemchand Rajkumar, but their evidence, if carefully considered and scrutinised, clearly points to the direction that they never worked under Messrs. Khemchand Rajkumar. Exhibits A, A(1), B and B(1), which are the extracts of wage sheets for certain periods, go to prove beyond doubt that these two petitioners were employed by the persons who were entrusted with the building construction of Messrs. Steel Rolling Mills of Bengal Ltd. Both of the petitioners have admitted their thumb impressions in the said wage sheets. This fact is also strengthened by what has transpired from the evidence of the petitioners themselves. Both of them were constrained to say that they worked as masons for some days, and thereafter they worked as Sardars for employing labourers. Furthermore, the petitioner—Fouzder Sahu (P.W. 2)—has admitted in his cross-examination that Messrs. Khemchand Rajkumar has got a factory, in which iron rods and such other things are manufactured. In view of this admission by one of the petitioners there could be no chance or possibility of these two petitioners being employed as masons and Sardars for employing labourers in Messrs. Khemchand Rajkumar. Evidently, there was and could be no scope for such kind of work in the factory of Messrs. Khemchand Rajkumar, regard being had to what has been stated above. My conclusion, therefore, is that there was no relationship of "employer and employee" between the petitioners and Messrs. Khemchand Rajkumar. That being so, the present application is not maintainable.

Another fact is worth mentioning. It appears from the materials that the main dispute that was referred to this Tribunal, was amicably settled between the parties on 29th March 1956. The terms of settlement were embodied in an agreement. A copy of that agreement is to be found in the award (Ext. 1) which was published in the *Calcutta Gazette* on April 26, 1956 and this agreement formed part of the award. In that agreement in a paragraph 3, it is clearly stated that at the time, all pending disputes were amicably settled, and that there were no other disputes of any other workmen, and no such issue would be entertained. This agreement was signed not only on behalf of Messrs. Khemchand Rajkumar, but also by Shri Rajani Mukherjee, Vice-President of the Union, on behalf of the workmen. That agreement has now culminated in an award. On the same date, another agreement was arrived at also between Messrs. Steel Rolling Mills of Bengal Ltd. and their workmen represented by Shri Rajani Mukherjee, Vice-President of the Union. A copy of this agreement has been produced on behalf of the Opposite Party and it is Ext. 2. In this agreement, it is specifically mentioned that this agreement settled all the disputes pending till date. In the circumstances, it must be held that all pending disputes bteween Messrs. Steel Rolling Mills of Bengal Ltd. and their employees were settled and closed. Assuming for argument's sake that the petitioners were either in the employment of Messrs. Khemchand Rajkumar or in the

employment of Messrs. Steel Rolling Mills of Bengal Ltd. they in view of the agreements mentioned above cannot be permitted to reopen the matter regarding their discharge by way of retrenchment. Hence, in any view of the matter, they are precluded from maintaining the present application under section 33A of the Act.

The result is that the application be rejected.

(India), Ltd., Calcutta Branch, F2 Clive Buildings, Netaji Subhas Road, Calcutta and their employees represented by the East Asiatic Co. (India) Calcutta Employees' Union, F2 Clive Buildings, Calcutta, regarding the matters specified in a schedule to this Tribunal for adjudication. The award in respect of that proceeding was made by the Tribunal on 28th May 1956.

On 29th September 1955, Shri Chira Ranjan Das applied under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), stating that he was a workman under the Opposite Party Company in the capacity of a Salesman in the category of "A" Grade Clerk being employed thereto with effect from 12th April 1948 and presently enjoying a salary of Rs. 403-4 per month including dearness allowance. It is stated that he was a party to the industrial dispute pending before this Tribunal under Government of West Bengal, Labour Department, Reference No. 3419Dis./D/11L-268/55, dated 28th July 1955. The petitioner is a permanent employee of the Opposite Party. He was elected to the Executive Committee of the East Asiatic Co. (India), Ltd. Calcutta Employees' Union. It is further stated that while the original dispute was pending before the Tribunal, the applicant was handed over a letter, dated 15th September 1955, discharging him with effect from 30th September 1955 and declaring him a non-workman. The Opposite Party has contravened the provisions of section 33, clauses (a) and (b) of the Industrial Disputes Act, by categorising him as a non-workman without taking permission of the Tribunal and without following the procedure laid down in section 25F of the Act. The petitioner, therefore, prays that he should be reinstated and awarded such compensation as will be considered appropriate.

The Company, in its written statement, states as follows:—

The petition is not maintainable, as there has not been any contravention of section 33 of the Act. The petitioner is not a workman within the meaning of the Industrial Disputes Act. The petitioner was employed in the Opposite Party Company with effect from 12th April 1948, and that his present salary is Rs. 403-4. The petitioner was appointed as a Salesman and was never put in any grade meant for clerical staff. As the petitioner was employed on salary basis, he was fitted in a certain pay scale. The mode of remunerating the Salesman in the Opposite Party Company varied from Salesman to Salesman. The petitioner was a permanent employee of the Company prior to the termination of his service. The petitioner was never treated as a clerk. The nature of the work performed by the petitioner was neither clerical nor manual so as to render him a workman. The work of the petitioner mainly was to approach the various dealers in machinery and push sales of the products in which the Company was dealing. The petitioner was engaged as a Machinery Salesman. Since 1953, there has been a very considerable decline in the import and sales of machinery due to various reasons, which has restricted the scope of business to a great extent and consequently the Company has been incurring heavy losses. As a result of this heavy decline of business and in profit, the Opposite Party on a very careful consideration of all the circumstances were of the opinion that there was no chance of any improvement in business and that the petitioner was surplus to the requirement. The Opposite Party, therefore, terminated the services of the petitioner. The termination of service of the petitioner was *bona fide* and was fully justified and the present petition is misconceived. The petition under section 33A should be rejected.

On the date of hearing on 13th June 1956, both the parties were present and the case was partly heard. After the case was partly heard, both the parties came to an amicable settlement and filed a petition of compromise embodying therein the terms of settlement. This petition appears as Appendix A to this award. On a consideration of the terms of this compromise petition, it appears to me that they are reasonable and should be accepted. I, therefore, accept the compromise petition and award in accordance with the terms thereof. The compromise petition shall form a part of this award.

ORDER

No. 2780Dis./D/11L-109(A)/55—23rd June 1956.—whereas under the Government of West Bengal, Labour Department, order No. 6124Dis./D/11L-109(A)/55, dated the 28th December 1955, the industrial dispute between Messrs. Calcutta Tanneries (1944) Ltd., factory at Kankinarah, 24-Parganas, with Head Office at 14 Netaji Subhas Road, Calcutta, and one of their employees Shri Nanda Gopal Chakrabarty, P. O. Narayanpur, Padmapukur Road, Rathtala, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Calcutta Tanneries (1944) Ltd., factory at Kankinarah, 24-Parganas, Head Office at 14 Netaji Subhas Road, Calcutta, and one of their employees Shri Nanda Gopal Chakrabarty, P. O. Narayanpur, Padmapukur Road, Rathtala, 24-Parganas, referred under Government Order No. 6124Dis./D/11L-109(A)/55, dated the 28th December 1955 (Case No. VIII-3 of 1956)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the employee: Shri Nanda Gopal Chakravarty himself.

For the Company: Shri S. G. Khaitan, Director of the Company.

By Government Order No. 6124Dis./D/11L-109(A)/55, dated 28th December 1955, the aforesaid dispute was referred to this Tribunal for adjudication. The issue framed by the Government was the same as the issue framed by this Tribunal and it was as follows:—

To what relief Shri Nanda Gopal Chakrabarty is entitled as a result of his termination of service by the Company?

Notice of the aforesaid dispute was served on both parties. The workman filed his written statement on 27th February 1956 and the Company filed its written statement on 7th March 1956.

The case for the employee in his written statement is that he had been in employ of the company's factory at Kankinarah, 24-Parganas, from 1st September 1952 to 13th April 1954 as an Assorter at a salary of Rs. 150 per month, that on 12th April 1954 the Director of the Company informed Shri Nanda Gopal Chakrabarty by a letter stating that his services were no longer required from 13th April 1954, that the petitioner submits that the action of the Company by terminating his services from the said factory is illegal, unfair and amounts to clear unfair labour practice, that in the circumstances the employee prays for an Award directing the Company to pay the petitioner notice pay, leave pay and compensation for retrenchment and other reliefs.

The Company, on the other hand, in its written statement contended that due to abnormal trade depression in this industry the Management decided to close down the factory early in October 1953 and issued a notice

to this effect to all staff and workers of the factory on 31st October 1953 terminating their services as and when their individual responsibilities are finished, that all the workers and staff received their dues as usual, that on 12th April 1954 it was observed that the works in the applicant's department was completed and accordingly he was finally notified on the date and was offered his dues up to date, but he refused to accept it without assigning any reason that the Company agrees to pay to the applicant his dues up to 12th April 1954, that the allegations made in the applicant's written statement are false, that the Company acted legally according to exigency of circumstances and denies all charges, that in the circumstances, the Company submits that the prayer for notice pay, leave pay and compensation for retrenchment and other reliefs be rejected.

AWARD

It has been proved by O.P.W. 1 that due to trade depression the Company has been suffering loss to the total extent of 1½ lakh and consequently the business had to be closed down and the entire staff retrenched. I, therefore, in the circumstances hold that the retrenchment was bona fide and for good and sufficient reason. All the workers have already left with retrenchment compensation. Only this worker did not accept his dues unless he was paid notice pay, leave pay and compensation. He has, however, subsequently settled up his dues with the Company and has granted a full discharge receipt on getting Rs.290 on the heads mentioned in Ext. A. I hold that Ext. A is true and it gives the Company full discharge and the worker cannot reopen the claim over again. I, therefore, hold that there will be a "no-dispute" Award in this case.

Judge, Fourth Industrial Tribunal.

ORDER.

No. 2843Dis./D/13L-5/55.—29th June 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 5823Dis./D/13L-5/55, dated the 9th December 1955, the industrial dispute between Messrs. Lokmanya Press, 94/3 Lower Chitpur Road, Calcutta, and their employees represented by Press Employees' Association, 249B Bowbazar Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against the said company by Shri Bedananda Thakur and 40 other workmen of the said Company alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Bedananda Thakur and 40 others represented by the Press Employees' Association of 249B Bowbazar Street, Calcutta, in connection with an industrial dispute between Messrs. Lokmanya Press of 94/3 Lower Chitpore Road, Calcutta, and their workmen represented by the Press Employees' Association of 239B Bowbazar Street, Calcutta, referred under Government Order No. 5823Dis.-/D/13L-5/55, dated 9th December 1955 (case No. 65 of 1956)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Indu Bhusan Sarkar.

For the Company: Shri Kshama Shankar Dwivedi.

While the aforesaid dispute was pending, the present application was filed by Shri Bedananda Thakur and 40 others on the allegation that the petitioners are permanent workmen of Lokmanya Press, that after the said reference, dated 9th December 1955, the Management got furious and lost the balance of mind and all at once stopped the payment of wages to the workmen for the month of December 1955 which was due in January 1956, that for reasons best known to themselves the Management with an ulterior motive made payment for the month of December 1955 in February 1956 but again withheld the payment of wages to the workmen for the months of January and February 1956 up to date, that by delaying and withholding payment of wages for the aforesaid months the Management altered the service condition of the workmen and thus coerced and punished the workmen concerned, that the petitioners submit that the Management has contravened the provisions of section 33 of the Industrial Disputes (Amendment) Act, that in the circumstances the petitioners pray for an Award directing the employers to pay the petitioners their earned wages, allowances and other amenities all at once.

Notice of the aforesaid complaint having been served on the Opposite Party, the Company filed its written statement in which it contended that the application is not maintainable as it has been signed by 34 workers instead of 41 workers inasmuch as the application is not in conformity with the rule prescribed for applications under section 33A, that the Company has been suffering from financial handicaps for the last four years and could not maintain regularity in payment of wages to the workers, that payment of wages has never been withheld but due to financial stringency it was irregular from before the Order of Reference and also thereafter and such irregular payment did not involve any element of punishment, that the Opposite Party denies that irregular payment of wages amounts to any alteration in the condition of service inasmuch as it depends on the financial condition of the Opposite Party and this condition of irregular payment having been existing from before the Order of Reference, there has been no alteration thereafter, that the Opposite Party denies that the irregular

payment of wages was due to any ulterior motive, that the Opposite Party has not contravened section 33 of the Industrial Disputes Act, that the Opposite Party submits that the application is misconceived and should be dismissed with costs.

The only point for decision is—

Whether the application in the present form is tenable.

AWARD

Since only aggrieved persons can apply under section 33A of the Industrial Disputes Act, the present petition is tenable only with regard to 34 persons who have signed the petition. With regard to others, there is no evidence that they have either signed or authorised the Secretary to file the application or to conduct their cases on their behalf. So with regard to others, there is no case. Besides, wages, etc., and their payment on the expiry of the month are terms of service rather than conditions of service. So, non-payment of monthly wages by itself is not a breach in the condition of service and as such complaint for such non-payment cannot be advanced under section 33A of the Industrial Disputes Act and, therefore, the application in the present form is not tenable.

It was however stated in the application under section 33A of the Industrial Disputes Act that the act of the Company amounted to victimisation of workers only to sabotage their Union activities but on this point there is absolutely no evidence which can be acted on in the Court of Justice. P.W. 1, the only witness examined for the Union, did not venture to say so in his oral statement before the Tribunal and that circumstances do not support the existence of such a motive behind the non-payment. The Company admitted that due to financial stringency they had been irregular in payment to their staff and they had, for the same reason, to pay the wages for the month of December 1955 in February 1956 and that for January 1956 in March 1956. It is clear from the Award published in the "Calcutta Gazette", dated 4th June 1953, that the pecuniary condition of the Company was not at all sound and this ultimately led to the retrenchment of the staff. Besides, the alleged default in the payment of wages is not confined to only the Union workers and there is no evidence that the Union workers were singled out from other members of the staff for meeting out this punishment. So I hold that Union has failed to prove that the non-payment was due to any ulterior motive. That being so, the petitioners have no case on merits for mere non-payment without any ulterior motive does not make the non-payment a breach in the condition of service. So, on merits also petitioners have no case.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Howrah Municipal Employees' Association.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge, (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 3511Dis./D/14L-2/53, dated 17th September 1953, read with Addendum No. 3882Dis./D/14R-2/53, dated 21st September 1953, referred the industrial dispute between Howrah Municipality, Howrah, and its workmen represented by some Unions to this Tribunal for adjudication. The award of the Tribunal in respect of this proceeding was published in the "Calcutta Gazette, Extraordinary," dated 10th July 1954.

On 5th May 1954 the General Secretary of the Howrah Municipal Employees' Association filed a complaint stating as follows:—

The usual working hours of the employees were fixed from 10-30 a.m. to 5 p.m. with a recess of half an hour, and the employees used to get 10 minutes' time after 10-30 a.m. and they used to be marked late present after 10-40 a.m. One day's leave used to be forfeited for three days of such late attendance in a month. This privilege was a part of the condition of service of the employees which they had been enjoying. During the pendency of this Tribunal proceedings, the Municipality curtailed this

privilege and the granting of extra time of 10 minutes after 10-30 a.m. has been stopped by a circular order of the Administrator, Howrah Municipality, dated 21st April 1954. The Municipality has thus contravened the provisions of section 33 of the Industrial Disputes Act, inasmuch as it passed such an order without the permission of the Tribunal. The petitioners, therefore, pray that the Tribunal would be pleased to direct the said Municipality not to curtail the privileges of the employees and to maintain *status quo*.

Notices were served on the Municipality and it appeared and filed a written statement, in which it states as follows:—

The Municipality denies that there has been any change of service conditions since the disputes between the Howrah Municipal Employees' Association and other Unions were referred to the Tribunal. The circular referred to only stated that the employees should attend punctually at 10-30 a.m., which was the time for office to sit for a long time. The Municipality or for matter of that, any employer has always the right to enforce the prevailing hour of attendance and departure, and it is absolutely in their discretition to take action against any employee for non-adherence or to overlook it for any period generally, or in case of any employee for sufficient reason.

On the date of hearing on 12th June 1956, neither party appeared. The complaint under section 33A was filed by the Union and not by the aggrieved employees. The complaint was, therefore, incompetent. It does not appear also that there is any existing dispute between the parties. It is, therefore, awarded that the application under section 33A be rejected.

M. C. BANERJI,
Judge, First Industrial Tribunal.

By order of the Governor,

ORDER

No. 2789Dis./D/10L-100/56.—25th June 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 695Dis./D/10L-2/54, dated the 13th February 1954, read with the Corrigendum No. 2313Dis./D/10L-2/54, dated the 4th May 1954, the industrial dispute between Messrs. Dhur Tin Factory, 101 Akshoy Kumar Mukherjee Road, Calcutta, and their workers represented by Dhur Tin Factory Workers' Union, 1 Joy Bhattacharyya Lane, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made before the said Tribunal by Shri Subal Chandra Das and 64 other workers of the said company against the said Company, alleging that the said Company had punished the said workers concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947(XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Subal Chandra Das and 64 others against Messrs. Dhur Tin Factory of 101 Akshoy Kumar Mukherjee Road, Calcutta-36, in connection with an industrial dispute between Messrs. Dhur Tin Factory and their workmen referred under Government Order No. 695Dis., dated 13th February 1954 (case No. 116 of 1954).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Panchanan Bhattacharji.

For the Company: Shri P. K. Sanyal, Advocate.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act, 1947, was filed by Shri Subal Chandra Das and 64 others on the allegation that they are employees of Dhur Tin Factory, that they used to be allowed a holiday for the Dasahara festival since the last few years, that this year also they enjoyed the same holiday on 11th June 1954, that the petitioners on coming to the factory on 12th June 1954, found the gates of the factory closed and police-pickets posted, that they had been refused entry since that time, that under the circumstances the petitioners pray that their employers may kindly be directed to allow them to resume work immediately and pay them wages for the period they may remain idle.

Notice of the aforesaid complaint having been served on the Opposite Party, the Company filed its written statement in which it contended that the petitioners had no right to be allowed a holiday for the Dasahara festival nor they had ever enjoyed such a holiday as a matter of right, that whenever a holiday would be granted the Opposite Party would as a matter of right decide prior to the date of the holiday whether the same would be granted and would issue previous notice of such holidays if decided upon by it, that no holiday was declared by the Opposite Party for the 11th of June 1954 nor were the workmen entitled to enjoy the said date as a holiday, that on 11th day of June 1954 the workmen resorted to an illegal and wholly unjustified strike and threatened the Management with violence and to cause mischief to the factory and did not work although they came to the factory in the morning, that immediately thereupon the Opposite Party informed in writing the Officer-in-charge, Baranagore police-station, about the illegal strike and the threatening of violence and mischief given by the workmen, that on 12th June 1954 the Opposite Party handed over to the workmen charge-sheets for their misconduct of the 11th June 1954 whereupon they refused to accept the said charge-sheets and also to attend to their duties thus resorting to another illegal strike, that the Opposite Party never refused entrance to workmen, that the workmen continued the illegal strike till the 16th of June 1954 and thereafter joined their duties on and from the 17th day of June 1954, that the Opposite Party states that the application is not maintainable in law, that the Opposite Party states that the workmen having resumed their work on and from the 17th June 1954 the prayer in this respect is wholly *mala fide* and the petitioners having indulged in illegal strike are not entitled to any wages for the period of the said strike, that the Company submits that in the circumstances the application is wholly *mala fide*, harassing and frivolous and should be dismissed.

The first point raised by the Union that they have been improperly locked out by the Company cannot form the subject-matter of a complaint under section 33A, for lock-out is not a change in the condition of service. Just as a strike is a fundamental right in the hand of a worker to enforce his claim against the employer, so lock-out is a fundamental weapon in the hand of the employer. So, I hold that a complaint under section 33A is not tenable on the allegation that the workers have been illegally locked out. So the only other point that remains for consideration is whether the Company is justified in refusing to grant holiday on 11th June 1954. If not, what relief can the employees get.

AWARD

The certified standing order has been proved by the Company which contains direction as regards leave and holidays of the workers and clerks and also as to manner of publication of holidays. I am satisfied from the evidence that the standing order was duly certified after service of notice to the parties including Engineering Workers' Federation, Bengal. In fact Engineering Workers' Federation wrote this letter Ext. 3 acknowledging receipt of a copy of the standing order. This certified standing order is, therefore, binding on the parties.

The Company's case is that in accordance with the standing order they had been publishing a list of the annual holidays in the notice board at the beginning of each year (vide Ext. D series) and in 1954 a similar notice Ext. C was also published notifying the holidays. P. W. 1 did not venture to say that there were fabricated documents. On the contrary, P. W. 1 admitted that such notices were published by the Company but he denied that any such notice was published in 1954. O.P.W. 1 also proved that after publication of the notice, the Company grants holidays according to its terms and makes note thereof in the Attendance Register. Exhibit D shows that in 1954 the Attendance Register contained the note regarding holidays so declared by Ext. C. Actually for 1954 the Company did not grant holiday on the Dasahara day but granted holiday on some other day in lieu of it. If the employees were aggrieved on account of the fact that no holiday was declared on Dasahara day they ought to have moved the Company at once after the notice Ext. C was published in the notice board. They were absolutely unjustified in taking the law in their hands and absenting themselves on the 11th of June 1954. That the Company has right to settle the days on which holidays are to be declared is clear from the fact that all that the standing order enjoins is hat the Company will have to publish the list of such holidays and it imposes no other reservation of their right. P. W. 1 himself also practically admitted this when it admitted that the Company puts up such notices each year. They never said that the workers had any hand in the selection of the days or in fixing the number of days to be observed as holidays. So in consideration of all the circumstances I hold that the Company is justified in refusing to give a holiday on the Dasahara day and the workers are not entitled to any relief on that score.

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Satindranath Roy Chowdhury, Secretary of Karam Chand Thaper & Brothers Ltd. Employees' Association.

For the Company: Shri S. P. Saha, Law Officer of the Company.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act was filed by Shri Shivapada Bhattacharji on the allegation that during the pendency of the said Tribunal the opposite party without taking any permission from the Tribunal has terminated the service of the petitioner by a notice, dated 29th December 1954, that the said action of the opposite party is a contravention of section 33 of the Industrial Disputes Act, that the action of the opposite party

was illegal, unjustified and capricious, that immediately after his retrenchment one man has been appointed as a clerk, that under the circumstances the petitioner prays for reinstatement and full wages for the period of forced unemployment and other relief.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement contending that the petitioner was not a workman concerned in the adjudication proceedings pending under Government order of reference, dated 20th September 1954, that in view of the above fact the application under section 33A is not maintainable and as such should be dismissed, that even on merits there is no substance in the application as the appointment was purely on a temporary basis terminable without notice, that in the circumstances the Company submits that the application fails on merits and as such it should be dismissed.

The only points for decision are—

(1) Whether the petition is tenable.

(2) Whether the petitioner is entitled to reinstatement and/or any other relief.

AWARD

Point 1.—The order of reference referred to in the petition of complaint was regarding the following issues:

(1) Has the revision of the old scales of pay of typists and stenographers by the management adversely affected the old entrants? What should be their scales of pay?

(2) What should be the wages of Shri Kedar Nath Ahir?

The petitioner, who is a clerk in the Head Office and is neither a stenographer nor a typist, is obviously a person who is not in any way concerned in the above issue. Although the dispute was between Karam Chand Thapar & Brothers, Ltd. and their workmen represented by Karam Chand Thapar & Brothers Ltd. Employees' Association, my award in that case will not affect this workman in any way. I, therefore, hold that he is not a person concerned in the dispute and therefore he has no *locus standi* to apply under section 33A of the Industrial Disputes Act.

Point 2.—On merits also it is found and the petitioner admitted that he signed and received the letter of appointment, Ext. A. He cannot be believed when he later tried to say that it was handed over to him in an envelope meaning thereby that he could not look to the contents. But the letter, Ext. A, contained his signature with the word 'accepted'. So he cannot be allowed to back out. Besides O.P.W. 1, Company's first assistant, proves that his appointment was under Ext. A and was a temporary appointment as stated therein. He was appointed to clear up some of arrears in respect of posting, some despatch of records and he worked as such. Here also he tried to invent a different story that he was appointed in South India Department but he was forced to admit later on that he was appointed in Coal Sales Department as stated by O.P.W. 1. So no reliance can be placed on the prevaricating statements of O.P.W. 1.

There is a clear provision in Ext. A that the service should be of a temporary nature for six months only and it further stipulates that the Company has right to terminate his services during this period of six months without giving him any notice during the course of this period of six months, obviously if the purpose for which he was appointed is finished even before

expiry of six months. This has happened in this case. Q.P.W. 1 says that the arrears which he had to make up had been made good within six months and consequently Company was perfectly within its rights to discharge him without notice on that ground and the worker has no right to claim for wages after that (1953 M.L.J., page 62).

Hence on merits also the petitioner has no case and he is not entitled to any relief.

S. C. MUKHERJI,
Judge, Fourth Industrial Tribunal.

The 14th June 1956.

By order of the Governor,

LABOUR DIRECTORATE

CONSUMER PRICE INDEX NUMBERS FOR WORKING CLASSES FOR THE DISTRICTS OF MIDNAPORE-BANKURA, NADIA-MURSHIDABAD, MALDA-WEST DINAJPUR, AND BIRBHUM.

In connection with implementation of the Minimum Wages Act, necessity has been felt for the preparation of Consumer Price Index Numbers for Working Classes for the different districts of West Bengal, because minimum wages enforced in the industries like Rice Mills, Oil Mills, Public Motor Transport, Buildings and Road Construction, etc., are in most cases linked with Consumer Price Index Numbers. The economy of Calcutta, and those of the districts are quite dissimilar and the Consumer Price Index Number prepared for Calcutta is not strictly applicable to the outlying districts. Separate series of such Index Numbers have, therefore, been found to be necessary.

In pursuance to the above principle, the following series of Consumer Price Index Numbers have been prepared:—

(1) Midnapore-Bankura, (2) Nadia-Murshidabad, (3) Malda-West Dinajpur and (4) Birbhum.

The districts of Midnapur and Bankura, Nadia and Murshidabad and Malda and West Dinajpur have been taken together for preparing Consumer Price Index Numbers because of their geographical contiguity and economic homogeniety. The different Advisory Committees formed in connection with fixation of minimum wages in different industries have also recommended same rates for these pairs of districts.

Base.—The period from January to December 1951 has been taken to be the base for these indices, because during that year a family budget survey was conducted in the above districts amongst the workers covered by the Minimum Wages Act, 1948.

The annual average retail prices have been taken to be the basic quotations for the purpose of the indices. The annual averages have been taken in order to eliminate the effect of seasonal fluctuation in retail prices.

The following centres have been selected as outlets for different series of Index Numbers:—

Series of Index Numbers.	Outlet.
1. Midnapore-Bankura	(1) Midnapore town.
	(2) Jhargram.
	(3) Bankura town.
	(4) Bishnupur
2. Nadia-Murshidabad ..	(1) Krishnanagar.
	(2) Berhampore.
3. Malda-West Dinajpur	(1) Malda town (English Bazar).
	(2) Balurghat.
4. Birbhum	(1) Bolpur.
	(2) Sainthia.
	(3) Dubrajpur.

N.B.—Kharagpur has not been selected, because the Working Classes in Kharagpur are most employed at Railway Workshops at Kharagpur and their composition and economic conditions differ materially from rest of the Working Class families belonging to other parts of the two districts. Moreover, the Labour Bureau, Government of India, is preparing a separate Index series for Kharagpur.

Price-collecting agents have been appointed in each of the above markets, and they collect retail prices once every week in the prescribed price schedules which indicate the commodity with their grades, varieties and units from two representative shops in each of the above markets, under the supervision of a Gazetted Officer. The price quotations reported by the agents are carefully scrutinised at the Head Office before using them for tabulation and construction of the Index Numbers.

Coverage (items covered and their weights).—Attempt has been made to include in the Index Numbers as many as possible of those representative items on which consumption expenditure has been reported in the standard budgets and which tend to show characteristic price behaviours The items selected on this principle, for the different series of Index Numbers have been classified into five main groups, viz., (I) food, (II) fuel and lighting, (III) clothing and footwear, (IV) house rent and (V) miscellaneous.

The items included in the above main groups have been shown in Appendix II together with the weights worked out from the standard budgets as revealed in the family budget surveys held in 1951, with certain adjustments described below.

In Appendix I may be found summaries of the items included in main classes together with percentages of expenditure of items included to total expenditures on the group and also to total expenditures in the budget.

It has not been possible to include in the Index series all the items entering into the standard budgets, because either the base year prices are not available, or the items are not priceable. Total weight thus lost has been adjusted by adding the weights of the excluded items to those priced which have more or less a similar price movement as those of the excluded items. This procedure has been recommended by the International Conference of Labour Statisticians in 1947 and has been adopted in preparations of these indices.

Certain items like, tomato, fowl, pork, etc., which do not appear to be common items of expenditure have been dropped and also in the case of items like "Other pulses", "Other vegetables", "Other fuel and other lighting", which are not priceable, their weights have been distributed amongst the individual items of the same group in proportion to the weights of these items.

In the clothing group, in view of the large number of grades, varieties and sizes of stitched garments used by the working class people, materials used for making these garments have been accepted for compilation of Index Numbers as price-fluctuation of ready-made garments are highly co-related with the materials from which they are made. Thus, shirting is taken to represent shirts, coating to represent coats, drill for trousers, longcloth for pyjamas, blouses and frocks have been retained as such as the base year price of printed cloth are not available.

Averaging.—Simple price-relatives of each of the varieties of each of the constituent items are worked out in the first instance and then simple averages of these price-relatives are calculated to obtain the average price fluctuation of the items over the base period. They were then multiplied by their respective weights and summated. Group indexes were thus found out. These group indexes have been allotted their respective group weights as found in the Family Budget Enquiry and the weighted average of the group indexes constitute the Consumer Price Indexes for the particular area. The figures have been calculated for each of the months from January 1952 to March 1956 which are mentioned in Appendix III.

DECISION

1 These two appeals are preferred against one and the same award of the First Industrial Tribunal, West Bengal, dated 13th March 1953, and published in the *Calcutta Gazette*, dated 9th April 1953, under the order of the Government of West Bengal No 1084Dis./D/11L-56/53, dated 1st April 1953, one by the Management of Titaghur Paper Mills Co., Ltd. (No. 1 Mill), and the other by their workmen represented by the Paper Mills

Employees' Union, Titaghur. Thus the appellants in each appeal are the respondents in the other. Therefore, it will be convenient to deal with the two appeals together.

2. The industrial dispute referred for adjudication to the Lower Tribunal was about the questions (a) whether the dismissal of 11 of the workmen of the Company by an order of the Manager, dated 23rd September 1950, was justified and (b) whether the said 11 workmen were entitled to reinstatement and/or compensation.

3. The undisputed facts are as follows:—

In 1947, 1948 and 1949 the Company paid one month's basic wage to each of the workers as advance before *Durga Puja* recoverable in easy monthly instalments. By an award published in the *Calcutta Gazette*, dated 1st December 1949, the workmen became entitled to production bonus. On 12th September 1950, the Company gave notice that the said production bonus would be paid to the workmen before *Durga Puja* but not the advance as was paid in previous years. The workmen got dissatisfied.

4. On 19th September 1950, the incidents which led to the dismissal of 11 workmen took place. The management's version of the incidents is as follows:—

> In the morning a large crowd of workmen gathered in front of the Manager's office and clamoured that the Manager should have a talk with them. The Manager expressed willingness to talk to a small delegation but not to the large crowd. The crowd gradually dispersed. The Manager and the Cost Accountant were proceeding from the office towards their houses, at about 1 p.m., to take lunch. While they were passing through the machine house, a large crowd of workmen led by the 11 dismissed workmen suddenly surrounded them and informed them that they would not be allowed to leave the place till their demands were conceded and barred their way so that the officers had to remain on the spot surrounded by the workmen till police, who were sent for, arrived by about 4-30 p.m., after which they were able to proceed to their houses. On 20th September 1953 charge-sheets under Standing Orders 19(b)(3) and 19(b)(5) were issued calling for explanation and enquiry was held on 23rd September 1950 after due notice and the orders of dismissal were passed on the same day, by the Manager.

5. The police prosecuted the 11 workmen for offences under sections 143 and 342 of the Indian Penal Code on the basis of the incident, dated 19th September 1950, between 1 and 4-30 p.m., but the workmen were discharged by the Magistrate.

6. The version of the workmen is that they in a batch merely approached the Manager in connection with payment of *Puja* advance which was delayed and that the Manager refused to talk to them and that after 3 hours or so the police were sent for and false prosecution was launched and that after the men were discharged by the Magistrate, the Company refused to take them back into service and that this is a case of victimisation and unfair labour practice.

7. On the materials placed before it, the Lower Tribunal came to the conclusion (i) that the version of the management was substantially correct as to the incident between 1 and 4-30 on 19th September 1950, (ii) that the 11 dismissed men took active part in the incident and thus committed the offences of insubordination and disobedience under Standing Orders 19(b)(5) and 19(b)(3), (iii) that the requirements of natural justice were fully complied with in the proceedings held by the Management culminating in the dismissal order and (iv) that there was no victimisation or unfair labour practice in taking disciplinary action against the men. The lower Tribunal next turned its mind to the question of punishment and came to the conclusion that, in view of the fact that the men were misguided and did not use violence and that the Manager passed the order of dismissal in violation of section 33 of the Industrial Disputes Act, 1947, during the pendency of conciliation proceedings, these 11 men should be discharged under Standing Order 18 on payment of 7 days' wages in lieu of notice and on payment of gratuity at 15 days' basic pay for each completed year of service subject to a minimum of 3 months' basic pay, within one month after the date on which the award came into operation. The workmen in their appeal challenged the findings on the merits and the award approving disciplinary action and claimed reinstatement. The Company in their appeal challenged the award by which the lower Tribunal substituted discharge accompanied by payment of a week's wages in lieu of notice and gratuity, under Standing Order 18, for dismissal.

8. First turning our attention to the appeal by the workmen it is conceded that it will not be maintainable unless it involves some substantial question of law within the meaning of section 7(1)(a) of the Industrial Disputes (Appellate Tribunal) Act, 1950. The learned Counsel for the workmen formulated the following four points as the substantial questions of law involved, viz., (i) on the same set of facts these workmen were

prosecuted before a competent criminal court and were discharged. Therefore, the Industrial Tribunal should not come to a different conclusion and should not substitute its different decision. (ii) The facts alleged by the Company and found to be true by the lower Tribunal, amount to a strike though short-lived between 1 p.m. to 4-30 p.m. Therefore, Standing Orders have no application to those workmen who took part in the strike and hence they cannot be punished under Standing Orders 19(b)(3) and 19(b)(5). (iii) According to the Company's case the Manager was personally involved in the incident and therefore he was a direct witness. He subsequently played the role of prosecutor and judge in framing charges, holding enquiry and deciding the case against the workmen and inflicting the punishment of dismissal. This combination of witness, prosecutor and judge in one person is opposed to law. (iv) The lower Tribunal found the workmen guilty of the offence of "insubordination and disobedience of lawful and reasonable order of the superior", but the charge framed by the Manager in the charge-sheet on the basis of which he dismissed these workmen does not contain the charge of the offence as found by the lower Tribunal. Thus the lower Tribunal upheld disciplinary action taken by the Manager against the workmen on a charge which was not levelled against them by the Manager and against which they had no opportunity to defend themselves.

9. In our opinion, point No. (i) raises no substantial question of law. To start with, the learned Counsel for the workmen conceded that he could not contend that the decision of the criminal court operated as *res judicata*. If so, nothing stands in the way of the Industrial Tribunal's examining the evidence and facts and arriving at its own conclusion. This proposition receives support from the decision reported in 1952 II L.L.J., p. 36 (Indian Copper Corporation Ltd. *vs.* Tripati). On such examination the Tribunal may come to the same conclusion as that arrived at by the criminal court or to a different conclusion. The point as formulated reads as if a substantial question of law will be involved only if the Industrial Tribunal comes to a conclusion different from the one arrived at by the criminal court. If there should be any bar, it should be against a second examination of the facts and evidence and not against arriving at a conclusion, one way. If it is a matter of mere advisability or otherwise of the Industrial Tribunal coming to a conclusion different from the conclusion arrived at by the criminal court, no question of law at all will be involved. There is no question of the Industrial Tribunal substituting its decision for the decision of the criminal court. Whatever the conclusion of the Industrial Tribunal may be the order of discharge passed by the Magistrate stands good. The fields of operation of the two Tribunals are different. The criminal court's function is to punish people for acts which amount to offences against society, though a private individual might be the immediate victim. The function of the Industrial Tribunal in this case is only to uphold or set aside the disciplinary action taken by the management of a private concern against its own workmen who are alleged to have misconducted themselves in their behaviour towards a superior officer. Such conduct of the workmen may not amount to an offence under the Indian Penal Code but may be misconduct sufficient to deserve disciplinary action. Hence if the Industrial Tribunal upholds the disciplinary action taken by the Manager, it is, in no sense, a substitution for the decision of the criminal court. The two can exist independently of each other.

10. According to the learned Counsel for the workmen, point No. (ii) is of great general importance affecting all workmen in the industrial field. It may be so, but in our opinion that is not a test to determine whether the point raised is a substantial question of law. A substantial question of law will remain to be such even if a decision on it is going to affect one or two individuals. A point which does not raise a question of law or raises a question of law which is not substantial otherwise, cannot become a substantial question of law for the reason that a decision thereon will affect a large number of people.

11. Without deciding, we shall assume, for purposes of this point, that there was a strike by the workmen from 1 p.m. to 4-30 p.m. on 19th September 1950. The question is whether the Standing Orders cease to have operation, in the sense that none of the workmen who took part in the strike can be dealt with under the Standing Orders for any misconduct defined and made punishable by the Standing Orders. The learned Counsel for the workmen did not draw our attention to any provision of law or precedent on the strength of which Standing Orders cease to have operation by virtue of a strike. Let us see if there is any principle which can support the contention. Standing Orders are framed by the management in exercise of statutory powers under the Industrial Employment (Standing Orders) Act, 1946, and are submitted to the certifying authority constituted under the same Act. That authority, after giving notice to the workmen and after hearing them and the management, arrives at a decision whether or not, the Standing Orders submitted to it comply with the provisions of the Act and the model Standing Orders as far as possible. He certifies the Standing Orders only if and when they satisfy the requirements of the Act, if necessary by suitable alterations. An appeal lies against such decision. Once they are certified the Standing Orders come into operation within the

time prescribed by section 7 of the Act and become the terms of employment and contract of service between the management and the workmen. If the workmen are dissatisfied with the Standing Orders or any of them on the ground that they are unfair or unjust, an Industrial Dispute arises under the Industrial Disputes Act, 1947. Then the Standing Orders may be subjected to alteration or addition or modification as may be adjudicated upon by an Industrial Tribunal. Terms of employment and conditions of service are normally matters of bilateral contract. The Industrial Employment (Standing Orders) Act, 1946, has evolved an alternative statutory method of bringing into existence terms of employment and conditions of service in establishments of a certain size. Though Standing Orders are not the result of a bilateral contract, the characteristics of a bilateral contract are not altogether absent, because the management are the authors thereof and the workmen have a say in the matter and can take steps before duly constituted authorities to alter them. Such being the case there can be no principle known to law underlying the proposition advanced before us that Standing Orders cease to be applicable to workmen who go on strike by a unilateral decision.

12. The whole basis for the contention raised on behalf of the workmen is that a strike is now recognised as lawful though it is a deliberate breach of contract of service and that therefore the terms of that contract in the shape of Standing Orders can no more be of any application to the strikers. A strike is recognised as lawful only to the extent of the cessation of work or refusal to continue to work though in breach of contract of service. Therefore, it is easy to understand a proposition that the cessation of work or refusal to work cannot be punished as amounting to disobedience and if there is a Standing Order which makes cessation of work or refusal to work punishable, it will remain in suspension or abeyance during the strike. But to say that Standing Orders as a whole cease to have operation on the commencement of a strike is not understandable.

In our case there is a Standing Order providing for punishment for theft or damage to machinery. The argument, if accepted, will result in the proposition that if the strikers steal goods or damage machinery during a strike, no action under the Standing Orders can be taken. The absurdity of such a position is self-evident. There is nothing in law which deprives the statutory Standing Orders of all operations during a strike by the workmen. The Standing Orders remain in full operation irrespective of a strike but for the fact that the mere cessation of work or refusal to work cannot be dealt with as misconduct under the Standing Orders. If thereby acts of insubordination or disobedience of lawful orders otherwise than by mere cessation of work, the same can be dealt with under the Standing Orders, causing disturbance is no part of a strike. It is outside the lawful scope of a strike, though in practice disturbance accompany strikes. If disturbance was caused by the strikers on the mill premises, they can be dealt with under the Standing Orders. Whether there has been such causing disturbance or insubordination or disobedience, is a question of fact. We are of opinion that there is no substantial question of law involved in this appeal in consequence of the workmen having been dealt with under the Standing Orders for acts alleged to have been perpetrated during the incident in question, even if it amounts to a strike.

13. Next coming to point (iii) we have first to see that Standing Order 19 provides that the Manager is the only authority who can dismiss an operative. Therefore, the Manager could not delegate the duty to some one else. As the Manager himself is alleged to be the victim of the acts of the workmen, if the Manager deputed a subordinate to hold the enquiry, it is likely to be attached as hypocrisy on the ground that a subordinate cannot be expected to give a finding against the evidence of the Manager. It is inconceivable for the Manager to appoint an outsider for holding a disciplinary enquiry. Therefore, in this case, the Manager examined witnesses to the occurrence and tested the evidence with his own personal knowledge. That was the best that could be done under the circumstances.

14. Supposing for a moment that the fact that the Manager who was himself witness to the incident held the enquiry, makes the enquiry and findings and punishment unlawful, the consequence should not be to set aside the punishment inflicted by the Manager, simply for that reason. As the matter has come up before an independent Tribunal, the correct course is for the Tribunal to satisfy itself on the materials placed before it by both sides, whether the punishment should be allowed to stand or not, on merits. In other words the Tribunal should do what it is expected to do, if there was no enquiry at all or if the enquiry did not satisfy the requirements of natural justice. This case cannot be worse than a case in which no charges are framed and no enquiry is held but punishment is awarded. In this case, though the lower Tribunal found as a matter of fact, that the enquiry satisfied the requirements of a natural justice, it thoroughly examined the facts and merits as disclosed in the voluminous evidence adduced by both sides including the oral evidence of the Manager and then arrived at its own conclusion. Hence no substantial question of law arises in this appeal, from the fact that the Manager who was a witness to the incident, held the enquiry.

15. Next coming to point (ii) it is true that the clause "insubordination and disobedience of lawful and reasonable order of the superior" is not found in the charge-sheets. The actual wording of the charge-sheets is "whereas on 19th September 1950, you along with others wrongfully restrained and confined the undersigned against their will thus causing disturbance in the Mill, you are required to show cause by 21st September 1950, why disciplinary action should not be taken against you under 19(b)(3) and 19(b)(5) of Standing Orders". Hence we have to see whether, on the facts of this case, the lower Tribunal allowed the management to justify a punishment inflicted on the basis of one charge by proving a different charge to meet which the workmen had no opportunity. There could be absolutely no difficulty for the workmen who were charged to understand that the charges related to the incidents on 19th September 1950 as the date was mentioned in the charge-sheets. According to the case of the workmen also, the Manager, on 19th September 1950 remained amidst the workmen for about 3 hours, till the police arrived, though he refused to talk to them on their demands. Therefore, when they were charged with having restrained and confined the Manager against his will and were called upon to show cause why disciplinary action should not be taken under Standing Orders 19(b)(5) which describes the misconduct of wilful insubordination and disobedience, the only reasonable way of understanding the charge is that the workmen were being charged with insubordination and disobedience by having wrongfully restrained and confined the Manager against his will. Whether wrongful confinement and restraint can amount to insubordination and disobedience or not is a different matter and it depends on the facts. If the Manager was wrongfully restrained or confined with a view to make him concede the demands of the workmen relating to the *Puja* advance or production bonus or both, it should be the height of insubordination. All that is inconsistent with or opposed to subordination must be insubordination. Demands can be made by workmen on the Manager consistently with their subordinate position. If demands are made on the Manager coupled with the threat that he shall not be allowed to leave the place where the demands are made till he conceded them, it is just a reversal of their respective positions, the workmen assuming to themselves a position of authority and reducing the Manager to the position of obedience on pain of being subjected to physical inconvenience, and amounts to an act of gross insubordination. Whether such facts are proved or not is quite a different matter. At this stage we are merely trying to making it clear that, on the facts of this case, it is impossible to conclude that the lower Tribunal allowed the management to justify the punishment on the footing of a charge which was not levelled against the workmen and to defend against which they had no opportunity.

16. We hold that the appeal of the workmen does not involve any substantial question of law and hence that it is not maintainable.

17. Out of the eleven dismissed workmen one Ramesh Gupta *alias* Rameshwar Gupta did not wish to press his appeal before this Tribunal as he was satisfied with the award which gave him compensation and he stated that he did not want reinstatement. At the same time the management stated that they would not press their appeal in respect of compensation so far as the said workman was concerned. These statements were recorded by this Tribunal in an order, dated 10th June 1954.

18. At the time of the hearing of these appeals the learned Counsel for the Mills produced a letter received by Messrs. Orr, Dignam & Co., Solicitors, 29 Netaji Subhas Road, Calcutta, purporting to have been signed by an Advocate called Shri Biswanath Ash, stating that on behalf of the workman Sarabani Chatterjee, he moved this Tribunal on 4th April 1955 for permission to withdraw the Appeal No. Cal.-40 of 1953 and that orders were passed striking out the name of the said workman from the appeal. No such application and order are traced in the records. The Counsel for the workmen denied that the said workman withdrew his appeal. Hence his appeal was heard on the supposition that it was not withdrawn. In the result Appeal No. Cal.-40 of 1953 preferred by the workmen is dismissed. No costs.

19. Next we come to the appeal preferred by the management of the Mills. The Company inflicted the punishment of dismissal for misconduct falling under Standing Orders 19(b)(3) and 19(b)(5) which is authorised by Standing Order 19(b). The lower Tribunal found that misconduct under Standing Order 19(b)(3) and 19(b)(5) was proved and that the Company was entitled to take disciplinary action, but that the punishment should be revised because, (1) the workmen used no violence, (2) the workmen were misguided and (3) the Company contravened the provisions of section 33 of the Industrial Disputes Act, 1947, as conciliation proceedings between the parties were pending on 23rd September 1950, and that the order of dismissal should not stand and then passed the award under appeal directing that the workmen should be discharged under section 18 of the Standing Orders and that they should be paid 7 days' wages in lieu of notice. Next the lower Tribunal proceeded to grant the workmen gratuity at the rate of 15 days' basic pay for each completed year of service subject to a minimum of 3 months' basic pay. The contention of the Company is that Standing

Order 18 does not at all apply to this case where misconduct is accepted by the lower Tribunal as proved justifying disciplinary action and that the workmen are not entitled to notice or wages in lieu of notice or gratuity. In so far as the contention relates to the applicability of Standing Order 18, it involves a substantial question of law within the meaning of section 7(1)(a) of the Industrial Disputes (Appellate Tribunal) Act, 1950, viz., interpretation of the Standing Orders as was held by this Tribunal in the decision reported in 1953, II L.L.J., page 822 (Cawnpore Textiles, Ltd.). The award of a week's wages in lieu of notice is based on Standing Order 18 only. So far as gratuity is concernd it is not based on any Standing Order 18 only. So far as gratuity is concerned it is not based on any Order. Hence it can only be gratuity on discharge in which case it falls under section 7(1)(b)(v) of the said Act. Hence this appeal is maintainable, in so far as it is against the award of gratuity.

20. The word "discharge" used by the lower Tribunal is not used in Standing Order 18 at all. The words "dispense with" are used in it and the title is "termination of employment". Hence the lower Tribunal must be taken to have used the word "discharge" to convey the meaning of nothing more and nothing less than termination of employment as a measure of punishment. Dismissal also is nothing more and nothing less than termination of employment as a measure of punishment. Thus termination of the employment of the workmen as a measure of punishment has been approved by the lower Tribunal. Standing Order 19 is specially provided for terminating employment as a punishment for several items of misconduct of workmen enumerated therein. Standing Order 18 provides for termination of employment by either party and unrelated to the conduct of the opposite side. Therefore, it is reasonable to conclude that the idea underlying the framing of two separate Standing Orders, viz., 18 and 19, one for punishment and the other for mere termination unrelated to the conduct of the workmen must be that Standing Order 19 should be exclusively resorted to when punishing workmen and that Standing Order 18 should be resorted to if the employment of workmen is to be terminated otherwise than as a measure of punishment.

21. Standing Order 18 provides for a week's notice or wages in lieu of notice whereas Standing Order 19 does not provide for notice or wages in lieu of notice. This is the obvious reason why the lower Tribunal substituted Standing Order 18 for Standing Order 19. We can understand the justice in giving notice or wages in lieu of notice in the case of termination of employment otherwise than by way of punishment because neither party should be taken by surprise and a party must be compensated if taken by surprise and thus inconvenienced. But in the case of termination by way of punishment which is brought on the workmen by their own misconduct, there can be no principle of law or equity which should require notice of termination or wages in lieu of notice. That is why Standing Order 19 does not provide for notice or wages in lieu of notice. We are clearly of opinion that Standing Order 18 does not apply at all to termination of employment of workmen as a measure of punishment for any of the items of misconduct described in Standing Order 19(b).

22. The award of gratuity is not supported by Standing Order 18 or any other Standing Order. If the award is of gratuity in the strict sense of the expression, viz., a variety of retiral benefit, the lower Tribunal had no jurisdiction to award it because there was no reference by the Government of any Industrial Dispute about gratuity between the parties nor is it an incidental matter. If what the lower Tribunal awarded is mere compensation for loss of employment, there can be no justification for granting compensation to workmen who are guilty of misconduct and who deserved termination of employment as a punishment as was held in the decision of this Tribunal reported in 1952 II L.L.J., page 648 (Punjab National Bank, Ltd., *vs.* Their workmen). Compensation for loss of employment can be awarded only if termination of employment by the Company is found to be unjust though reinstatement is found unsuitable and not in a case like ours where termination of employment is upheld but only under a name (discharge) different from the name used by the Company, viz., dismissal.

23. The lower Tribunal was free to choose a lower form of punishment to be inflicted on the workmen than that inflicted by the Company if it was so minded and if there be any extenuating circumstances. But to direct the Company to pay compensation to the workmen for loss of employmen is far from choosing a lesser form of punishment. It is in effect, penalising the Company for terminating the employment of the workmen, while finding that the workmen deserved the termination. Even the lower form of punishment must make the guilty persons alone suffer or lose and must not make an innocent party to the proceedings share the suffering or loss caused to the guilty persons in consequence of the punishment. Suppose a Magistrate sentenced an accused person to pay a fine of Rs. 1,000 and then asked the complainant to pay Rs. 500 out of it to the accused to make the burden of the accused bearable, it will not differ from the case on hand.

24. The Tribunal below relied on 3 circumstances for its award, viz., (1) that the workmen did not use violence. (2) that they were misguided.

(3) that the Company contravened the provisions of section 33 of the Industrial Disputes Act, 1947, in dismissing these workmen on 23rd September 1950. We are not able to see how the fact that the workmen did not use personal violence to the Manager is an extenuating circumstance. If personal violence was used besides depriving the Manager of his lunch in time by preventing him from going to his home for 3 hours or more, they would have deserved punishment at the hands of a criminal court also. The absence of personal violence is no circumstance which can minimise the gravity of the misconduct. If the workmen were misguided they misguided themselves and nobody else misguided them. Hence this also is no extenuating circumstance and does not minimise the gravity of the misconduct.

25. We are in agreement with the finding of the lower Tribunal that conciliation proceedings were pending between the parties on 23rd September 1950 and that the Manager contravened the provisions of section 33 of the Industrial Disputes Act, 1947, in ordering dismissal of the workmen on 23rd September 1950 without the permission of the conciliation officer. But we fail to see how this contravention of section 33 by the Manager on 23rd September 1950 could be an extenuating circumstance or could have the effect of minimising the gravity of the misconduct of the workmen which took place on 19th September 1950. The two are absolutely independent of each other and will have independent consequences. Thus we find that none of the circumstances mentioned by the lower Tribunal is an extenuating circumstance which can minimise the gravity of the misconduct.

26. Hence we hold that the award of gratuity to the workmen ordered by the lower Tribunal cannot be supported in any view. We are of opinion that nothing less than outright dismissal will satisfy the requirements of this case. But as the Manager should not have passed the orders of dismissal on 23rd September 1953, the orders should be given effect to only from a date on which the orders could have been passed without contravening section 33 of the Industrial Disputes Act, 1947.

27. Appeal No. Cal.-37 of 1953 preferred by the Company is allowed except as against Ramesh Gupta *alias* Rameshwar Gupta. We set aside the order of discharge on payment of one week's wages in lieu of notice and gratuity passed by the lower Tribunal on the other 10 workmen, and in its place we order that the punishment of dismissal inflicted by the Manager shall stand but that it shall take effect from the date on which conciliation proceedings found by the lower Tribunal to be pending on 23rd September 1950 must be deemed to have concluded under section 20 of the Industrial Disputes Act, 1947. No costs.

Notices were issued on both parties, who appeared and filed written statements setting forth their respective cases.

The Union, in its written statement, states as follows:—

The Union was formed in May 1954. The Union submitted a charter of demands as mentioned in Appendix A on 18th January 1955. The charter of demands comprises of ten items of demands. Four of the items have been referred for adjudication in the order of reference. The details of the claims of the Union in regard to the issues referred for adjudication will be considered at the time of the decision of the issues.

The Company, in its written statement, states as follows:—

The Company has suffered immeasurable financial set-back during recent years and the export of one of its products, linseed oil, has dwindled to a very negligible quantity due to keen competition in the international market. As a consequence of the curtailment of export, the volume of work in the oil mills of the Company has been much reduced, resulting in loss to the Company in trade and profit. In the field of mustard oil even, there is heavy competition in the market and the position is daily deteriorating. The Company at one time thought of drastic reduction of their labour force commensurate with the requirements but finally retained all the workers in service on the representation of the West Bengal Oil Mills Workers' Union and also for the purpose of avoiding any industrial unrest and affording maximum accommodation to the workmen. The contending Union is advancing unreasonable demands which are held out before the workmen as their real grievances without any reference to the actual condition of the industry. The reply of the Company in regard to the issues mentioned in the order of reference will be considered at the decision of the issues.

The appearances for the parties were as follows:—

For the Union: Shri S. K. Ganguli, Secretary.

For the Company: Shri M. Saha, Advocate, and Shri H. L. Roy, Pleader, assisted by Shri H. K. Ghosh, an Officer of the Company.

The issues framed for the decision of this case are the same as those mentioned in the order of reference and are as follows:—

Issues

(1) Rate of Wages of different categories of workers.

(2) Service condition.

(3) Provident Fund and Gratuity.

(4) Bonus.

AWARD

Decisions

Issue No. 1.—Rate of wages of different categories of workers.—The Union states in its written statement that in the year 1952 the ghanimen were getting Rs. 91 per month for six pressings in 8 hours but that thereafter they have been executing seven pressings during the same period without any increase of wage. The Union, therefore, claims for increase of the existing wage of all the workers by 25 per cent. The Company states that it is fully adhering to the last award made in 1952 in respect of workers who have been broadly classified into two categories, skilled and unskilled, in the mills. The ghanimen (skilled) and coolies (unskilled) of the Lakshmi Oil Mills are the two categories of workers, who are paid fortnightly on the basis of consolidated monthly wages inclusive of dearness allowance at the following rates:—

(*i*) Ghanimen (skilled)—Rs. 91 per month.

(*ii*) Coolies (unskilled)—Rs. 57-8 per month.

It is stated that the industry has no capacity to pay more to the workers. These wages as paid by the Company to the above two categories of workers exceed the wages fixed as minimum wages for the oil mills in West Bengal by the State Government. The minimum wages as fixed by the Government are Rs. 50 inclusive of dearness allowance per month for unskilled labourers and Rs. 76 inclusive of dearness allowance for skilled labourers. The claim of increase of 25 per cent. in the existing rates of wages is wholly unjustified and should be rejected.

P.W. 1 Shri Tarapada Banerji, P.W. 2 Shri Babulal and P.W. 3 Shri Mal Chand Gossain were examined for the Union. O.P.W. 1 Shri Phani Bhusan Basu was examined for the Company. P.W 1 states that the *ghanies* of this Company are of 20 seers, and the ghanimen used to have six pressings in a 8-hour day till the date of the award of the Tribunal over this mill and other mills, published in the *Calcutta Gazette*, dated 20th March 1952, and that after the date of this award, the Company resorted to seven pressings a day, as it was authorised in this award. The ghanimen used to get Rs. 91 per month while doing six pressings in a day of 8 hours and when the pressings were made seven in the day, even then the wage was Rs. 91 per month and not more. It is stated that as a result of the increase of the number of pressings in a day from six to seven, the workload has increased. In cross-examination, this witness states that the ghanimen worked for 8 hours in a day without any recess. He was not aware if there was any protests for not granting half an hour's tiffin recess in accordance with the terms of the Tribunal award. The witness also states that the workers did not inform the Factory Inspector about this grievance. The evidence of P.W. 2 and P.W. 3 does not relate to the issue in question. O.P.W. 1 states in his evidence that the Company is paying more than what has been provided for in the last award.

The award of the Fourth Industrial Tribunal, Calcutta, on the industrial dispute between Messrs. Lakshmi Oil Mills and five other mills and their workmen, published in the *Calcutta Gazette*, dated 20th March 1952, dealt in one of its issues about fixation of a normal standard limiting the maximum number of pressings and the number of ghanies to be attended to by a worker in the course of a day. The Government of West Bengal, in the Department of Labour, by notification No. 1121Lab., dated 9th January 1950, appointed a Committee to hold enquiries and to advise the Government in fixing minimum wages in respect of employment in the oil mills in West Bengal. The report of this Committee was sent to

the Government on 12th December 1951, and by notification No. 1486Lab., dated 7th March 1951 (*Calcutta Gazette*, dated 15th March 1951), the Government was pleased to fix the minimum rates of wages payable to employees employed in the oil mills in the State of West Bengal, as specified in the schedule annexed thereto. In accordance with that schedule, minimum rates of basic wages and dearness allowance payable to the employees of oil mills in Calcutta and Howrah so long as the cost of living index was 350 with 1939 as 100 were fixed as follows:—

	Daily rate.			Weekly rate.			Monthly rate.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
I. Unskilled—									
(a) Basic wage	1	0	0	6	0	0	26	0	0
(b) Dearness allowance ..	0	14	9	5	8	6	24	0	0
Total	1	14	9	11	8	6	50	0	0
II. Semi-skilled—									
(a) Basic wage	1	3	9	7	6	0	32	0	0
(b) Dearness allowance ..	0	14	9	5	8	6	24	0	0
Total	2	2	6	12	14	6	56	0	0
III. Skilled—									
(a) Basic wage	2	0	0	12	0	0	52	0	0
(b) Dearness allowance ..	0	14	9	5	8	6	24	0	0
Total	2	14	9	17	8	6	76	0	0

By notification No. 4163Lab., dated 4th July 1951 (*vide Calcutta Gazette*, dated 12th July 1951), the Government of West Bengal, in the Department of Labour, fixed for the employees in the oil mills in the State of West Bengal, the hours of work constituting a normal working day, the period of interval for rest, the day for weekly rest, and the rate of overtime in a schedule to the notification. Eight working hours including an interval of rest for half an hour was ordered to constitute a normal working day and six such days in a week provided that all or any section of employees in any oil mill may be required by the employer to work up to nine hours in any day subject to the weekly limit of 48 hours. It was further ordered that work in any oil mill, which is a factory within the meaning of the Factories Act, 1948 (LXIII of 1948), shall be subject to the condition laid down in Chapters VI and VII of the Factories Act, 1948. Sunday is the day for weekly rest and for work beyond normal working hours the employees are to be paid at double the ordinary rate, in accordance with the provisions of section 59 of the Factories Act, 1948. The award, dated 1st March 1952, between Lakshmi Oil Mills and five other mills and their workmen directed that the normal wage is to be received by a ghaniman for 11 pressings of a line of 12 *ghanies*, each *ghani* having a capacity of 10 seers seeds and of seven pressings of a line of 12 *ghanies*, each *ghani* having a capacity of 20 seers seeds. It was further awarded that if the pressings were less on account of want of raw materials or any other reason, the wage received by the workmen would not suffer on that account, and that if the pressings in the 8-hour day were more than the standards mentioned above, the ghanimen would receive an extra wage of 4 annas 3 pies for every extra pressing of 12 *ghanies*, each *ghani* having a capacity of 10 seers, and an extra wage of 6 annas 6 pies for every pressing of a line of 12 *ghanies*, each *ghani* having a capacity of 20 seers seeds. It is also mentioned in this award that in the Lakshmi Oil Mills where a *ghani* had the capacity of 20 seers seeds the average number of pressings made by the ghanimen per day in July, August and September were 5½. The Union, therefore, claimed that inasmuch as there were only six pressings per day in this mill before the date of the award above-mentioned and the number of pressings were increased to seven after the

date of that award, there was an intensification of the workload on the ghanimen and, therefore, there should be a rise in the wage. It is, however, clear that whereas the minimum wage of the skilled worker, i.e., the ghaniman, was Rs. 76 by the notification under the minimum Wages Act, the wage for a ghaniman in this Company was Rs. 91 per month. The minimum wage for an unskilled worker was fixed by the notification to be Rs. 50 per month, while this Company paid him Rs. 57 per month. The workmen of this Company were, therefore, in receipt of monthly wages which were more than the minimum notified wages. The workmen and the Company are both bound by the award, dated 20th March 1952, which fixed the normal standard limiting the maximum number of pressings and the number of *ghanies* to be attended to by the worker in the course of the day. The workers are, therefore, bound to execute seven pressings of a 20-seer *ghani* during a normal day of 8 hours, although they were doing fewer number of pressing before the date of the last award. In view of the fact, however, that the Company has been already paying much more than the notified wages, I do not consider that the claim for increase of wage is justified and this issue is accordingly answered.

Issue No. 2.—Service Condition.—The Union states on this issue as follows:—

(*a*) The workers are working overtime, but are not getting double rate of wage as per Factory Act, 1948.

(*b*) Considerable number of workers are laid off and these laid-off workers are not paid the lay-off compensation in accordance with the Act. Regular workers are laid off and new and casual workers are recruited to carry on the work of production. No attendance register is maintained during the lay-off period and no notice for joining duty is issued to individual workers. The Company is endeavouring to drive out the laid-off workers and replace them by new hands. It is, therefore, prayed that the workers working for less than six months may be given compensation for involuntary unemployment, and the workers working for more than six months may be made permanent.

(*c*) As the workers' incomes are very low, they cannot afford to pay house rent and are compelled to live in inhuman condition in the unhealthy *bustees*. The workers of Messrs. Bhagat Oil Mill are getting the benefit of free quarters. Suitable free quarters should be given to the workers of this mill.

(*d*) The workers working in the night shift are to pay more attention and energy in order to accomplish their jobs. They should be allowed special allowance.

The Company, in its written statement, states as follows:—

(*a*) The Company does not permit any overtime work, save and except in extreme cases of absolute necessity only. The workers are paid overtime wages under the provisions of the Factories Act whenever they have to work overtime.

(*b*) The statements made by the Union with reference to lay-off are denied. There has not been a single case of lay-off in this Company. This is a baseless and malicious allegation against the Company. Even in face of adverse circumstances affecting trade, the Company has never taken recourse to involuntary unemployment of workers. The Union has misconstrued the automatic termination of service of casual workers whose employments become indispensable at times of shipments as well as of speedy despatches and unloadings. With reference to Union's allegations regarding recruitment of casual workers, the Company states that to handle shipments and loadings and unloadings of consignments,

sometimes workers have to be taken casually when it becomes imperatively necessary in cases of emergency but their employments automatically terminate on the completion of the specific or particular jobs for which they are appointed.

(*c*) Free quarters: With reference to the Union's demand for free quarters or house rent in lieu thereof, the Company states that it is beyond its financial capacity to provide free quarters or grant rent in its exchange to the workmen. The Company is a very small unit, both in financial capacity and size. It does not merit any comparison with Messrs. Bhagat Oil Mills. Building of houses for accommodating workmen in a city like Calcutta by the Company is financially impossible.

(*d*) The workers have to work in the night shift by rotation as and and when their turn comes. The Union's demand for special allowance to the workers of the night shift is unjustified on the plea that they have to pay more attention and energy. The Company, therefore, opposed the claim for special allowance.

P.W. 1 Shri Tarapada Banerji states in his examination-in-chief that there was overtime work in 1955. In cross-examination, he says that the workers had overtime work at least more than once every month on Sundays, that they were paid single wages previously, but on the last occasion, the Company paid them double wages, and after that the Company did not call them for overtime work. This payment of double wages was made about two months ago. He also states that the workers informed the Factory Inspector about this non-payment of double wages for overtime work. O.P.W. 1 Shri Phani Bhusan Basu states that the Company does not work overtime since May or June 1955, and payment for overtime work is always made in double wages. The Inspector of Factories inspected the Company's books after a complaint by the Union over this matter. The Inspector of Factories after being satisfied signed on the Company's books. Exhibit A is the overtime wage register, and Exhibit B is the payment register. Exhibit B shows the signature of the Inspector of Factories on 9th June 1955. The plea of the Union that the Company did not pay double wages under the Factories Act for overtime work does not appear to be justified.

The plea of the Union that permanent workers were laid off and casual workers recruited to continue the work of production and by this method the Company endeavours to drive out the old workers and replace them by new hands has not been justified in evidence. It appears that no case of lay-off of a permanent worker has been proved in evidence. At the time of the argument, the learned spokesman for the Union named some casual workers whose services had been terminated after some time. There can be no doubt that casual workers and temporary workers have to face termination of their jobs after the completion of the job or after the expiry of the period for which they were employed. This is not a case of lay-off or involuntary unemployment of a permanent worker requiring payment of compensation under the Act. The plea that the Company haphazardly laid off workers to drive out the old workers and replace them by new hands is unworthy of support. There is no substance in this contention.

The Union prayed for suitable free quarters. It was urged that Messrs. Bhagat Oil Mills in Calcutta were granting the benefit of free quarters to their workmen. It is in evidence that Messrs. Bhagat Oil Mills is the biggest unit in the industry and employs more than four times the number of workmen in the present Company. The provision for house rent is made in calculating the cost of living on which the minimum

wages as mentioned above were fixed by the Minimum Wages Advisory Committee. Normally, it is not the function of the Management to provide accommodation for its employees, although the principle is subject to qualification in certain cases where the Company sets up an establishment in a rural area (*vide* the case of Associated Cement Companies, 1953 L.A.C., 677 at page 683). In the Jute Textile Mills in West Bengal or in the Textile Mills in Bombay, no separate house rent is paid and house rent is ordinarily considered to be an item which must be borne by the employees. The claim for free quarters or for house rent in lieu thereof is not worthy of support and is rejected.

The Union claims for special allowance for the night shift workers on the ground that the workers working in night shift are to pay more energy and attention in order to accomplish their job. In the present case, the Company works the factory in three shifts of 8 hours each, and all the workers have to work in night shifts by rotation. In these circumstances, the claim for additional allowance for the workers who work in the night shift is not justified. It has been decided in the case of Firestone Tyre & Rubber Co. of India Ltd., reported in 1953 L.A.C., 509, at page 511, that it is a common feature in all industries where there are three shifts that some of the workmen should have to work at night and in such cases the wage structure assumes that the workmen should be required to do night shifts in turn. The learned Tribunal decided that when it is not suggested that any of the workmen is not permanent night shift worker, no special allowance should be given for work in the night shift. This decision was given following the decision of the same court in the case of the Fertiliser and Chemicals Travancore Ltd., Alwave [1951(II) L.L.J., 211]. These decisions have been approved by the Full Bench of the Hon'ble Labour Appellate Tribunal of India in Messrs. Asbestos Cement Ltd., reported in 1954 L.A.C., 1 at 4. It is, therefore, clear that the claim for special allowance for the night shift workers is incompetent. This claim is, therefore, rejected.

Issue No. 3.—Provident Fund and Gratuity.—The Union prayed for introduction of Provident Fund scheme in the industry. It also prayed for gratuity on the basis of one month's wages for every year of service. The Company states that in view of its financial condition, it is incapable of introducing any Provident Fund or Gratuity scheme. At the time of the hearing, the Company filed the Ext. E, a letter from the Government to the Manager of the Lakshmi Oil Mills, stating that the Employees Provident Fund Act, 1952, is going to be extended to the workers of the present Company. The learned advocate for the Company informed me that the Provident Fund scheme under the Employees' Provident Fund Act, 1952, is very shortly going to be introduced in this Company. That being so, I do not consider that any award on this question should be made by this Tribunal.

I do not consider that an additional retiring benefit in the form of a gratuity scheme should be introduced over and above the Provident Fund, which is going to be introduced by the Government soon. The claim is unworthy of support and is rejected.

Issue No. 4.—Bonus.—The Union states that previously workers were getting bonus equivalent to two months' wages annually but that the Company has reduced the same to one month's wage in spite of sound financial position. The Union, therefore, claimed two months' wages as bonus for the year 1955. The Company states in its written statement that the Management has made so long *ex-gratia* payment of one month's basic

wages as bonus without any reference to profit or loss on the representation of the West Bengal Oil Mill Workers' Union. The *ex-gratia* payment of one month's basic wages as bonus was made on a clear understanding that it will never be cited as a precedent for customary or Puja bonus. The Union's exorbitant demands for bonus are unwarranted and unjustifiable. Even by the application of the formula enunciated by the Full Bench of the Hon'ble Labour Appellate Tribunal of India in the Mill-owners' case, no bonus would be payable, as there would be no available surplus. At the time of the evidence, O.P.W. 1 Shri Phani Bhusan Bose stated that bonus was given for one month's wage in 1952-53, 1953-54 and 1954-55 as *ex-gratia* payment and that no payment was made in 1947-48, 1948-49 and 1949-50. In 1950-51 some of the employees were paid bonus and no bonus was paid in 1951-52. In 1947-48, however, an Independence Bonus for 15 days' wages was paid. The Assessment Orders of the Income-tax Officer, Exts. C, C(1) and C(2) for the years of assessment 1949-50, 1950-51 and 1951-52 show loss. The Assessment Orders of the subsequent years have not been received by the Company. The Company stated that it suffered loss also in 1952-53, 1953-54 and 1954-55. The claim is for bonus on the trading profits of the year 1954-55. At the time of the hearing, the parties came to an amicable settlement at my suggestion on this issue and it was agreed that the Company would make an *ex-gratia* payment of one month's wage to all permanent workers in lieu of their claim for bonus for the year 1955, and that this *ex-gratia* payment of one month's wage will be restricted to those who received similar payments in the year 1954, and that this payment should not be treated as a precedent in future. This petition is Appendix A to this award. The agreement in Appendix A appears to be reasonable and I, therefore, award in accordance with the terms thereof. This issue is accordingly answered. Appendix A shall form a part of this award.

Messrs. Luxmi Oil Mills

And

Their workmen represented by the Union of Oil Mill Workers.

The joint and humble petition of the Luxmi Oil Mills and their workmen represented by the above Union.

MOST RESPECTFULLY SHEWETH :

That at the suggestion of the learned Tribunal the parties to the dispute have come to a settlement with regard to issue No. 4 "Bonus" to the following effect.

That the Company Luxmi Oil Mills will make an *ex-gratia* payment of one month's wages to all permanent workers of the Company in lieu of their claim for bonus for 1955 and this *ex-gratia* payment of one month's wages will be restricted only to those who received similar payment in the year 1954. This payment should not be treated as precedent in future. So it is prayed that the Tribunal may be pleased to record this settlement against the claim of bonus for 1955.

ORDER

No. 2790Dis./D/10L-100/56.—25th June 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 695Dis./D/10L-2/54, dated the 13th February 1954, read with its Corrigendum No. 2313Dis./D/10L-2/54, dated the 4th May 1954, the industrial dispute between Messrs. And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made before the said Tribunal by Shri Jhagru Jeswara, a worker of the said Company, against the said Company, alleging that the said Company had punished the said worker concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Jhagru Jeswara against Messrs. Dhur Tin Factory of 101 Akshoy Kumar Mukherjee Road, Calcutta-36, in connection with an industrial dispute between Messrs. Dhur Tin Factory and their workman referred under Government order No. 695Dis., dated 13th February 1954 (case No. 80 of 1955).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the workman: Shri Panchanan Bhattacharji.

For the Company: Shri P. K. Sanyal, Advocate.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act was filed by Shri Jhagru Jeswara stating that he was a permanent employee of Messrs. Dhur Tin Factory, that he had been dismissed on 4th May 1954, that there was no charge-sheet against the petitioner, that under the circumstances the petitioner prays that an award may be passed directing the employers to reinstate him with full compensation for the period of idleness.

Notice of the aforesaid complaint having been served on the Opposite Party, the Company filed its written statement in which it contended that the worker Jhagru Jeswara remained absent without leave for more than six months since 25th May 1953, that the workman by his such long absence without leave lost all lien on his service and his place was duly filled in, that there was no justification whatsoever for his long absence, that the service of the said workman was terminated by his own action, that in the circumstances the Opposite Party submits that the application as such is not maintainable both in law and in equity and should be dismissed as merely harassing and speculative.

The only point which arises for decision is:

Whether Jhagru was in the employ of the Company and was dismissed on 4th May 1954? What relief, if any, can he get?

AWARD

The case of the Union is based on Ext. D. It shows that in course of conciliation before Miss R. Dutta, Labour Officer, West Bengal, on 30th March 1954, it was agreed by the parties that "Jhagru Jeswara will be

reinstated in service from 2nd Baisakh 1361 B.S. and the period of his absence would be treated as leave without pay". The Union's case is that after this order Jhagru was reappointed and he worked till 4th May 1954 when he was again dismissed. Immediately after that on 10th May 1954 Union complained about it to the same Labour Officer Miss R. Dutta and they pushed the matter over there for some time but when the attempt for a settlement proved abortive they applied for a copy of the proceedings on 1st June 1954 and the Labour Officer forwarded the copy of the proceedings by Ext. D in first part of August 1954 and on getting this copy the Union filed this complaint on behalf of the worker on 26th August 1954 and hence this delay has been properly explained.

Much was made by the learned Advocate for the Company regarding the letter Ext. C, dated 11th June 1954, in which the Labour Officer wanted to know the decision of the Company regarding the matter of reinstatement of Jhagru and from it the learned Advocate argued that this document shows that the conciliation was still going on, therefore, Ext. D is apparently a faked document. I have considered the matter in the light of the circumstances of the case but I am unable to subscribe to this interpretation on the language of the document. The document read in the above context obviously shows that the Labour Officer only wanted to know what was the reaction of the Company regarding complaint of the Union made to her by Ext. 6, dated 10th May 1954. In my opinion she referred to the joint discussion made on 27th May 1954 simply to remind the Company regarding the agreement, dated 30th May 1954, and she wanted to know if the Company wants to drag on with the matter any further or if they were minded to have the differences squared up even now. But obviously the reaction on the Company being unfavourable she was forced to issue out the copy of the proceedings to the parties and to ask the Union to take legal steps which the Union had done by making a timely petition before this Tribunal. Of course, the Company in its turn immediately denied the agreement but this was only consistent with the attitude which the Company has shown towards the workman.

From the evidence it seems to me that the Company had deliberately stooped low even to fabricate evidence in order to suppress altogether the fact that Jhagru had worked again in the Company for some days after 2nd of Baisakh 1956. They have not taken his *hazira* with the permanent workers of the firm in Ext. B and they even now tried to hold him out to be a temporary worker by writing the word "temporary" on the *hazira* book here and there. But unfortunately they had to admit later on that when Jhagru went on leave he was a permanent worker. So, in terms of Ext. D he was to be reinstated as a permanent worker the period of his absence being regarded as leave without pay. But the Company designedly kept note of his attendance with the other temporary workers. Here also for fear of detection Company at first held out that it had no other *hazira* book except Ext. B but later it was forced to admit that *haziras* of temporary men like carpenters or mistries are not entered in Ext. B but for them notes of *hazira* are kept in a separate book and wage payments are made by vouchers. But all these documents have been withheld. O.P.W.s have deliberately perjured to support a new and concocted case. But P.W.s have proved that Jhagru went home on leave for 1½ months without pay on account of his wife's death. They have also proved the fact that he came back within one month after that but he was denied his post whereupon he complained to the Labour Officer that during conciliation it was agreed as in Ext. D and in terms of the agreement the man

actually worked during the period 2nd Baisakh till 21st Baisakh when he was again discharged, that during this period his *hazira* was kept in separate book with the temporary workers like carpenters and painters and his wages were paid on vouchers, that to suppress the real fact all these documents have been suppressed by the Company. As already stated O.P.W.'s have denied these stories but they are belied by the circumstances and the probabilities of the case. Their evidence stands self-condemned as during cross-examination they had to admit that workers occasionally go home on leave without pay and O.P.W. 2 even admitted that he accompanied the proprietor to the Labour Commisisoner's Office on an occasion when there was a talk of compromise concerning the issue of Jhagru Jeswara but no proceeding was drawn up and placed before them for signature. But these are only half-truths and basing on these statements it is impossible to say that Ext. D is a faked document.

I, therefore, hold Jhagru was reappointed and subsequently discharged with the object of victimising him. He is, therefore, entitled to the reinstatement with back pay and I award accordingly.

ORDER

No. 2842Dis./D/10L-26/55.—29th June 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 5524Dis./D/10L-45/53, dated the 26th November 1954, the industrial dispute between Messrs. BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Miscellaneous case No. 36 of 1956 under section 33A of the Industrial Disputes Act.

Shri Raghunath Prosad and Shri Rambali Ahir, 1 Joy Bhattacharjee Lane, Calcutta ... ... Petitioners,

versus

Messrs. G. T. R. Co. Private Ltd., 37 Dum Dum Road, Calcutta-30 ... ... Opposite Party.

For the Petitioners: Shri Panchanan Bhattacharya.

For the Opposite Party: Shri N. M. Das Gupta, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Raghunath Prosad and Shri Rambali Ahir. They alleged that although they were permanent workers in the Opposite Party Company, they were discharged during the pendency of adjudication proceedings without permission. They, accordingly prayed for reinstatement as also payment of compensation for the period of unemployment.

The Opposite Party Company opposed the application. It was stated that the application under section 33A was not maintainable. The Opposite Party denied that petitioner Shri Raghunath Prosad was an employee of the Company and pleaded that he was the personal driver of Shri D. Sinha, who happened to be the Director of the Company; that petitioner Raghunath Prosad used to be paid his wages by Shri D. Sinha and not by the Opposite Party Company; that Shri D. Sinha disposed of his car and as such services of Shri Raghunath Prosad were no longer required by him and that his due salary was sent by said Shri D. Sinha by money order but Shri Raghunath Prosad refused to accept the same with *mala fide* intention.

Regarding the petitioner Shri Rambali Ahir, the Opposite Party pleaded that he was a cooly employed purely on casual and temporary basis as and when required on "no work no pay" basis; that he (Shri Rambali Ahir) occasionally worked on casual and temporary basis for some time in 1954 and 1955 and that the Opposite Party did not discharge him. It was said that he was not available after he had last left Company's work.

The Opposite Party accordingly submitted that the complaint should be rejected.

Decision

Petitioner Shri Raghunath Prosad (P.W. 1) is a driver. He claimed to have joined service in the Opposite Party Company as a driver in September 1953 and to have been discharged in August 1955. There is, however, no document or any other witness to support his case. The attendance register of the Opposite Party Company, Ext. C, on the contrary shows that P.W. 1 Shri Raghunath Prosad did not work in the Company during the period. P.W. 1 Shri Raghunath Prosad admitted in his deposition that his name was not entered in the attendance register of the Opposite Party Company. In cross-examination P.W. 1 said that he could not say whether in the wage-sheets in which the Company used to pay wages to the employees his name appeared. Exhibit D is the pay register in respect of monthly paid employees covering the period in which P.W. 1 claimed to have served. The said register, too, shows that he was never paid wages by the Company. The other wage registers, Exts. B and B1, for payment of wages to the workers of the workshop for the years 1954 and 1955, likewise do not show payment by the Company to him. These therefore support Company's case that P.W. 1 was not an employee of the Opposite Party Company.

Though denied in examination-in-chief, Shri Raghunath Prosad had to admit in cross-examination that Shri D. Sinha, Director of the Company, owned an old car. He further admitted that the said car was sold away 2/3 months before he was discharged and that the money order coupon shown to him was refused by him. Exhibit A is the said money order coupon. It was, however, sent by Shri D. Sinha to Shri Raghunath Prosad remitting his salary of Rs. 100 for the month of July 1955 less the money order commission of Rs. 1-14. It was stated therein that as his car was sold away, services of Shri Raghunath Prosad were no longer required and that as he was not taking his salary, though repeatedly asked to do so, it had to be sent by money order post less the money order commission. The said money order was sent long before the complaint under section 33A was filed. The allegations in the money order coupon that Shri Raghunath Prosad was in service under Shri D. Sinha and that he was being paid by him as revealed therein cannot be lightly brushed aside. From the evidence and circumstances, I believe the case of the Opposite Party Company that Shri Raghunath Prosad was in the employ of Shri D. Sinha, Director of the Company, and not in the Opposite Party Company.

No doubt the evidence disclosed that the petitioner Shri Raghunath Prosad did occasionally drive the van belonging to the Company but this fact cannot make him an employee of the Company. It appears that while holding employment under the Director, Shri D. Sinha, he did so casually on the contract basis with the tacit consent of his employer for earning extra money. Had Shri Raghunath Prosad been directly in the employ of the Company, his name would have been entered in the attendance register as well as in the wage register, and the money order would not have been sent by Shri D. Sinha. The allegation of Shri Raghunath Prosad that the Management became displeased with him as he joined the Union, as he was selected as witness of the Union in a case, as he demanded provident fund and as he instituted a case for overtime, is afterthought and unreliable. The employment, it appears, was terminated as Shri D. Sinha had sold away his car in July 1955. Ramapati Dutta, it appears, is not

Opposite Party's driver but of Shri Bhattacharya, the Engineer of the Company. Complaint of Shri Raghunath Prosad is accordingly held to be without any foundation.

The other petitioner Shri Rambali Ahir did not appear before the Tribunal to support his complaint. P.W. 1 Shri Raghunath Prosad, who deposed on his behalf, had to admit that he met Shri Rambali Ahir for the last time 2/3 months ago when Shri Rambali Ahir disclosed that he would not come to the Tribunal as he was not quite well. It would thus appear that Shri Rambali Ahir was not at all serious about his complaint. The evidence of D.W. 1, Dhirendra Chandra Dutta, on the contrary, reveals that Shri Rambali Ahir was a temporary cooly who used to be employed only for a term of three months at a time and that when his last term for three months expired in June or July 1955, his employment ceased. His evidence further discloses that as Shri Rambali Ahir did not thereafter turn up no question of employing him did arise. As he was a temporary workman appointed for a fixed term, it is obvious that his employment ceased automatically on expiry of the fixed term and thus section 33 was not attracted. A casual and temporary worker appointed for a given time ceases to be a workman after the period is run out (*vide* 1954 L.A.C., 329). Thus in his case, too, there was no contravention of section 33 of the Act.

The petition under section 33A must therefore fail.

It is awarded accordingly.

ANNEXURE

In the matter of a complaint under section 33A of the Industiral Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Asraf Ali, an employee of Empire Bone Mills, represented by Empire Bone Mills Mazdoor Union, post office Bansberia, district Hooghly, against the Empire Bone Mills, post office Bansberia, district Hooghly (case No. 59 of 1956 under section 33A).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances:

For the Company: Shri S. Manna, Bar.-at-Law, with Mr. Ezra, Solicitor of Messrs. Victor Moses & Co., Solicitors.

For the employee: Shri J. Pandey, Advocate.

The Government of West Bengal, Labour Department, by order No. 4045Dis./D/11L-53/55, dated 31st August 1955, referred the original dispute existing between Empire Bone Mills, post office Bansberia, district Hooghly, and their workmen represented by Empire Bone Mills Madoor Union, post office Bansberia, district Hooghly, regarding the matters specified in the schedule to this Tribunal for adjudication. The award of the Tribunal in respect of the proceedings was made on 17th March 1956 and the award has since been published in the *Calcutta Gazette*.

AWARD

During the pendency of the original dispute, the present complaint purporting to be under section 33A of the Industrial Disputes Act, 1947, was filed before this Tribunal on 19th March 1956 by the employee Asraf Ali on the allegation that while the original dispute was pending before this Tribunal, the Opposite Party, Empire Bone Mills, in contravention of the provisions of section 33 of the Act, dismissed him summarily with effect

from 27th February 1956 without taking permission from the Tribunal. The said order of dismissal has been characterised as unjustified and illegal. It is alleged that the petitioner was victimised, simply because he happened to be a member of the Empire Bone Mills Mazdoor Union. So, reinstatement with back wages was claimed by the petitioner.

The Opposite Party denied that there was any contravention by the Company of section 33 of the Industrial Disputes Act, 1947. It stated that on 24th February 1956 at about 11-10 a.m. while the Company's Manager, Mr. H. N. Ray, was going to his bungalow from the Mill's Office, a crowd of over 30 workmen began throwing stones and brickbats and shoes at him, and that the present petitioner was one of those workmen. As a result of the above incident, the said Manager decided to dismiss the petitioner summarily, and by a letter, dated 27th February 1956, he informed the petitioner accordingly.

Admittedly the original dispute was pending before this Tribunal at the relevant time. Exhibit 1 is the letter that was issued by the Manager to the petitioner. It is dated 27th February 1956. This letter goes to show unmistakably that the petitioner was summarily dismissed from 27th February 1956. As the original dispute was pending before this Tribunal at the time, the Company had no right to dismiss the petitioner in this fashion, without the express permission of the Tribunal. But obviously, no such permission of the Tribunal was taken before dismissing the petitioner. So, there can be no manner of doubt that section 33 of the Act was contravened. My attention was drawn to the fact on behalf of the Company that in this letter (Ext. 1), it is also stated at the end that pending decision from the Tribunal, the petitioner would remain suspended. Relying on this, Mr. Manna, learned Counsel on behalf of the Company, has argued before me that the petitioner was not actually dismissed, but he was kept under suspension pending permission from the Tribunal, and that this suspension was made by way of security measure. I must say straightway that I am unable to agree with Mr. Manna on this point, on a perusal of the letter itself (Ext. 1). The language used in that letter is that the petitioner is summarily dismissed from 27th February 1956. In the face of such clear and unequivocal expression, it cannot be held by any stretch of imagination that the petitioner was not actually dismissed, but was kept under suspension as a security measure pending decision from the Tribunal. In my view, the words "pending decision from the Tribunal you will remain suspended forthwith" as used in the aforesaid letter at the end, were put deliberately by the Manager with a view to avoid the application of section 33 of the Act. It is not capable of any other explanation or interpretation. The Tribunal, therefore, comes to the conclusion that there was contravention of section 33 of the Act in the present case. So, the application under section 33A is competent.

It is now well settled that where section 33 has been contravened, the Tribunal must enquire into the merits of the discharge or dismissal on a complaint being made under section 33A. As the complaint has to be investigated by the Tribunal, as if it were a dispute referred to or pending before it, the scope of investigation on the merits must exactly be the same where the subject-matter of the challenged discharge or dismissal had been the subject-mater of an independent reference under section 10 of the Act. The merits of the impugned dismissal are, therefore, to be considered by the Tribunal. This leads me necessarily to enter into the merits of the dismissal of the petitioner. The main charge as could be gathered from the letter of dismissal sent to the petitioner on 27th February 1956 (*vide* Ext. 1), was that on 24th February 1956 at about 11-10 a.m. in front of the main gate of the mill, the petitioner along with other

workers threw brickbats at the Manager, and abused him in filthy languages. Such a charge against a worker, if established as true, is indeed a serious misconduct, which justifies summary dismissal. But the question is whether the aforesaid charge is true, and has been substantiated by the materials on record. The petitioner himself has denied the charge levelled against him. He has deposed before this Tribunal that he did not, along with others, throw brickbats at the Manager on 24th February 1956 at about 11-10 a.m. in front of the main gate of the mill, nor did he abuse him in filthy languages. He has stated that at that time, he was not in front of the main gate, but he was inside the mill taking his meal in the canteen. Shri H. N. Ray, the Manager, Shri S. K. Mukherjee, Assistant Maintenance Engineer, Shri Padam Bahadur, a darwan of the mills, and Persia, a coolie sardar of the mills, have been examined on behalf of the Opposite Party to prove the alleged incident. O. P. W. 1 Shri H. N. Ray, the Manager, has no doubt spoken about the incident. He has also stated that the present petitioner was involved in that incident, and took a leading part. He has further said that he saw the present petitioner amongst the persons who shouted slogans and abused him in filthy languages, and that he was also one of the workers who threw brickbats and shoes at him. O. P. W. 2 Shri S. K. Mukherjee, Assistant Maintenance Engineer, has also corroborated the Manager. O. P. W. 3, Shri Padam Bahadur, darwan and O. P. W. 4, Persia, a coolie sardar, have also deposed in the same tone. But the point is whether the evidence of all these witnesses can be accepted, in view of what has transpired from the documentary evidence. Shri H. N. Ray, Manager, has admitted in his cross-examination that he sent a letter to the Thana Officer about this incident, and he has proved a copy of that letter, which is Ext. A. It is interesting to note that in this letter, which is addressed to the Officer-in-Charge, Magra police-station, by a person no other than the Manager himself, no mention is made of the name of the present petitioner. This letter was written on the very date of the incident, that is, on 24th February 1956 by the Manager himself. It has transpired from his evidence that the petitioner took a leading part in the incident. If that was so, how could the Manager omit to mention his name in the letter written to the Officer-in-Charge, Magra police-station, regarding the incident. It cannot be believed readily that the name of the petitioner escaped through inadvertence. According to him, the petitioner took a leading part in the incident. So, it was not likely for the Manager that he should forget so easily to mention his name in the report written to the police. This is a circumstance which points to the direction that the present petitioner did not take part in the alleged incident, if it at all took place on 24th February 1956 at 11-10 a.m. in front of the mill gate. This also fits in with the version of the petitioner that on that date at 11-10 a.m. he was taking his meal in the canteen inside the mill. There is another document. It is also the Company's document, which makes the whole version of the incident doubtful. This document is Ext. B, and it is the charge-sheet which was served on the petitioner on 24th February 1956, that is on the date of the alleged incident. In this charge-sheet, it is specifically stated that the petitioner was found out of his post at 10-30 a.m. and that he was still sitting idle at 12-30 p.m. instead of doing the job allotted to him. The incident, for which the petitioner was summarily dismissed, is alleged to have taken place at 11-10 a.m. on 24th February 1956. But it is curious that nowhere in this charge-sheet served on the petitioner on 24th February 1956, a whisper was made regarding this incident, although in the said charge-sheet what the petitioner did till 12-30 p.m. was recorded. Had the incident as alleged really taken place on that date, at 11-10 a.m. under the circumstances as alleged, it would have been surely mentioned in the charge-sheet given to the

petitioner, because he is said to have taken a leading part in that incident. So, after giving my careful consideration to the entire evidence, facts and circumstances, I am of the view that the charge, for which the petitioner has been summarily dismissed, has not been substantiated or proved beyond reasonable doubt.

In view of what has transpired from the documents, the oral evidence as adduced on behalf of the Opposite Party, cannot be believed. The witnesses, who have corroborated the Manager, are all employees of the mills. It is but natural that they should come to box at the bidding of the Management in order to oblige it. So, no reliance can be placed on their oral testimony. The evidence of the Manager is also unworthy of credit, in the face of what has transpired from Exts. A and B. There is nothing in writing to show that on 22nd and 23rd February 1956 the petitioner was found sitting idle during the working period, or that any warning was given to him. The Manager has said, no doubt, that the petitioner was verbally warned for this in his presence by the Supervisors, Mr. Josef and Shri Rishi Mitra. But none of those Supervisors has been examined in this case. I wonder how was it possible for the Management to be present on every occasion, when such verbal warnings were given by the Supervisors. As regards the charge-sheet that was served on the petitioner on 24th February 1956, it appears that the petitioner gave some explanation. There is nothing to show what action was taken thereafter by the Management. It seems that no action was taken, and the lapses of the petitioner, if any, were condoned. The language of the reply to that charge-sheet might be considered to be objectionable, but the petitioner denies his signature in reply to the charge-sheet. So, it is doubtful, whether the language as used in that reply to the charge-sheet, was really used by him. At any rate, for the alleged objectionable language in reply to the charge-sheet, the petitioner did not merit summary dismissal. The Tribunal, therefore, comes to the conclusion that the dismissal of the petitioner was wrongful and unjustified. It seems that the Management was actuated by a spirit of victimisation. As the petitioner happened to be a member of the Empire Bone Mills Mazdoor Union, the Management wanted to get rid of him. The order of dismissal of the petitioner cannot, therefore, be upheld. In my view, this is a fit case in which reinstatement should be ordered.

It is accordingly ordered that the petitioner be reinstated in his post. He shall report himself to the Management within 15 days from the date of publication of this award in the *Calcutta Gazette* He shall also get back wages for the entire period from the date of his dismissal till reinstatement within the period as mentioned above. Be it further noted that the period of forced unemployment should not be regarded as break in his service for the purposes of benefits, to which he may be entitled as an employee of the Company. This is the award of the Tribunal.

In the result, the application succeeds.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Nar Bahadur, an employee of Messrs. Appearances:

For the employee: Shri Sunil Dhar, Advocate.

For the Company: Shri S. C. Sen, Advocate, and
Shri S. C. Das Gupta, Advocate.

The Government of West Bengal, Labour Dpeartment, by order No. 4669Dis./D/11L-207/55, dated 24th September 1955, referred the original dispute existing between Messrs. Khimjee Hunsraj, 165 Lower Chitpore Road, Calcutta, and their workmen represented by the Federation of Mercantile Employees' Union, 23/A Netaji Subhas Road, Calcutta-1, regarding the matters specified in the schedule to this Tribunal for adjudication. The award of the Tribunal in respect of the proceeding was made on 14th March 1956 and the award has since been published in the *Calcutta Gazette*.

AWARD

During the pendency of the original dispute, the present complaint purporting to be under section 33A of the Industrial Disputes Act, 1947, was filed before this Tribunal on 10th February 1956 by the employee, Shri Nar Bahadur, on the allegation that while the original dispute was pending before this Tribunal, the Opposite Party Messrs. Khimjee Hunsraj, in contravention of the provisions of section 33 of the Act, dismissed him without taking permission from the Tribunal. The said order of dismissal has been characterised as unjustified and illegal. So, reinstatement with back wages was claimed by the petitioner.

The Opposite Party has admitted that the petitioner was employed as a Motor Car Driver under the Company, but he was mainly employed for the personal service of the partner of the firm. The Opposite Party has further admitted that the petitioner was dismissed during the pendency of the original dispute before this Tribunal. But it wanted to say that it was under the impression that the petitioner being regularly employed for domestic purpose and for personal use of the partner of the firm at 20 Theatre Road, Calcutta, was not concerned in the original dispute. Regarding dismissal, the Opposite Party asserted that the order of dismissal of the petitioner was justified and proper in the circumstances, inasmuch as he was found on 4th December 1955 attempting to open the steel almirah in the room occupied by one of the partners named Shri V. J. Suraiya *alias* Muljee Babu, during his temporary absence from that room in the afternoon. He was charge-sheeted for this misconduct, and an enquiry was held in which the petitioner was present, and statements of witnesses were also recorded in his presence. As a result of this enquiry, the charge levelled against him was proved, and accordingly he was dismissed from service with effect from 16th December 1955.

It appears from the evidence that the petitioner was employed as a Motor Car Driver in Messrs. Khimjee Hunsraj and that his salary was paid by that Company. So, there can be no manner of doubt that he was an employee of Messrs. Khimjee Hunsraj. The fact that he used to reside at the house of the partners at 20 Theatre Road, Calcutta, and was solely employed for domestic purpose and for personal use of the partners of the firm, did not matter much to his being called an employee of the firm—Messrs. Khimjee Hunsraj. Admittedly, he being a workman of Messrs. Khimjee Hunsraj, was dismissed during the pendency of the original dispute before this Tribunal. So, undoubtedly there was violation of section 33 of the Act. Thus the Tribunal feels no hesitation in holding that in this case section 33 has been contravened. Where section 33 has been contravened, the Tribunal must enquire into the merits of the discharge or dismissal on a complaint being made under section 33A of the Act. Each such complaint has to be investigated by the Tribunal as if "it were a dispute referred to or pending before it". The scope of the investigation on the merits must be exactly the same, where the subject-matter of the challenged discharge or dismissal had been the subject matter of an independent reference under section 10 of the Act. The principles laid down in the Buckingham & Karnatic Mills Co. *vs.* its workmen [1951 L.L.J. (ii), 314] would equally apply, and the Tribunals would not be entitled to substitute their own judgments for the judgments of the Management except in four cases, namely, (1) where there was want of bona fides on the part of the Management, (2) in the case of victimisation or unfair labour practice or violation of the principles of natural justice. (3) or where there was basic error of facts, and (4) or a perverse finding by the Management on the materials, which it had before it at the time of the enquiry.

Bearing the above principles in mind, let me now proceed to investigate the merits of the petitioner's dismissal. The charge or allegation against the petitioner is that on 4th December 1955 he went into the room of Shri V. J. Suraiya *alias* Muljee Babu at 20 Theatre Road during his temporary absence, and attempted to open the steel almirah situated therein with the key, which the said partner inadvertently left behind. It appears that the said partner made preliminary enquiry from the persons, who saw the applicant trying to open the almirah, and finding that a *prima facie* case had been made out, issued the charge-sheet to the petitioner. A copy of the said charge-sheet has been proved in this case, and it is Ext. C, dated 5th December 1955. It is clear from that charge-sheet that the petitioner was charged with attempting to commit theft from the residence of the partner Shri V. J. Suraiya at 20 Theatre Road, Calcutta, on 4th December 1955 at about 4 p.m., and that this fact was detected by the cook, Shri Bhirulal, who saw him trying to open the steel almirah with the bunch of keys. The petitioner has admitted in his evidence that he received such charge-sheet. Extracts C(1) is the reply sent by the petitioner. It is dated 6th December 1955. In this letter, he no doubt denied the allegation made against him. Thereafter an enquiry was held on 14th December 1955 into the charge at 3 p.m., and this enquiry was conducted in the office by Shri V. J. Suraiya. The petitioner has admitted in his cross-examination that he got a letter informing him that an enquiry would be held on 14th December 1955, where he was required to be present with his witnesses. He has further admitted that the enquiry was duly held on 14th December 1955 in the office at 3 p.m. and in that enquiry, witnesses were examined, and their statements recorded. He has also said that his statement too was taken down. Exhibit A is the proceedings of the said enquiry. So, it cannot be said that there was any violation of the principles of natural justice. The petitioner was asked to give his explanation, and an enquiry was held in his presence. The statements of witnesses recorded at the time of enquiry have also been produced before this Tribunal. Shri V. J. Suraiya and Shri Bhirulal, the cook, who found the petitioner attempting to open the steel almirah with the key inside the room of Shri Suraiya, have deposed before this Tribunal. Their evidence cannot be lightly brushed aside or disbelieved. There is no reason as to why they would depose falsely. No motive could be suggested or proved as to why this petitioner could be implicated falsely. So, the Tribunal comes to the conclusion that the Management in dismissing the petitioner had acted bona fide. The finding of the Management on the materials, which it had before it at the time of enquiry, cannot be said to be perverse. Nor the matter can be brought within the second or third exception in Buckingham & Karnatic Mills' case. So, the order of dismissal of the petitioner was perfectly justified, and the Management could take such a possible view on the materials before it. It is evident that the petitioner concerned is afflicted with strong criminal propensity. He had attempted to open the steel almirah, and if he was not discovered in the act at the psychological moment by the cook, he would have succeeded in helping himself to the valuable contents, if any. It is indeed unsafe to employ a man, who could do such a daring act. Therefore, the Management was perfectly justified in getting rid of him. It has transpired from the evidence that an information was lodged at the thana regarding the incident. This document has not been called for in this case. Naturally, the learned lawyer for the petitioner has commented much on this fact. But I may say straightway that nothing turns on the fact that the information lodged at the thana was not called for. The incident has been proved to demonstration by the materials already on the record.

The result is that the petitioner is not entitled to get any relief. The application is accordingly rejected.

And whereas during the pendency of proceedings before the said Tribunal a complaint was filed before it against the said Company by Shri Golam Hossain, a workman of the said Company, alleging that the said Company had altered, to the prejudice of the said workman, the conditions of service applicable to him immediately before the commencement of the said proceedings;

For the Company: Shri S. Manna, Bar.-at-Law, with Mr. E. D. Ezra, Solicitor of Messrs. Victor Moses & Co., Solicitors.

AWARD

The present application under section 33A of the Industrial Disputes Act, 1947, was filed by one Golam Hossain, a workman of the Empire Bone Mills, on the allegation that he was suspended for three days (that is from 11th January 1956 to 13th January 1956) by way of punishment during the pendency of the aforesaid dispute before this Tribunal. Leave of the Tribunal was not taken as provided under section 33 of the Act. Accordingly, payment of full wages for those three days was claimed.

The Opposite Party denied having contravened the provisions of section 33 of the Act.

This day was fixed for hearing of the matter. But instead of proceeding with the case, the petitioner has filed an application to the effect that the case has been amicably settled between the parties out of Court, and that in the circumstances, he did not like to proceed with the matter further. Accordingly, the petitioner prayed for a "no-dispute" award. Perused the petition, and heard the learned representatives on both sides. I accept the petition, and make a "no-dispute" award in terms of the petition filed by the workman concerned, which will form part of this award as Annexure.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 3700Dis./D/10L-7/53, dated 5th October 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagore, Calcutta-36, and their workmen to this Tribunal for adjudication. The award of the Tribunal on this dispute was made on 17th November 1954 and was published in the *Calcutta Gazette* on 16th December 1954.

On 24th December 1954 Shri Parimal Bhattacharjee, an employee of the Company, filed a complaint under section 33A of the Industrial Disputes Act, stating that the Company unlawfully denied him the bonus which fell due and which was a condition of service. It is stated that the Company served a charge-sheet on the petitioner on 30th April 1954, and the Director-

Manager passed orders that the petitioner was guilty of insubordination, and so he was warned and it was ordered that no bonus would be given to him. The petitioner, therefore, prays for an order directing the Company to pay him the bonus which has been withheld.

The Company, in its written statement, states that the payment of bonus to the employees of this Company is not a condition of service, that it is an *ex-gratia* payment made in consideration of efficiency and good work. It is stated that the Company has followed the following principle in making this *ex-gratia* payment:—

(a) Bonus is paid to an individual workman at the absolute discretion of the Management in consideration of his work and efficiency.

(b) Before payment of any bonus, the Management scrutinises the service records and the reports of the Department-in-charge in respect of each of the workmen and then decides whether the workman concerned deserves to be paid or not and, in pursuance of the said decision, pays the same.

Following the above principle, the Company paid bonus in May 1954 to the applicant at the rate of one month's basic pay. In September 1954, the Company on considering his records and the reports of the Department-in-charge decided not to pay him bonus at that time. The applicant is not entitled to get any bonus, or the bonus in question as of right and as a condition of service. Consequently, non-payment of bonus to the applicant is not a contravention of section 33A of the Industrial Disputes Act. In the circumstances, the application should be dismissed.

The points that arise for decision in this case are as follows:—

Points

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief in this case?

DECISIONS

Point No. 1.—The question for decision is if the application under section 33A is maintainable. It is the contravention by the employer of section 33 of the Act that gives rise to a cause of action in favour of the workmen to approach and move the Tribunal and this contravention is the condition precedent to the exercise by the Tribunal concerned of the additional jurisdiction and powers conferred on it by section 33A (*vide* the decision of the Hon'ble Supreme Court of India in the case of Automobile Products of India, Ltd., reported in 1955 L.A.C. 211). The question, therefore, is if the Company in not paying the bonus in September 1954 to the petitioner violated section 33 of the Act.

O.P.W. 1 Shri Nihar Bindu Guha deposed on behalf of the Company. Documents Exts. A series and Ext. B were marked for the Company. No evidence was adduced for the applicant. It appears from the evidence of O.P.W. 1 that the Company pays bonus usually three times in the financial year—once in May, again in September and again in the following January. The financial year of the Company is from May to the following April. On each of the three occasions, bonus corresponding to one month's basic wage is paid to the employees. The witness states that one out of the three bonuses is paid to all employees without exception, but the other two bonuses are paid according to efficiency of work of the individual employees and their conduct. In the case of the applicant, Parimal Bhattacharjee, he was given the bonus for May and January but was not allowed the bonus

for September, on account of some adverse remarks about his work, which was found to be justified on enquiry. It is also stated that payment of none of these three bonuses is a condition of service for the workmen but it is customary in the Company to give at least one of these three bonuses, independent of the quality of work.

There is nothing on record to show that the payment of bonus is a condition of service of the employees. O.P.W. 1 in his cross-examination states that 25 per cent. of the nett profit of every year is earmarked for payment as bonus to the employees and Ext. B shows the amount of bonus paid in the years 1952-53, 1953-54 and 1954-55 and also the profits during these years. O.P.W. 1 also states that Parimal Bhattacharjee was not deprived of the bonus in September 1954 by way of punishment. There is, therefore, nothing on record to show that it is a condition of service for the employees to get all the three bonuses. All that the witness states is that it is customary for the Company to give only one out of the three bonuses in the year to all employees, independent of the quality of his work. In the present case, the applicant was given the bonus in May 1954 and January 1955. He was deprived of only one bonus out of the three, i.e., the bonus paid in September 1954. I do not find that the payment of bonus in September 1954 was a condition of service of the applicant, Parimal Bhattacharjee. That being so, it cannot be claimed that the Company altered to the prejudice of the workman concerned condition of service applicable to him immediately before the commencement of the proceedings. Again, it also appears that in order to attract the operation of clause (a) of section 33 of the Act, the alteration of the condition of service should be in regard to a body of workmen and not an individual workman. This view has been held in the case of Hindusthan Development Corporation, reported in 1951(I) L.L.J., 37, by a State Tribunal of Calcutta. In any case, it appears that the fact that the applicant was not given the bonus in September 1954 does not attract the operation of section 33(a) of the Act.

It was also argued by the learned spokesman for the petitioner that non-payment of bonus in September 1954 to the petitioner was a punishment to him and was a conduct which was hit by section 33(b) of the Act. In view of the evidence of O.P.W. 1 that one of the three bonuses is paid to all workmen and the other two bonuses are paid according to efficiency of work and conduct of the individual employees non-payment of one out of three bonuses after an enquiry on an adverse report by the departmental head cannot be considered to be a punishment that could attract the operation of section 33(b) of the Act. In view of these circumstances, it is decided that the conduct of the Company in not giving the applicant bonus in September 1954, was not a violation of section 33 of the Act and the present application under section 33A of the Act was not, therefore, competent.

Point No. 2.—Even if the application under section 33A of the Act was competent, it would appear from the facts of the case and the evidence on record that the application of the petitioner cannot succeed on merits. Ext. A(4) is a report by the departmental head under whom the applicant worked, stating that the petitioner refused to work in the Distilled Water Section, as he was ordered by his immediate superior. Ext. A(3) is the charge-sheet served on the petitioner for this alleged misconduct. Ext. A(2) is the explanation of the petitioner. Here he states that he only wanted to know what work he was to do in the Distilled Water Section, as he was afraid that he might otherwise cause damage to the interest of the Company,

and that he was prepared to work there even now. Ext. A is the statement of Shri A. K. Chowdhury, the departmental head and the petitioner to the enquiring officer, O.P. 1. In this statement to the enquiring officer, the petitioner states that he wanted to know the reasons for his transfer to the Distilled Water Section and the cause of his objection to work there was that the place was very hot. The explanation, Ext. A(2) to the charge-sheet, does not disclose this ground of objection. Ext. A is the report of the enquiring officer and the order of the Director-Manager appears at the back of the charge-sheet. It shows that the petitioner was guilty of insubordination and disobedience. He was warned. It was also ordered that he should not be given the next bonus. This order was made on the 26th of May 1954. There is no evidence on record to justify the conclusion that the report, Ext. A(4), against the petitioner or the enquiry following it and the order of the Director-Manager after the enquiry was not *bona fide*. It is, therefore, clear that the petitioner, Parimal Bhattacharjee, was not given the bonus in September 1954 as a result of adverse report against him, which was found to be justified on a detailed enquiry in which the petitioner was examined and was given an opportunity of defending himself. As is was a rule for the Company to grant only one out of three bonuses to all employees, independent of the quality of their work, and to allow the order two bonuses in consideration of the efficiency and conduct of the workmen concerned, the Company was justified in refusing the bonus to the petitioner in September 1954, after the enquiry on his conduct, as reported in Ext. A(4). The petitioner is not entitled to any relief even on merits. This point is accordingly answered.

In the result, it is ordered that the application under section 33A of the Act be rejected and it is awarded accordingly.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 3700Dis./D/10L-7/53, dated 5th October 1953, referred, under section 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagore, Calcutta-26, and their workmen to this Tribunal for adjudication. The award of the Tribunal on this dispute was made on 17th November 1954 and was published in the *Calcutta Gazette* on 16th December 1954.

Shri Arun Lal Burman, one of the workmen in the employment of the Company, applied on 26th July 1954, stating that the Company did not pay him bonus and increment due on last May. It is stated that he was warned and deprived of bonus by an order, dated 1st April 1954, which was received on 24th June 1954. It is stated that this action of the Company was illegal and that the Company by such conduct contravened section 33 of the Industrial Disputes Act. The applicant, therefore, prays for an order directing the Company to pay him the bonus and increment of salary.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act filed by the applicant was not maintainable, as it did not disclose any contravention of section 33 of the Act. It also states that the payment of bonus is not a condition of service, that it is an *ex-gratia* payment made in consideration of efficiency and good work. The Company paid bonuses in October 1953 and January 1954 to the applicant at the rate of one month's basic pay. In May 1954, the Company, on considering his records and the reports of the Department-in-charge, decided not to pay him the third bonus. The application under section 33A of the Act filed by the petitioner was not competent also on merits and should be rejected.

At the time of the hearing of the case on 15th June 1956, the applicant, Arun Lal Burman, did not appear. Shri S. C. Sen, Advocate, and Shri S. K. Dhar Chowdhury, Pleader, appeared for the Company. The case was, therefore, heard in the absence of the petitioner. It appears that there was no outstanding dispute between the petitioner Shri Arun Lal Burman and the Company and it is awarded accordingly.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:

(1) Is the discharge of Ram Charan and Basanta justified? What relief are they entitled?

DECISION

Shri Ram Charan and Shri Basanta were admittedly Khatawalas or Khatawala Mates in Messrs. Kanchialal Lohia. It was been contended on their behalf that they were employees of the said Kanchialal Lohia and were discharged by them, whereas it has been contended on behalf of the latter that they were merely contractors who used to do work of assorting with the help of their own men paid on the basis of outturn of their work.

In support of their case Cossipore Jute Press Workers' Union (hereafter called the "Union") on behalf of the workmen has examined only P.W. 1 Shri Ram Charan Das while Messrs. Kanchialal Lohia has examined its senior mate, D.W. 2 Shri Subha Singh, the Sarkar, D.W. 3 Shri Lakshmi Narayan, Khatawala, D.W. 4 Shri Ramdhar Singh and Manager, D.W. 5 Shri Sitaram Sharma besides a formal witness in the Bench Clerk of the Court of Authority under the Payment of Wages Act, D.W. 1 Shri Durga Prasad Mandal and filing the documents, Exts. A to E.

Messrs. Kanchialal Lohia (hereafter called the "baler") carries among others the business of a jute baler. As such jute baler it purchases raw jutes from the markets and stacks them in the godown situated in the premises of Messrs. Lohia Jute Press, Ltd., at 28 Barrackpore Trunk Road. The jute baler engages men for assorting raw jute according to the quality and then for pressing it into *pucca* bales in a jute press as also for extracting jute fibre from the jute sticks. For these two kinds of work payments are made on the basis of output at fixed rates—Rs. 2-8 for each *pucca* bale and a different rate for extracting jute fibre from the jute sticks.

These different items of work are done by the Khatawalas or Khatawala Mates through their own men whose number generally varies from 2 to 6. These men form a gang under the leadership of the Khatawala who happens to be the seniormost in the party (*vide* P.W. 1).

Khatawala and Khatawala Mates, it appears, are interchangeable terms, for P.W. 1 Shri Ram Charan Das styled himself as simply Khatawala in his deposition before the Court of Authority under the Payment of Wages Act (Ext. A), and as Khatawala Mate before this Tribunal. The men who work under a Khatawala Mate are called Jachandars. The number of Jachandars in a gang under a Khatawala varies generally between 2 and 6. The number varies according to the requirement of work. If the work is heavy the number of men is more and if the amount of work is less the number of men engaged is also less (*vide* P.W. 1).

Formerly 3/4 years ago there were 60 to 70 Khatawalas in Messrs. Kanchialal Lohia. The number of Khatawalas has come down since then and at the date of deposition the number has been 15 to 16 (*vide* D.W. 2).

Besides Khatawalas and Jachandars as aforesaid, the jute baler has permanent monthly paid staff in his employ. P.W. 1 Shri Ram Charan Das admitted that the senior mate, D.W. 2 Shri Subha Singh, second mate and third mate under him and the Sarkar, D.W. 3 are such permanent staff. They are admittedly monthly paid employees of the baler. The senior mate (D.W. 2) and his two subordinate mates supervise and check the work of the Khatawalas and Jachandars after raw jute is sorted out and made into *kutcha* bale and before it is pressed into *pucca* bale. While a Khatawala supervises the work of Jachandars under him and teaches and guides them in the matter of sorting the jute up to the stage of making *kutcha* bale. The Sarkar (D.W. 3), on the other hand, keeps account regarding the quantity of *pucca* bales as produced by each of the Khatawalas and enters them in the *khatas* of the baler and simultaneously in the

hatchittas said to be kept in the custody of Khatawalas. From the accounts so maintained the Khatawalas used to be formerly paid fortnightly and for some time past weekly. In this way the operation of jute baling is carried on.

According to the Union, Shri Ram Charan and Shri Basanta were workmen of Kanchialal Lohia and were discharged or dismissed as they protested against deductions from their remuneration by the employer It was said by Shri Ram Charan that the employer used to deduct one anna for *pinjrapole*, one anna per rupee as profit and two annas per head for mate subscription out of the fixed rate of Rs. 2-8 payable to them for each *pucca* bale. The employer's men denied the allegations and stated that Shri Ram Charan and Shri Basanta were not at all employees of Kanchialal Lohia but their contractors and that they left as the work of jute baling came down considerably leaving no scope for sufficient earnings.

In the case of Cooke & Kelvey, Ltd., and their employees reported in 1955 L.L.J., Vol. II, page 532, the Labour Appellate Tribunal of India considered the test to determine whether a person is an independent contractor or an employee. It has been laid down therein as follows:

> "Under section 2(5) of the Industrial Disputes Act, a workman must be an employee in the industry to do skilled or unskilled work for hire or reward, and the work might be manual or clerical. The designation together with the nature of the work done should be considered in ascertaining if a person is a workman or not.
>
> A servant is a person subject to the command of his master as to the manner in which he shall do his work. The independent contractor in one who undertakes to produce a given result but in the actual execution of work he is not under the control and order of the other party. In the case of an employee falling within the definition it is the person who is engaged to perform certain services on whom emphasis is laid while in the case of a contractor emphasis is not on his engagement but only on the work to be executed and performed by him according to the requirements or specifications. While in the case of the former personal service becomes essential, in the case of the latter the personal service becomes a secondary matter."

In Salmond's Law of Torts, 11th edition, at pages 98 and 99, the distinction between a contract of service and contract for services is summarized:

> "What then is the test of this distinction between a servant and an independent contractor? The test is the existence of a right of control over the agent in respect of the manner in which his work is to be done. A servant is an agent who works under the supervision and direction of his employer; an independent contractor is one who is his own master. A servant is a person engaged to obey his employer's orders from time to time; an independent contractor is a person engaged to do certain work; but to exercise his own discretion as to the mode and time of doing it—he is bound by his contract, but not by his employer's orders.
>
> This may be put in another way by drawing a distinction between one employed under a contract of service (a servant) and one employed under contract for services (an independent contractor). The distinction between a contract for services and a contract of services can be

summarised in this way: In the one case the master can order or require what is to be done; while in the other case he cannot only order or require what is to be done but how itself it shall be done."

Other marks of a contract of service are:—

"(i) the master's power of selection of his servant,

(ii) the payment of wages or other remuneration,

(iii) the master's right of suspension or dismissal."

In *collins* v. *Hertfordshire County Council* (1947 1 K.B. 598), Hilbery, J., discussed this question at pages 614 and 616. At page 616 is the observation:

"The proper test is whether or not the higher had had authority to control the manner of execution of the Act in question."

In this case there is no direct documentary evidence in support of either of the conflicting versions. The question whether Shri Ram Charan and Shri Basanta were employees or contractors is, therefore, to be decided having regard to the test as laid down above and the attending circumstances, such as entire picture of their engagement, method of work, conduct during work, mode of payment, etc.

The outstanding feature is that the jute baling industry has no regularity of work. The requirements of a jute baler are guided by daily jute markets and upon the orders as are received. So a Khatawala who is to execute certain work through Jachandars on the basis of fixed rate can have necessarily no regularity in the work. A Khatawala is neither a daily-rated nor a monthly-rated worker: the more he can produce the more he can earn. When the work is completed and the assorted jute is pressed into a *pucca* bale he is entitled to get remunerations at fixed rate and not before that. The number of Jachandars under him is never fixed but varies according to requirements. According to P.W. 1, Shri Ram Charan Das, it varies from 2 to 6 while according to the employer's men, it varies from 2 to 10. Thus the number of Jachandars under a Khatawala varies according to requirements and necessity. This system of work, it is obvious, is more likely to be executed on the basis of contract than by means of permanent staff.

Regarding remuneration, it appears that it is payable exclusively to the Khatawalas and not to the Jachandars under him. The baler pays the Khatawala calculated at fixed rate per bale according to quality on the total bales pressed from the jute sorted out by the Khatawala and the Jachandars under him. The register regarding payment of wages shows payment of total dues to the Khatawalas only on the basis of output of *pucca* bales by the gang comprising the Khatawala and the Jachandars under him. P.W. 1 admitted in his deposition in the Court of Authority under the Payment of Wages Act that he used to receive the whole amount as were due under his thumb impression (*vide* Ext. A). Before this Tribunal, too, P.W. 1 admitted having affixed his thumb impression in the register of payment of wages in acknowledgment of payment of entire amount due. His allegation that after such thumb impression the employer was distributing the said amount to him and the Jachandars is unreliable. Had the employer been under obligation to pay the stipulated amount both to the Khatawalas and the Jachandars under them, not only the names of the Khatawalas but also the names of the Jachandars under them would have been noted in the register of payment of wages by way of obtaining acquittance from all of them. The fact that only the names of the Khatawalas are mentioned in the said register and acquittance is obtained from

them goes to show that the baler had and has obligation to pay the stipulated amount only to the Khatawalas and to none else. Had the amount been not so exclusively payable to the Khatawalas, the Khatawalas would not have complained about the alleged illegal and unauthorised deductions from the fixed rate and brought case No. 210 of 1954 in the Court of Authority under the Payment of Wages Act for recovery of such wages as were said to have been illegally deducted. P.W. 1 admitted in cross-examination that all the 29 Khatawalas including himself made the application in the Court of Authority under the Payment of Wages Act regarding such illegal deductions from their dues. The fact that only the Khatawalas and not the Jachandars along with them brought the case leaves no room for doubt that the amount on the basis of output was and is payable by the baler exclusively to the Khatawalas. I believe that the *hatchittas* are kept in the custody of Khatawalas showing the number of *pucca* bales as are produced by them.

Regarding appointment, discharge and control, I prefer to accept the evidence that it is the Khatawala who appoints his Jachandars and who teaches and guides them (Jachandars) in their work of sorting as being more natural and probable. Had it been otherwise, the baler would have made payment to the Jachandars as well. The evidence and circumstances as already referred to, however, leave no room for doubt that the Jachandars are paid by the Khatawala and that the jute baler has no obligation or connection whatever in the matter of payment to them. I also believe that it is the Khatawalas who grant leave to the Jachandars and not the baler or his men. The fact that in case of going on leave they do not admittedly get pay shows that they are not also employees.

Regarding working hours, P.W. 1 said that they were to work formerly from 6 in the morning to 9 in the night and after intervention of the Factory Inspector the hours of work were reduced to 8 hours a day. He also said that whether there was work or not they were required to attend the godown daily. From the evidence and circumstances I am unable to accept his version as fully correct. When a Khatawala is entitled to be paid at fixed rates on completion of certain works, it is obvious that the baler can have no control over the time taken by him to complete the work which the Khatawala undertook to do for the specified remuneration. In the circumstances neither the Khatawalas nor the Jachandars under them were under any obligation to attend on any particular day or any particular hour. No doubt the attendance register is being maintained for some time past for the Khatawalas and the Jachandars by the men of the jute baler, but from this it cannot be said that the Khatawalas are workmen. It rather appears that it is so as the godown in which the operation of jute baling is carried on is situated within the precincts of the jute press which is a factory within the meaning of the Factories Act having been operated by electric current and having more than 20 men working there. As it is a factory the hours of work for men working in the baling operation in the godown situated in the compound of the jute press cannot but be regulated under the Factories Act. From this, it cannot be said that the Khatawala is a workman or that the baler has authority to control the manner of execution of work. Even during those hours the Khatawalas and the Jachandars appear to be their own master and can work in the manner as they please. The baler, it appears, is under no obligation to provide work to a Khatawala on any given day. These, I think, are only consistent with the position of contractors. The mere fact that the work is done within the godown and it is of late regulated by the hours of work as prescribed for a factory would not show that the baler has control over the time of the workers. The time spent on the work of sorting, it

appears, is not at the disposal of or under the orders of the baler. The fact that no overtime is admissible or payable to the Khatawalas and Jachandars under him would also support this. Thus a Khatawala, in my opinion, has his own time and cannot be said to be bound to work for fixed hours. So, from the evidence and circumstances I am unable to find that relation of employer and employee existed between Messrs. Kanchialal Lohia firm on one hand and Shri Ram Charan and Shri Basanta on the other. I rather believe that Shri Ram Charan and Shri Basanta were contractors. It is, therefore, obvious that the Tribunal cannot give any relief to them.

Regarding charge of victimisation, P.W. 1 Shri Ram Charan stated in cross-examination that there were altogether 29 Khatawalas in Kanchialal Lohia firm at the time and that all of them were members of the Union. Why out of the said 29 Khatawalas only Shri Ram Charan and Shri Basanta were singled out for victimisation has not been satisfactorily explained. Regarding Shri Basanta, nothing was said, while regarding Shri Ram Charan, it was said that Kanchialal Lohia had asked him to leave the Union and as he did not oblige he was driven out. The explanation is unconvincing. The evidence, on the contrary, points that there was dearth of work for the Khatawalas. P.W. 1 admitted that before partition of the country in 1947 the work of jute baling was very heavy and that since the partition the work has been going down gradually. The evidence shows that the number of Khatawalas has come down to 16/17. It is, therefore, not unlikely that Shri Ram Charan and Shri Basanta had themselves left finding no prospect of sufficient earnings any longer.

I award accordingly.

The original reference out of which this case has arisen was made under Government order No. 4386Dis./D/4L-6(D)/55, dated 14th September 1955.

This is an application under section 33A of the Industrial Disputes Act by nine employees of Messrs. India General Navigation and Railway Co., Ltd., who have been placed under suspension without permission of the Tribunal during the pendency of a reference proceeding.

The Company submitted written statement that section 33 of the Industrial Disputes Act was not infringed and that the suspension order was in harmony with the Standing Orders.

It so happens that since the commencement of this proceeding the suspension order has been withdrawn and the workers have been allowed to return to duty. A petition for permission to withdraw the application under section 33A has been filed by two of the workers. The rest of the workers did not appear to press the application. In the circumstances the Tribunal is competent to hold that there is no subsisting dispute. A "no dispute" award is accordingly passed.

AWARD

1. By order No. 3885Dis./D/11L-297/55, dated the 22nd August 1955, the Governor of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Steel & Allied Products, Ltd., Temple Chambers, 6 Old Post Office Street, Calcutta-1, and their employee Shri Jatindra Nath Roy, 8/74 Bejoygarh Colony, Calcutta-32, represented by himself, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2 After usual summons the parties entered appearance and filed their written statements. The pleadings were completed on 18th November 1955. The parties were thereafter directed to file list of documents. Then the employer-Company filed additional written statement on 5th April 1956 raising preliminary objection regarding the maintainability of the reference. The workman filed counter-statement to the same on 9th April 1956. Then after adjournments, the matter was heard on 7th June 1956.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

Whether termination of services of Shri Jatindra Nath Roy was justified? What relief is he entitled to?

DECISION

Shri Jatindra Nath Roy was admittedly in the employ of Messrs. Steel & Allied Products Ltd. (hereafter called the Company). The Head Office of the Company is situated at 6 Old Post Office Street, while the workshop at 2/1 Hossain Sha Road, Kidderpore. Shri Jatindra Nath Roy admittedly joined as a clerk in the workshop of the Company on 1st March 1954 on a salary of Rs. 75 per month and subsequently got two increments when his salary rose to Rs. 115 per month. He was admittedly discharged by a notice, dated 20th January 1955 (Exts. 1 and 1a), from that date without assigning any reason. Upon such termination of employment the present dispute arose.

The Company by an additional written statement filed on 5th April 1956 took preliminary objection that the dispute referred to was not an industrial dispute but an individual dispute and as such the reference was bad in law. It was, on the other hand, contended on behalf of Shri Jatindra Nath Roy that the individual dispute like the present one would come within the meaning of the "industrial dispute" as defined in the Act and thus the reference was competent. Reliance in this respect was placed on the decision of the Full Bench of the Labour Appellate Tribunal in the case of Swadeshi Cotton Mills Company, Ltd., versus Shri Ram Baran reported in 1953, L.A.C., 139.

It is not disputed that the workmen in the employ of the Company either in the Head Office or in its workshop had no Union for long even after termination of employment of Shri Jatindra Nath Roy. According to P.W. 2 Shri Sunil Chandra Sarkar, a Union of the name of Steel & Allied Products Ltd. Employees' Congress was formed only 8 or 9 months after the discharge of Shri Jatindra Nath Roy. Shri Jatindra Nath Roy was discharged on 20th January 1955. So the Union, according to P.W. 2, was established some time in October or November 1955. The reference was, however, made by the Government long before—on 22nd August 1955. It is, therefore, obvious that the Union did not and could not have taken up his cause up to the date of reference. The evidence does not show that the workmen in the employ of the Company took up his cause either. According to the workman P.W. 1 Shri Jatindra Nath Roy, after termination of his employment it was he who moved the Labour Directorate and none else. He also admitted that the employees of the Company did not make any demand in writing about his reinstatement up till now. It is, therefore, an individual dispute pure and simple which was at no time prior to the reference espoused by the workmen in the employ of the Company or by any Union. The evidence of Shri Jatindra Nath Roy (P.W. 1) that the employees made verbal demand for his reinstatement before the Managing Director and the Works Manager before the Puja of 1955 (i.e., October 1955) is afterthought and unreliable. P.W. 2 Shri Sunil Chandra Sarkar, who claims to be the Assistant Secretary of the Union, admitted that they did not intervene on behalf of the workman at the time. His subsequent evidence that an application was made by the Union to the Labour Directorate for reinstatement of Shri Jatindra Nath Roy runs counter to the evidence of P.W. 1 and is not borne out by the records of conciliation proceedings and is apparently untrue. After the reference the workman himself filed his written statement. Only during hearing the

Assistant Secretary of the Union, P.W. 2 Shri Sunil Chandra Sarkar, has been examined to say that the Union supports his cause. But his words of mouth would not turn it into a collective dispute. Apart from a vague allegation that the workmen approached the management to reinstate Shri Jatindra Nath Roy, his additional written statement filed in reply to preliminary objection does not even contain a claim that the Union supports his cause. The case as made out therein of his having ventilated the grievances of co-workers and acted in the interest of the workmen in the employ of the Company would not constitute a collective dispute. The dispute as referred to is pure and simple an individual dispute and it appears that it was at no time either before or after the reference taken up by the workmen of the Company or any Union.

Now the question is whether an individual dispute like the present one can be said to come within the language of the definition of "industrial dispute" in section 2(k) of the Industrial Disputes Act, 1947. It has, of course, been so held by the Full Bench of the Labour Appellate Tribunal in the case already referred to, but then, on behalf of the Company, reliance has been placed on the two decisions of the Calcutta High Court reported, respectively, in 55 C.W.N., 256 and 57 C.W.N., 169, wherein it was held that an individual dispute was not an industrial dispute as defined in the Act. It was also pointed out to me that the Madras High Court as also the High Court at Patna had similarly held regarding the question (vide A.I.R. 1951, Madras, 616 and L.L.J. 1954, Volume II, 21). As the decisions are not uniform, the question arises which is to be followed by the State Tribunal. Under article 227 of the Constitution, every Tribunal in the State is subject to the judicial supervision of the State High Court. It being so, it is obvious that the law laid down by the High Court is the law as far as that State is concerned and every Tribunal in that State is bound to accept that law. His Lordship Chagla, C.J., of Bombay High Court also so observed in the case between Gambhirji Odharji and Labour Appellate Tribunal of India and others reported in 1955 L.L.J., Volume II, page 202. In the circumstances following the decisions of the Calcutta High Court, I find that the dispute as it is, is not an industrial dispute and as such the reference is incompetent. The preliminary objection must therefore succeed. The Tribunal cannot, therefore, give any relief to the workman Shri Jatindra Nath Roy.

Had it been otherwise, I would have found that the termination of employment of the workman without assigning any reason was not justified. According to the written statement of the Company, the said Shri Jatindra Nath Roy was appointed in a post on probation for one year on 1st March 1954. According to both sides, the said Shri Jatindra Nath Roy had served at the date of termination of employment for about a year. The Company, according to both sides, has no standing orders. As per Model Standing Orders, a probationer is a workman who is provisionally employed to fill a permanent vacancy in a post and has not completed three months' service therein. In the circumstances when the workmen had completed more than three months' service, he ceased to be a probationer and must be deemed to have been permanent and the Company had no right to discharge him in the way as it did. He could not have been treated as a temporary workman either as it was not alleged or proved that he was engaged for work which was of an essentially temporary nature likely to be finished within a limited period. The Company's case during hearing that he was surplus and as such was discharged cannot be sustained as the evidence of the

Company's witness, D.W. 1 Shri Santosh Kumar Sen Gupta, shows that after the discharge of Shri Jatindra Nath Roy another clerk was appointed in the workshop. As, however, the preliminary objection succeeds, no relief can be afforded to the workman.

It is awarded accordingly.

ORDER

No. 2934Dis./D/14L-6/55.—6th July 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 5541Dis./D/14L-6/55, dated the 24th November 1955, the industrial dispute between Hooghly-Chinsurah Municipality, Municipal Office, Hooghly, and their workmen represented by Hooghly-Chinsurah Municipal Employees' Association, Municipal Office, Hooghly, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint was filed before it against the said Municipality by Shri Gobinda Kinkar Dutta and three other employees of the said Municipality alleging that the Municipality had discharged the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by (1) Shri Gobinda Kinkar Dutta, (2) Shri Muralidhar Palit, (3) Shri Lakshmi Narayan Modak and (4) Shri Amiya Kumar Majumdar, employees of Hooghly-Chinsurah Municipality, against the said Municipality, Municipal Office, Hooghly.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal,*

Appearances:

For the employees: Shri Biswanath Ash, Advocate.

For the Municipality: Dr. Kamal Krishna Seal, Commissioner, Hooghly-Chinsurah Municipality.

The original reference, out of which this complaint arises, was made to this Tribunal under Government order No. 5541Dis./D/14L-6/55, dated 24th November 1955.

AWARD

The contention of the employees is that they put in over 18 months' continuous, satisfactory and efficient service in their respective capacities under this Municipality, but they were discharged with effect from 12th February 1956 by the Municipal authorities, without taking express permission in writing from the Tribunal, before which the main case was then pending.

The Municipality, that is the opposite party, contended that the applicants were purely temporary employees, and as such no permission of the Tribunal under section 33 of the Act was necessary for discharging them. The Municipality has further stated that it did not require any longer the services of these employees, and accordingly terminated their services with effect from 12th February 1956 with one month's notice. It may be stated in this connection that the Municipality filed a supplementary written statement at the time of hearing raising some legal objection as to the maintainability of the present complaint.

I shall dispose of the legal objection first. It is contended by the Municipality that notice on the Municipal Commissioners by the complainants under section 535(1) of the Bengal Municipal Act should have been served before filing the present complaint under section 33A of the Industrial Disputes Act before the Tribunal. Section 535 of the Bengal Municipal Act, 1932, says that no suit or other legal proceedings shall be brought against the Commissioner of any Municipality for any act purporting to be done under that Act, or any rule or by-law made thereunder until expiration of one month next after notice in writing has been delivered or left at the office of such Commissioners. In my view, no such notice, as contemplated in section 535 was required for the present case, because the present case can neither strictly be deemed to be a suit nor other legal proceedings brought against the Commissioners of Hooghly-Chinsurah Municipality within the meaning of section 535 of the Bengal Municipal Act. The Act complained of in the present case, originated during the pendency of the main dispute before this Tribunal, in respect of which a reference was already made by the Government for adjudication. So, the present application cannot be deemed to be a suit or independent legal proceedings—it is rather an offshoot of the original dispute. Furthermore, I am not aware of any authority, in which it has been held that section 535 of the Bengal Municipal Act, 1932, applies also to industrial disputes between the Municipalities and their workmen, referred to the Tribunals by the Goverument for adjudication. So, section 535 of the Bengal Municipal Act can have no application to the present case. Section 548(2) of the Bengal Municipal Act mentioned also in the supplementary written statement of the Municipality, does not obviously apply in the present case. Accordingly, the legal objection as raised in the supplementary written statement is overruled.

Next point that is urged on behalf of the opposite party is that these employees, who have been discharged, happened to be temporary hands and they were not permanent employees of the Municipality. So, it was argued that the question of obtaining permission from the Tribunal under section 33 of the Act did not and could not arise. I may say straightway that there is no substance or merit in this argument. Section 33 can have no application where temporary employees are entertained for a specific purpose or for a specific period. In such an event, their employment comes to an end on the conclusion of that purpose or of that period. It cannot

be denied that the appointment of temporary hands terminates when that period is over and when that work is finished. Such termination is automatic more or less. In such a case, of course, no permission of the Tribunal is necessary. In the instant case, if the employees when entertained had been told that their services were for the temporary period for specific work or purpose, then their employments would cease, when that period is reached, or that purpose and the job are accomplished. But I do not find sufficient evidence on the record in the present case to justify the view that the employees knew that they were being entertained for a temporary perod for specific purpose and job. There is no such evidence as to the object or the period of their employment. They were no doubt taken in as temporary clerks, but it is proved that they continued in their services for more than 18 months, and they got also increments. In the circumstances, they could not be discharged without the permission of the Tribunal. Admittedly, at the time when they were discharged, the main dispute was pending before this Tribunal. Yet no permission of the Tribunal was taken while discharging them. In my view, prior permission of the Tribunal was necessary, even though these employees happened to be temporary hands. I may say in this connection that section 33 of the Industrial Disputes Act is not confined to permanent employees only—it applies to all workmen. So, the termination of services of these four petitioners without the permission of this Tribunal, was contravention of section 33. In the circumstances, the Tribunal holds that the present application under section 33A is competent. If any authority is needed for such a view, I would refer to the decisions reported in 1954 L.L.J. (i), 809 and 1953 L.L.J. (ii), 882.

It is now well settled that where section 33 has been contravened, the Tribunal mut enquire into the merits of the discharge or dismissal on a complaint being made under section 33A. As the complaint has to be investigated by the Tribunal, as if it were a dispute referrd to or pending before it, the scope of investigation on the merits must exactly be the same where the subject matter of the challenged discharge or dismissal had been the subject matter of an independent reference under section 10 of the Act. The merits of the impugned discharge are, therefore, to be considered by the Tribunal. This leads me necessarily to enter into the merits of the discharge of the petitioners. Of the four employees, Shri Muralidhar Palit, though he signed the petition of complaint under section 33A, did not appear before the Tribunal at the time of hearing to depose. The lawyer and also the Secretary of the Union said that they had no instruction on his behalf. The other three employees did not say anything material regarding Shri Palit. In the circumstances, the Tribunal refrains from adjudicating upon his case, which is kept open. Regarding the other three petitioners—Shri Gobinda Kinkar Dutta, Shri Amiya Kumar Majumdar and Shri Lakshmi Narayan Modak—they have all deposed before this Tribunal. It appears from the evidence that Shri Gobinda Kinkar Dutta was appointed as a clerk in the Tax Department of the Hooghly-Chinsurah Municipality on 31st March 1954 and worked till 11th February 1956, and the other two clerks, that is Shri Amiya Kumar Majumdar and Shri Lakshmi Narayan Modak joined their appointment in the said Municipality on 2nd June 1954 and worked till 11th February 1956. They got increments in course of their employment. There is nothing to show that they were found inefficient, or their work was unsatisfactory. P.W. 2 Shri Amiya Kumar Majumdar has deposed that four persons were

taken in by the Municipality after their discharge, and they were appointed on 29th March 1956. So, it cannot be believed that the services of these three employees had to be terminated for paucity of work, and this statement of Shri Amiya Kumar Majumdar stood unchallenged and uncontradicted. The Municipality has adduced no evidence to show that since the discharge of these three employees, they did not take new clerks. O.P.W. 1 Shri Nitya Gopal Bose, Accountant, who deposed on behalf of the opposite party, has not said a word about it in his evidence. So, it appears that the Municipality could not satisfy the Tribunal as to the real reason why the three employees mentioned above were discharged from 12th February 1956, although they put in about two years service under the Municipality. The very fact that new hands were taken in immediately after the discharge of these three employees, indicates that they were not really discharged for paucity or want of work for them in the Municipality, but they were discharged with some ulterior motive. For reasons best known to the Municipality, the authorities wanted to getrid of them. The fact remains that though the appointments of these three employees were temporary, their appointments were for an indefinite period, and the employees continued in their service for a pretty long time. Therefore, the Municipality could not take shelter behind the plea that their appointments automatically came to an end without any action on its part. So, the order of discharge in respect of these three employees should be set aside, because they were discharged without the permission of the Tribunal and also without good reasons. The application, therefore, succeeds so far as it relates to these three employees.

Accordingly, it is ordered that these three employees—Shri Gobinda Kinkar Dutta, Shri Lakshmi Narayan Modak and Shri Amiya Kumar Majumdar—be reinstated in their former posts or in posts equivalent thereto carrying similar pay and other emoluments within 15 days from the date of publication of this award in the *Calcutta Gazette*. Shri Lakshmi Narayan Modak and Shri Amiya Kumar Majumdar shall get back pay and dearness allowance at the rates last drawn for the entire period from the date of their discharge till reinstatement. As regards Shri Gobinda Kinkar Dutta, he will get such back pay and dearness allowance for the period from the date of his discharge till 4th May 1956, because it appears from his evidence that he has been working in the School Board in a leave vacancy since 5th May 1956. ORDER

No. 2920Dis./D/15L-16/56.—5th July 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 2780Dis./D/15L-16/54, dated the 31st May 1954, the industrial dispute between Messrs. Tincori Sadhu Khan and Sons, 242/3, Upper Circular Road, Calcutta-4, and their workmen represented by Tincori Oil Mill Mazdoor Congress, 9 Raja Raj Krishna Street, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri Gouri Kurmi and 15 other workmen of the said Company against the said Company, alleging that the said Company had punished the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Couri Kurmi and 15 others against Messrs. Tincori Sadhukhan and Sons, 242/3 Upper Circular Road, Calcutta, in connection with an industrial dispute between Messrs. Tincori Sadhukhan and Sons and their workmen represented by Tincori Oil Mill Mazdoor Congress, 206 Cornwallis Street (room No. 18), Calcutta, referred under Government order No. 2780Dis./D/15L-16/54, dated 31st May 1954 (case No. 26 of 1955).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Parimal Das, President, Tincori Oil Mill Mazdoor Congress.

For the Company: None.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act was filed by Shri Gouri Kurmi

and 15 others on the allegation that they were permanent workmen under Messrs. Tincori Sadhukhan and Sons, that they were working as dhama coolies or assistant ghanimen, that while the above dispute was pending, the Company dismissed the applicants with effect from 16th December 1954 by way of punishment without taking previous permission from the Tribunal under section 33 of the Industrial Disputes Act, that in addition to contravention of section 33 of the Industrial Disputes Act, the opposite party has acted *mala fide* and arbitrarily and the charges levelled against the applicants prior to dismissal were false and designed to get rid of them by hook or crook without least regard for truth or justice, that the applicants submit that the Company dismissed the petitioners by way of victimisation and unfair labour practice, that in the circumstances the petitioners pray for immediate reinstatement with full wages and continuity of service and other reliefs.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application filed by the applicants contains various allegations which are either baseless or incorrect or distortion of facts, that the Company admits that the applicants were dismissed with effect from 16th December 1954 for gross misconduct in systematically flouting the lawful order of the Company, deliberately absenting themselves under a concerted plan as and when they pleased and staging illegal strikes, that by a notice, dated 23rd February 1954, the opposite party was compelled to lay off some workers, that immediately some demonstrations were made by petitioners along with other workers but nothing untoward happened, that thereafter the opposite party by a notice, dated 27th February 1954, asked the laid-off workers to join their duties with effect from 27th February 1954 and 28th February 1954, but unfortunately not only laid-off workers but some other workers who were not laid off including some of the petitioners, disobeyed that order and remained absent, that in June 1954 the opposite party secured some urgent orders for execution whereof it became necessary to start a third shift by recruiting some additional casual workers, that the Company failing to recruit the new hands, made an arrangement to run three shifts by dividing the permanent workers into three groups and allotting one group to the third shift by a notice dated 28th June 1954, but all the workmen including some of the petitioners who were allotted to the third shift refused to work and remained absent, that the Company issued charge-sheets to them, that they submitted their explanations which were apparently false, that the opposite party warned the workers, that in August, 1954, the Company laid off some workers, but when asked the said workers to join their duties they did not join, that the opposite party warned the workers, that on 16th November 1954 again the company laid off some workers, but when the Company directed the workers to join their duties some on 28th November 1954 and some on 29th November 1954, they did not join, so they charge-sheeted them, that the workers submitted their explanation on 30th November 1954 and thereupon the opposite party enquired into the matter and found the petitioners guilty and in the circumstances, in the interest of its business and maintenance of discipline in the mill, the opposite party had no other alternative than to dismiss the workers which they did by their letter, dated 16th December 1954.

AWARD

On 10th May 1956 the petitioners filed an application for withdrawing their case under section 33A of the Industrial Disputes Act. I have

considered their petition for withdrawal of the case and I allow their prayer and as the case has been withdrawn I make a "no dispute" award in this case. The petition for withdrawal of the case will form a part of this award.

S. C. MUKHERJI,
Judge, Fourth Industrial Tribunal.

NOTIFICATION

No. 6786F.S.—30th June 1956.—In exercise of the powers conferred by the proviso to Article 309 of the Constitution of India, the Governor is pleased to make the following rules to regulate the pay of the staff in the Food, Relief and Supplies (Food and Supplies) Department, viz.:—

RULES

1. With effect from 1st April 1956, every member of the staff in the Food, Relief and Supplies (Food and Supplies) Department who holds a post specified in column 2 of the annexed Schedule shall draw pay in the revised scale shown in column 4 thereof:

Provided that if he was in service in the department on 31st March 1956 and has been continuing in the department since then he may, at his option—

(*a*) draw pay in the revised scale, with effect from the day following the date of increment, if any, falling due after the 31st March 1956 in the present pay of the post held by him on the 31st March 1956, or

(*b*) retain the present pay in the post held by him on 31st March 1956 as well as in the post or posts to which he has been or may hereafter be promoted or transferred within Food, Relief and Supplies (Food and Supplies) Department.

2. (*a*) The option under proviso (*a*) or (*b*) to rule 1 shall be exercised in writing to—

(*i*) the Head of office, in the case of non-Gazetted Government servants; and

(*ii*) Accountant-General of West Bengal, in the case of Gazetted Government servants;

within 30 days of the publication of these rules in the *Official Gazette*. A person on leave at the time of publication of these rules may exercise his option within 30 days of the date of his return from such leave.

(*b*) The option exercised under this rule shall be final and cannot be modified at any subsequent date.

3. The initial pay of a person who is liable to draw pay in the revised scale shall be fixed as follows:—

(*a*) Where the aggregate of the present pay and the ad-interim increases in pay as admissible on 31st March 1956 is less than the minimum of the revised scale, the initial pay shall be fixed at such minimum.

(*b*) Where the aggregate of the present pay and the ad-interim increases in pay as admissible on 31st March 1956 is equal to or higher than the maximum of the revised scale, the initial pay shall be fixed at such maximum and in the latter case, the difference shall be treated as personal pay.

(*c*) In other cases, at the stage which is equal to the aggregate of the present pay and the ad-interim increases admissible to him on 31st March 1956 or if there be no such stage, at the stage next below that pay, plus personal pay equal to the difference; and in either case the period during which the present pay was drawn may be counted for increment in the same stage or if the pay was intermediary between two stages, in the lower stage of the time-scale.

Explanation.—Persons to whom sub-rule (*c*) of this rule applies and who have completed more than one year's service on same pay at *ad-hoc* rate on 31st March 1956 shall be entitled to one increment from 1st April 1956 as only one increment can be earned at a stage in a time-scale, irrespective of the number of years of service rendered on the same pay at *ad-hoc* rates. Similarly, such a person who draws pay in a time-scale and has rendered 12 months' service or more on same pay on 31st March 1956 shall be entitled to draw one increment in the revised scale, with effect from 1st April 1956.

A person exercising option under provision (*a*) to rule 1 shall retain his present pay and the ad-interim increases in pay till the date immediately preceding the date on which he becomes subject to the revised scale of pay. Where the option is exercised under provision (*b*) to rule 1, ad-interim increases in pay, if any admissible to him, shall be drawn till the date of the increment, if any falling due after 31st March 1956 in the post held by him on 31st March 1956. Thereafter they shall be treated as personal pay to be absorbed in future increments.

5. No member of the staff who draws pay in the revised scales shall be entitled to draw the ad-interim increases in pay but shall continue to draw the dearness and other allowances as admissible under the existing orders.

6. For the purpose of these rules—

DECISION

This appeal is preferred against the decision of the Second Industrial Tribunal, West Bengal, dated the 13th December 1954. The issue that was referred for adjudication was:

"Whether dismissal of Shri Prokash Chandra Chanda was justified? What relief he is entitled to?"

2. The learned Tribunal has found that the employee in question was guilty of misconduct and that his dismissal from service is justified, and that he is not entitled to any relief.

3. The contention on behalf of the appellant is that the finding of the lower Tribunal cannot be supported, and that the decision is wrong. It is important to note that no appeal lies against an order of dismissal for misconduct unless there is a substantial question of law under section 7(1) of the Industrial Disputes (Appellate Tribunal) Act, 1950. It is however argued that there is a substantial question of law because the dismissal is thoroughly arbitrary and summary, that no opportunity was given to the appellant to vindicate himself, and that the dismissal is opposed to the principles of natural justice. The second ground urged is that in any case the punishment that has been awarded is too severe.

4. In the first place, taking the contention that the dismissal is opposed to the principles of natural justice, reference may be made to Ex. A which purports to be the charge-sheet and also the order of dismissal. It is alleged therein that the appellant drew the wages illegally of four workers with the help of the thumb impression of other workers, and that moreover "some workers who were in General Manager's Bungalow on a Sunday in the month of January 1948, did not receive their payment by the same Babu, though the cash had been handed over to him". The order of dismissal states, that there is a breach of trust against the workers, and that the Company as per Standing Order No. 18(1)(a) terminated the services of Shri P. C. Chanda from 15th March 1948.

5. The contention on behalf of the appellant is that he was ill from small-pox, that he returned from leave on 15th March 1958, and that then he was served with Ex. A and was made to sign it. It is argued that there was no opportunity given to him to defend himself, and that without enquiry the summary dismissal cannot be supported. Of course, if Ex. A had stood by itself that would amount to arbitrary conduct on the part of the Management. However, it is well recognized that in such circumstances the Management is at liberty to establish the truth of the charge against a workman in an enquiry before the Industrial Tribunal. The Management have sought to prove the charge against the employee before the lower Tribunal by adducing evidence. The lower Tribunal had the evidence of Shankar and Sohara, two workmen and also of the Works Manager Dutta, and the Security Officer Narayan Singh. On behalf of the Management Shri Shankar Nayak deposed, that in January 1948 he went on leave, and that he returned from leave and asked for his arrear wages, when he was told by the then pay clerk that he had already received wages by putting thumb mark on the pay sheet. Then he went to Prakash Babu who told him that he had received the wages and that he would pay him the amount on a subsequent date. Later Prakash Babu paid the amount and at that time Prakash Babu was on leave. The witness says that the Manager took his thumb impression on a blank paper, and that this was compared with another thumb impression from the wage sheet. Sohara, P.W. 2, deposed that he did not get wages, and that on his coming back from leave Prakash Babu and Sarkar Babu told him that the wages lying deposited in the office would be paid on the 28th. But he did not get the wages on that date. He filed an application to the Manager, that is Ex. C. He got his wages after he filed the application. Narayan Singh, the Security Officer, sent the confidential report, Ex. D, dated 15th March 1948, to the Works Manager, after the workers came to him on the 10th or 12th March 1948 and complained that they were not getting their unclaimed wages. Budhan and Sohara gave him the reports (Exs. C and C/1). On consulting weekly pay sheets he learnt that thumb impressions appeared against their names showing payment of wages. During the course of this enquiry he came to know that Prakash Babu had also drawn the wages of Shankar and the latter told him that Prakash Babu had paid his wages from his house. In the presence of the Works Manager the reports were shown to Prakash Babu, and the latter replied that generally wages were drawn for the convenience of the workers. In cross-examination Shri Narayan Singh deposed that Prakash Babu was the head of the General Department when he was in service. He admitted that during his enquiry he did not look into any record, except the attendance register and the pay sheets. Shri Narayan Singh denied the suggestion in cross-examination that the complaints in the case had been brought up against Prakash Babu for the purpose of this case. Shri Dutta, the Works Manager, deposed to the fact of his submitting the report Ex. F to the General Manager. When the witness questioned Prakash Babu regarding the allegations made by the workman, the latter replied that he had drawn the wages to avoid delay in making payment of unclaimed wages to the absent workmen and that he had no bad intention. Shri Dutta explains that pay disbursing clerks had no authority to withdraw wages on false thumb impression and that it is illegal. He further states that Prakash Babu admitted the allegation, but said that what he had done was done with the best of motives. Prakash Babu also fell at the General Manager's feet and asked for his forgiveness. Shri Dutta mentions that he believed the statements made by the workmen concerned in the matter of which he had proof.

6. The learned judge had evidence before him which he accepted and believed, and on the basis of this evidence he came to the conclusion that there were satisfactory grounds for the dismissal. The evidence on behalf of the Management has been believed and it has been held that it is sufficient to support the charge of misconduct. The question of sufficiency or insufficiency of evidence is not a question of law. Whether this Tribunal would have come to the same conclusion on the evidence on record is an entirely a different matter. The evidence of the Management's witnesses has been accepted as true, and it has been held that it is sufficient to support the charge of misconduct against the worker. Our attention has not been drawn to any circumstances calling for interference with the said finding. There is no question of law involved in this appeal, and we are unable to hold that the decision of the learned Tribunal is unacceptable for any reason.

7. The second point urged is that the punishment that has been awarded is too severe in the circumstances. It can by no means be held that the termination of service of the workman in view of the offence with which he was charged is out of all proportion in the circumstances of the case. We decline to accept this argument.

8. There are no gorunds for interference with the decision of the lower Tribunal. The appeal is accordingly dismissed. No order as to costs.

DECISION

This is an appeal from an award of the Third Industrial Tribunal, West Bengal. The issue referred to the Tribunal by Order No. 2671Dis./D/11L-129/54, dated the 25th May 1954, was "whether the workmen are entitled to have any bonus for the year 1953? What should be the amount thereof?"

2. The learned Tribunal rejected the claim. Hence this appeal by the workmen.

3. At the hearing of the appeal, an application was moved on behalf of the Company for adjournment on the ground that Shri Manna, Bar.-at-Law, engaged for the Company had to go out of Calcutta and would not return before the 8th April 1956 and that the Managing Partner was indisposed. We rejected the application.

4. The workmen's representative argued that bonus for the year 1953 was payable as customary Puja bonus which had become a condition of their service. The Company has been in existence for 80 to 90 years. It has paid bonus only in two years. During the year 1949, it paid Puja bonus equal to seven days' wages while in the year 1950, it paid Puja bonus equal to nine days' wages. No bonus was paid either prior to 1949 or in 1951 and 1952. It was not even claimed in the years 1951 and 1952, though it had been paid in the two previous years.

5. Appellant's case is that in 1951 and 1952, there was no Union and, therefore, no demand could be made. Conceding only for the sake of argument that absence of a Union may be a good reason for the workmen's inability to make or press a demand for bonus, still for a claim to Puja

bonus as a condition of service it has to be shown that it has been paid during a fairly good number of years from which a custom may reasonably be inferred. The number of years may differ according to the facts of each case. It is not the workmen's case that bonus was a condition of service as a result of any agreement. They asked the Tribunal to infer it from the employer's conduct of paying it during the years 1949 and 1950, which are said to be years of loss. Non-payment of Puja bonus during 1951 and 1952 indicates that the employer did not like to continue the practice stated by him in 1949. Even assuming that the Company paid Durga Puja bonus in spite of losses in 1949 and 1950, can it be said in this case that bonus had been paid during a sufficiently large number of years, in order to lead to the inference that it had become a condition of service? We answer the question in the negative.

6. Next, it was argued alternatively that the Company had not proved any loss in the year 1953 and therefore, bonus should be ordered to be paid to the workmen as ordinary bonus. The Company filed audited balance-sheet. Workmen's prayer was allowed by the Tribunal for inspection of the audited accounts. It has been urged before us for the workmen that the Company did not give inspection of its accounts. If so, then a complaint should have been made in writing to the Tribunal. We cannot accept the workmen's case that an oral complaint was made to the Tribunal. On the other hand, the gentleman who submitted today the application for adjournment on behalf of the Company, produced before us a copy of letter addressed to the workmen's representative, that the Company's accounts were open for inspection and nobody was turning up. Acknowledgment which had been obtained from the workmen's representative was also produced to prove that the letter had been received by him. The signature on the acknowledgment was admitted before us by the workmen's representative It is clear from this that the workmen did not like to avail of the opportunity of examining the Company's accounts. From the balance-sheet we are satisfied that the Company suffered loss during the year in question. Therefore, no bonus can be granted to the workmen. The appeal is, therefore, rejected. No order as to costs.

DECISION

This appeal is preferred against the award of the Second Industrial Tribunal, West Bengal, dated 26th July 1954 and published in the *Calcutta Gazette*, dated 19th August 1954, under the orders of the Government of West Bengal No. 3809Dis./D/10L-162/54, dated 3rd August 1954, by which retrenchment of 55 workmen, dated 5th May 1953 and lay-off of some other workmen in two batches on 1st June 1953 and 1st July 1953 made by the Company were found to be justified. At the time of hearing of the appeal the appellant gave up the appeal in so far as it challenged the finding of the lower Tribunal in respect of the lay off and confined the arguments only against the finding in respect of the retrenchment.

2. The lower Tribunal examined in detail the financial and trading position of the Company as disclosed in the oral evidence of the Manager and in the documentary evidence produced by the Company and came to the conclusion that there was general decline in the business and fall in the production of this Company which manufactures to orders oil containers and drums and supplies them to dealers in oil and vegetable ghee and that there was nominal profit of Rs. 47 in the year 1952 and heavy loss of

Rs. 74,325 in 1953 and that production fell heavily by May 1953 and that there was dearth of orders. There is no evidence on the side of the appellant to meet the oral and documentary evidence offered by the Company. The curious argument advanced by the appellant is that no evidence was adduced because the burden of proof was on the Company. But the Company adduced evidence to discharge its burden and the effect of that evidence will stand unless controverted by counter-evidence. The learned representative of the appellant had practically nothing more to say against the above finding of the lower Tribunal.

3. The learned representative of the appellant submitted that in making the retrenchment, the Company was actuated by ulterior motives and that his case stands or falls by it and submitted that the Union came into existance on 10th December 1952, submitted its charter of demands on 3rd March 1953, a joint meeting was convened by the Labour Commissioner on 5th May 1953 and that the retrenchment took place on 5th May 1953 and the meeting did not take place and that the Manager brought about the retrenchment without notice and without the previous sanction of the Directors of the Company and that these facts show that the retrenchment was not bona fide and was made to punish the workmen for having formed a Union and put forward demands.

4. If the decline in business and fall in production and lack of profit in 1952 and loss in 1953 be not true, the above facts urged by the appellant may be useful to show that the Company might be actuated by ulterior motives. But in view of the unchallenged proof of that decline in business, and fall in production due to dearth of orders, and loss, it can only be concluded that there was an unfortunate coincidence of the bad days on which the Company fell and the time chosen by the Union to put forward its charter of demands. So far as the lack of previous sanction of the Directors is concerned, we cannot see how it affects the rights of the workmen one way or the other. So far as workers are concerned subsequent approval of the retrenchment is as fateful to them as a previous sanction for retrenchment. Hence there can be no difference between previous sanction and subsequent approval in so far as bona fides of the Company are concerned. We are not able to find that the Company was actuated by ulterior motives in effecting the retrenchment.

5. It is satisfactorily proved by documentary evidence that all the retrenched men were temporary hands with a short service of about three months. Still the Company voluntarily paid four days' wages as retrenchment compensation and workmen willingly received the same and passed receipts. The lower Tribunal ordered 15 days wages in lieu of notice to be paid to the retrenched workmen, but the Company has not chosen to appeal. These circumstances also indicate the bona fides of the workmen.

6. We are in entire agreement with the lower Tribunal in holding that the retrenchment was necessitated by bona fide trade reasons, the business having been on the decline and loss having been suffered. There has been no challenge in this appeal on the number of men retrenched or selection of particular persons for retrenchment. Originally 60 persons were proposed to be retrenched but five persons were cut out from that list. The remaining strength of the establishment has remained constant from May 1953 till now showing that the retrenchment could not be excessive. Under these circumstances the lower Tribunal was perfectly correct in not awarding reinstatement or more compensation to the retrenched men. Hence this appeal is dismissed. We award no costs as the appeal is on behalf of retrenched and unemployed workmen.

DECISION

This appeal is preferred by the workmen of Messrs. Gulf Oil (India), Ltd. (to be hereinafter referred to as the Company), represented by Gulf Oil Workers' Union, Calcutta (to be hereinafter referred to as the Union) against the award of the Sixth Industrial Tribunal, West Bengal, dated 2nd June 1954, and published in the *Calcutta Gazette*, dated 1st July 1954, under the orders of the Government of West Bengal, No. 3048Dis./D/51-11/54, dated 19th June 1954. Two issues were referred to the lower Tribunal for adjudication, viz., (1) bonus, (2) whether the Company was justified in terminating the services of Shri T. C. Mehta. What relief is he entitled to? Both the issues are subject matter of this appeal and will be dealt with one after the other in the above order.

2. **Issue No. 1.**—The workmen claimed one month's wages as bonus for the years 1951 and 1952 in addition to one month's wages paid as Puja bonus in each of the said two years voluntarily by the Company. The lower Tribunal rejected the claim for 1951 on the ground that it was belated having been made only towards the end of 1952 and rejected the claim for bonus for 1952 on the ground that the Company suffered huge loss in that year. It is conceded that in the year 1952 there was loss. Hence, there can be no valid claim for bonus by way of participation in the prosperity of the concern in that year. In 1951, there was a net profit of Rs. 63,609 for a period of 14 months according to the balance-sheet. Hence, for 12 months the proportionate profit should be Rs. 56,522. Taxation thereon comes to Rs. 23,684 as shown in the memorandum of calculation filed by the Company before this Tribunal. Six per cent. return on nine lakhs of rupees which is the paid-up capital of the Calcutta branch of the Company to which the present dispute relates, comes to Rs. 54,000. Even without taking into account any other prior charges, there will be no available surplus left over according to the Full Bench formula of the Labour Appellate Tribunal. Hence, there can be no valid claim for bonus by way of participation in the prosperity of the concern in 1951 also, even if the claim be held not belated as held by the lower Tribunal.

3. Obviously for above reason, the appellant's learned representative before this Tribunal urged that the claim to bonus in this case is not by way of profit sharing but that it has been a condition of service of the workmen of this Company to be paid bonus represented by two months' wages per annum and that half of it is payable in September before Pujas and the other half in April irrespective of profit or loss. This is a clear after-thought and a variation of the Union's case. In paragraph 10 of the written statement of the Union filed before the lower Tribunal, it was urged that one month's wages were paid as bonus at the time of Puja and another month's wages were paid as bonus out of profit every year and that in 1951 and 1952, no bonus out of profit was paid. Lower down in the same paragraph it was mentioned that bonus was a part of the wage and mere a condition of service than extra payment in consideration of profit accruable. This statement reads like enunciation of the theory of the Union upon which the bonus has been granted in the past and does not read as a statement of fact that bonus of two months' wages was paid irrespective of profit or loss. In any event, there is no evidence of payment of bonus in April consisting of one month's wages in any year in which the Company suffered loss. Admittedly, the amount of bonus paid in April was not uniformly one month's wages. There is no dispute now about bonus payable before Pujas in 1951 and 1952. For these reasons, we hold that the Union has not made out a condition of service that bonus of one month's wages should be paid irrespective of profit or loss in April of every year. Hence, the claim to bonus as now advanced by the Union is hereby rejected, in agreement with the lower Tribunal, though for slightly different reasons.

4. **Issue No. 2.**—The services of Shri T. C. Mehta who was entertained in service on 13th December 1948 were terminated with effect from 1st November 1951. The lower Tribunal found that the termination was unjustified and awarded compensation of four months' basic pay of Rs. 100 and dearness allowance of Rs. 100. The Company has not preferred any appeal. The Union only appealed and contends that Shri T. C. Mehta should have been reinstated and that his claim to Rs. 27,490 under various heads detailed in the written statement should have been allowed.

5. As Industrial Tribunal, unlike a Court of law governed by the law of master and servant, has jurisdiction to reinstate a workman whose services are terminated without justification; but, it does not mean that in all such cases reinstatement should be ordered. The object of Industrial adjudication in to settle disputes in such a manner as to bring about or restore peace and harmony in the employer and employee relations. Whether reinstatement is conducive to such a purpose or not depends on the facts of each case. Hence, it should be a matter of discretion to be exercised by the Industrial Tribunal judicially with reference to the facts and circumstances of each case. This is the law as laid down by the Calcutta High Court in 1955 II L.L.J. 214 (Bank of India vs. Labour

Appellate Tribunal of India & Ors.). If the decision is so exercised, the Appellate Tribunal should be reluctant to interfere with the way in which the discretion is exercised by the trial Tribunal. Therefore, the point is whether the lower Tribunal has exercised the discretion judicially and not arbitrarily or perversely. In this case the Company proved to the satisfaction of the lower Tribunal that Shri T. C. Mehta played a dirty trick in trying to prove and in relying upon a document, dated 12th May 1950 said to have been executed by Mr. Hempson at Calcutta whereas in fact Mr. Hempson was at Bombay on that day. Such being the case the Company can no more be expected to repose confidence in Shri Mehta and Shri Mehta also may not be happy in service with the Company, if reinstated. In view of this circumstance, the lower Tribunal held that compensation was the proper relief in this case and not reinstatement. We have no hesitation in saying that the lower Tribunal has correctly exercised its judicial discretion and no interference with it is called for. Shri Mehta served the Company only for a little over three years. The award of four months' basic allowance as compensation, if at all, errs on the generous side. The other claims advanced on behalf of Shri Mehta are amounts alleged to be due to him under the terms and conditions of his service while he was in employment. Such claims have not been referred to the lower Tribunal for adjudication. Only relief arising out of the termination of his service, it found to be unjustifiable, has been referred to the lower Tribunal. Proper forms of relief in such a case are reinstatement or, in the alternative, compensation for loss of employment. Claims to money alleged to be due under terms of employment while in employment cannot participate in the characteristics of compensation for loss of employment as they should be due irrespective of the termination or retention in service. Hence, none of the several claims advanced can come under the category of compensation for loss of employment nor can they be considered as incidental thereto. Hence, the Union cannot successfully urge in these proceedings such of the claims of Shri Mehta as have not been awarded by the lower Tribunal.

In the result, the appeal is dismissed. No costs.

STATEMENT OF OBJECTS AND REASONS

In most of the advanced countries, the hours of work for industrial workers have been reduced from 48 hours to 44 hours and even less. The workers in those countries are now demanding a 40-hour week. This demand arises primarily because of the intensification of work that has recently been introduced in almost all industries causing excessive exertion.

This Amendment to the Factories Act, 1948, seeks to reduce the hours of work from 48 hours to 44 hours a week in all factories.

NOTIFICATION

No. F.H./2647/2R-37/56.—18th July 1956.—Whereas the Governor is satisfied that the municipal area of Ranaghat is threatened with an outbreak of cholera;

Now, therefore, in exercise of the power conferred by sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said municipal area for a period of three months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF CHOLERA.

1. In these regulations, unless there is anything repugnant in the subject or context—

(*a*) "Health Officer" means the Health Officer of the municipality;

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(*c*) "Suspected cholera" means any disease accompanied by vomiting and diarrhoea;

(*d*) "Patient" means a person suffering from or suspected to be suffering from cholera;

(*e*) "Medical practitioner" means any person practising the medical profession.

2. Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Health Officer or a Sanitary Inspector and the Health Officer or a Sanitary Inspector shall not be bound to enter the names of all the joint-holders in the notice.

Notices.

3. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out be not carried out to his satisfaction within the time stated in the notice, the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation.

5. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the persons in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease.

When a case of cholera or suspected cholera occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the Health Officer or a Sanitary Inspector.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the Health Officer or a Sanitary Inspector by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

9. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or the Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12. The Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the Health Officer or a Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the Health Officer or a Sanitary Inspector.

14. The municipality shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the Health Officer or a Sanitary Inspector as being fit for the purpose of such isolation.

15. If it is not possible for the Municipal Commissioners to provide suitable places with necessary attendants, diet and other necessaries for isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying, the patient shall be sent, under proper sanitary precautions, to the hospital within or outside the nearest municipality where there is suitable arrangement for isolation.

16. No person, who is or has been suffering from cholera shall have the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

17. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency, and within such time as may be specified in the order, such measures for the disinfection or evacuation of any premises in the occupation of such persons or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

18. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or a Sanitary Inspector is of opinion that such person has been exposed to infection from cholera.

19. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

20. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried with proper precautions to a hospital.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. No person shall expose in any street, shop, bazar, or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

23. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the Health Officer or a Sanitary Inspector and without taking proper precautions against spreading the said disease.

Water-supply.

24. (1) When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or source of water-supply is situated, to take steps to close the same to the satisfaction of the Health Officer or the Sanitary Inspector as the case may be, within such time as may be specified in the order.

(2) The Health Officer or a Sanitary Inspector may require such owner or occupier to keep during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, "to close" includes the placing of watchman to prevent access to the well, tank, pool or other sources of water-supply.

25. When the Health Officer or a Sanitary Inspector is of opinion that the water in any well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

26. The Health Officer or a Sanitary Inspector may prohibit persons from entering into or using for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in his opinion, is contaminated or likely to be contaminated.

27. The Health Officer or a Sanitary Inspector may, by an order published at such places as he may think fit, set apart any well, tank, part of a river, stream or channel not being private property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit therein or within a distance therefrom to be stated in the order all bathing, washing of clothes or animals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of bathing or for the purpose of washing animals or clothes or for any other purpose connected with the health and cleanliness of the people using such water-supply.

28. The Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any rubbish, sewage, or offensive matter, into any well, tank, pool or other source of water-supply, which is used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

29. The Health Officer or a Sanitary Inspector may (1) prohibit the committal or continuance of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove such nuisance.

Explanation.—In this regulation "nuisance" means anything which in the opinion of the Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

30. Whenever the Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer, or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or to allow an officer of the municipality to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

31. The Health Officer or a Sanitary Inspector may for the prevention of the outbreak or spread of cholera order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

Miscellaneous.

32. The Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be

33. The Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

39. The Health Officer or a Sanitary Inspector may direct that no person shall bury or cause to be buried any corpse which in the opinion of the Health Officer, is likely to spread cholera in a grave not constructed of masonry and less than six feet deep.

40. The Health Officer or a Sanitary Inspector may order that no dome or other servant of the municipality employed for the disposal of corpses shall withdraw from his duties without the permission of the Health Officer or a Sanitary Inspector unless such dome or other servant of the municipality has given notice in writing not less than one month previously of his intention so to withdraw.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 218 of 1955, was filed by Shri Nagendra Nath Das on the allegation that he was an employee of the opposite party and he used to work as a sardar of the Mixing Department of the Mill, that on 2nd April 1954 the petitioner received a serious injury on his left hand in course of his duty for which he had to remain absent with the permission of the opposite party for his treatment, that the petitioner's left hand has been permanently injured and useless, that as it was impossible for the petitioner to work, the petitioner approached the Company and asked for the payment of gratuity, earned wages due, Provident Fund money credited on both accounts and also for the leave wages due, that the opposite party refused to pay the legal dues to the petitioner, that the opposite party has contravened the provisions of section 33 of the Industrial Disputes Act by refusing to pay off the normal benefits during the pendency of the Tribunal and without taking permission from the Tribunal, that in the circumstances the petitioner prays for an award directing the Company to pay the petitioner the earned wages due for 15 days, the leave wages due for the statutory period, Provident Fund money including the employer's contribution, gratuity at the rate of 15 days' pay for each year of service for service of 14 years.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the petitioner was a line sardar in the Webbing Department and not in the Mixing Department, that the opposite party admits the accident but denies

liabilities altogether as the matter is pending for adjudication before the Court of the Commissioner for Workmen's Compensation, West Bengal, that the petitioner was offered all his dues but he refused to accept the same and wanted to see the decision regarding his claim before the Commissioner for Workmen's Compensation, West Bengal, that he was duly advised and was supplied with the requisite form No. 19 by the opposite party to apply to the Provident Fund Commissioner, that he is not entitled to any gratuity by way of compensation since he enjoyed the Provident Fund benefit and he has already applied for such compensation before the Commissioner for Workmen's Compensation, West Bengal, that he has not served the Company for 14 years the date of his appointment being 17th August 1949, that in view of the facts the opposite party never refused to pay him his legal dues and on the contrary advanced him a sum of Rs. 210 which still remains unadjusted, that in the circumstances the petition is not maintainable and the opposite party prays that the petition be rejected.

DECISION

We had not to enter into the merits of this case as the petitioner on 5th June 1956 filed a petition praying for permission to withdraw his petition for complaint under section 33A of the Industrial Disputes Act. We have read and considered the petition and we grant the petitioner permission to withdraw his complaint as prayed for. The petition for withdrawal will form a part of this award. As the petition of complaint under section 33A is withdrawn, there will be a "no dispute" award in this case.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceedings was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 221 of 1955, was filed by the petitioner Shri Jagadish Prosad on the allegation that he was appointed as an electric mistry under Messrs. Bhutoria Jute Mills for about two years on a monthly pay of Rs. 125 per month, that the petitioner had to do overtime duty up to 16 hours a day almost regularly, that the applicant went on making representation to the management for payment of his dues for working extra hours and also for giving his leave wages, etc., that all the appeals of the applicant ended with a result of his illegal discharge from service, that on 23rd of February 1955, the petitioner applied to the Company that he was unable to work for more than 8 hours a day, that on 24th April 1955 the petitioner was verbally told that his services were no longer required without showing any reason, that the matter was brought to the notice of the Assistant Labour Commissioner, Howrah, with a prayer that the Company should reinstate him to his previous post and also to ask the Company to pay up all his dues, that the Conciliation Officer in the office of the Assistant Labour Commissioner advised the petitioner to apply to the Tribunal and as there was no chance of any amicable settlement with the Company, that in the circumstances the petitioner prays for asking the

Company to show the reasons for his illegal discharge against the provisions of section 33 of the Industrial Disputes Act and also prays for directing the Company to pay him three months' pay in lieu of notice, one month's leave salary, 23 days' wages dues, double wages for three months and six days, leave pay for 15 days, sick leave for 15 days and other reliefs.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement on 1st December 1955 stating that the opposite party denies each and every allegation in the written statement filed by the said worker except those that are specifically admitted, that the work of the petitioner was never entirely satisfactory nor had he to do any overtime duty up to 16 hours almost regularly, that the worker for reasons best known to him was not attending the factory since 25th April 1955 without any leave or any intimation to the management, that his sudden absence on 25th April 1955 caused a great setback when the Mill was started half an hour late from the scheduled time and the Company in consequence had to undergo heavy loss in production due to the sudden absence without notice, that it was also found at the time that the petitioner had taken out some pins of the main switch board of the line with clear intention to damage the property of the Mills and he never turned up since then, that the management never issued any discharge order on this worker and it must be presumed that he had voluntarily left the service of the Company and as such he is entitled to no relief, that regarding his claim as embodied in his petition the management denies that he is entitled to any such relief except his due wages for 23 days, that in the circumstances the Company submits that the application of the petitioner be rejected.

DECISION

At the time of hearing, both parties came to a compromise and filed a joint petition of compromise. We perused the joint petition of compromise. The terms are fair and legal. We accept the petition of compromise and make our award in terms thereof. The petition of compromise will form a part of this award.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 272 of 1955 was filed by Dinabandhu Paul on the allegation that he is a permanent workman of 14 years' continuous satisfactory service, that on 15th September 1955 he was charge-sheeted by the management for joining an illegal strike along with others on 24th August 1955, that he submitted his explanation on 16th September 1955 denying the charges, that he was suspended from 15th September 1955, that the alleged enquiry held on 20th September 1955 was stage managed, that the petitioner was not allowed to defend himself or to cross-examine the witnesses but was forced to sign the final order of dismissal by persons of rank and position whose names the petitioner is at this stage unable to disclose for fear of dire consequence, that the complainant accordingly prays for reinstatement and compensation for the period of his forced unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement contending that the application under section 33A filed by Shri Dinabandhu Paul is misconceived and not maintainable in law as the Company has not, in any way, violated section 33 of the Industrial Disputes Act, that the Company has already filed an application under section 33 on 28th September 1955 seeking permission of the Tribunal to dismiss him, that he was suspended pending permission of the Tribunal, that in the circumstances the Company prays that the application under section 33A filed by the complainant should be rejected on the preliminary point of law.

DECISION

We had not to enter into the merits of this case as the petitioner filed a petition praying for permission to withdraw his petition for complaint under section 33A of the Industrial Disputes Act. We have read and considered the petition and we grant the petitioner permission to withdraw his complaint as prayed for. The petition for withdrawal will form a part of this award. As the petition of complaint under section 33A is withdrawn, there will be no dispute award in this case.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329-Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial disputes between 101 specified jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 15 of 1955, was filed by Shri Pundeo Singh on the allegation that he had been working in the said Mill as a durwan for about last 7 years, that the charge-sheet was served on the petitioner on the allegation that the petitioner was found sleeping while on duty, that neither any proper enquiry was held nor the petitioner was given any hearing in person nor any opportunity was given to the petitioner to prove his innocence, that the petitioner was suspended before the employers filed any application for permission before the Tribunal under section 33 of the Industrial Disputes Act to dismiss him, that the suspension and/or dismissal of the petitioner was illegal and *ultra vires*, that the motive behind this victimisation is that the petitioner refused to pay the usual bribe to Mr. S. R. Pathankar, the durwan-in-charge who is in the habit of accepting the same regularly from the durwan for a long time, that as such the petitioner should be reinstated to his previous post, that the petitioner is also entitled to get full compensation for the period kept out of employment, that in the circumstances the petitioner prays that the employers should be directed to reinstate him to his previous post and to pay full compensation for the period he was kept out of employment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement on 3rd March 1955 contending that the application of the complainant Pundeo Singh is not maintainable as it does not reveal any violation of section 33 of the Industrial Disputes Act, that an application under section 33 of the Industrial Disputes Act seeking permission of the Honourable Tribunal for the dismissal of Pundeo Singh has already been filed by the Company, that the application of the complainant contains various vague, misleading and false allegations, that the complainant was found sleeping on duty by the departmental-in-charge at 11-45 p.m. on 20th December 1954 and between 12-30 a.m. to 12-45 a.m. on 21st December 1954, that as a serious theft of mill properties had occurred on the preceding night a warning had been issued to all durwans to be vigilant, that the complainant's serious negligence of duty constituted a misconduct and a charge-sheet was issued to him on 21st December 1954, calling upon him to explain his conduct, that after receiving his explanation, a full enquiry was held, that as a result of the enquiry the Manager found that Pundeo Singh was guilty of gross negligence of duty and accordingly decided that he should be dismissed but would remain suspended pending permission of the Tribunal, that in the circumstances the complainant is not entitled to reinstatement and/or any compensation as claimed by him and the the application of the complainant should be rejected on the preliminary point of law and/or on merits.

DECISION

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject matter of the complaint under section 33A of the Industrial Disputes Act and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L.L.J., Vol. I, page 346) that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority referred to in the section is a Court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually on the self-same grounds, we hold that the petition of complaint under section 33A of the Industrial Disputes Act is not maintainable and we award accordingly.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329 Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial disputes between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The Award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, one application under section 33A of the Industrial Disputes Act in case No. 96 of 1955 was filed by the petitioner Umed Ali, Dandi, stating that he was charge-sheeted on the 14th March 1955, that the Angus Co., Ltd., representative of the owners of Angus Jute Mill Co. is bound to comply with the standing orders certified for the Angus Jute Mill on 28th December 1948 but Mr. Grieve has now new conditions of service, in force, which are alterations of the conditions of service, that the petitioner submitted an explanation in time on 15th March 1955 but no further enquiry has been made, that under the circumstances it is prayed that the charge-sheet and the warning notice be kindly cancelled and declared as out of Court and in contravention of the standing orders in force since 28th December 1948, that the so-called rules and regulations, etc., having never been certified be declared as not current and never in

force, that the Labour Officer, the Chief Labour Officer and the representative of the Managing Agents who have not once but always adamantly and persistently contravened and altered the conditions of employment be properly dealt with.

Notice of the aforesaid complaint having been served the Company filed its written statement stating that the application under section 33A is not maintainable in law as no violation of section 33 has been made, that the service condition of the River Transport Staff which have incorporated the provisions of the Standing Orders applicable in case of Jute Mill workers, have been in force since the beginning of 1953, that in any event, therefore, these service conditions have existed before the Omnibus Tribunal was constituted in April 1954 and no alteration in the conditions of service has taken place during the pendency of proceedings before the said Tribunal, that in the circumstances the Company submits that the said application be rejected.

While the aforesaid dispute was pending, the other application under section 33A of the Industrial Disputes Act was filed by the petitioner Umed Ali in case No. 275 of 1955 on the allegation that he was a Dandi employed as permanent workman in boat No. 10 of Angus Jute Works, that during the pendency of the adjudication proceedings before the Tribunal the petitioner was suspended by the Company until permission from the Tribunal to dismiss him was obtained, that the employers contravened clause (b) of section 33 of the Industrial Disputes Act as amended, that in the circumstances the petitioner prays that no amount should be deducted on account of this wrongful punishment and the costs and other relief which will be deemed proper by the Tribunal be awarded.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application under section 33A is misconceived and not maintainable in law as the Company has not, in any way, violated section 33 of the Industrial Disputes Act, that the Company has already filed an application under section 33 on 11th July 1955 seeking permission of the Tribunal to dismiss the workman concerned, that pending such permission he was suspended, that the Company prays that the application under section 33A filed by the complainant should be rejected on the preliminary point of law.

For the sake of convenience of decision these two cases are taken up together and hence this Award will govern both the cases.

DECISION

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the two applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject matter of the complaint under section 33A of the Industrial Disputes Act in each case and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the Award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L. L. J. Vol. I, page 346) that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move

the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority referred to in the section is a Court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually on the self-same grounds, we hold that the petition of complaint under section 33A of the Industrial Disputes Act in each of these cases Nos. 96 of 1955 and 275 of 1955, is not maintainable and we award accordingly.

The Award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 97/55 was filed by the two workmen Shri Achutanandan Shai and Shri Radhu Roy complaining that the petitioners are permanent workers of the Beaming Department of the Mill, that on 23rd February 1955 the petitioners were charge-sheeted and suspended by the management on the ground of bad work and were asked to submit their explanation, that the petitioners submitted their explanation, that since then the management has not given the petitioners any letter and they are still now allowed to work, that this action is a violation of section 33 of the Industrial Disputes Act, that the petitioners have put in 13 years of service, that in the circumstances the petitioners pray for reinstatement with consequential relief.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application under section 33A filed by Radhu Roy and Achutanandan Shai is not maintainable in law, that the Company has not violated section 33 of the Industrial Disputes Act, that on 23rd February 1955 the two workmen, Radhu Roy and Achutanandan Shai were served with charge-sheets for bad work on account of their negligence, that the workmen concerned were suspended pending permission of the Tribunal to dismiss them and the Company's decision was duly notified to them, that the Company was fully justified in taking action against them for repetition of bad work due to thir negligence, that the Company's action was *bona fide* and legal, that in the circumstances the Company submits that the petitioners are neither entitled to reinstatement nor any relief and the application under section 33A of the Industrial Disputes Act may be rejected.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 182 of 1955 was filed by the worker Rojan stating that he has put in 30 years' service instead of 10 years as stated by the Company, that the allegation made by the opposite party in the petition under section 33 is baseless and without any valid ground, that the strike referred to by the opposite party was legal and not illegal as maintained by the opposite party as the issue on which the strike was called by the worker, rests on the variation of working period and the pay payable by the opposite party for the increase in working hours, that the petitioner prays for reinstatement with compensation, and wages for the period of strike and gratuity.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement on 19th October 1955 stating that the application of the complainant is misconceived and not maintainable in law as the Company has not, in any way, violated Section 33 of the Industrial Disputes Act, that on 12th July 1954 workers of the Mill resorted to an illegal stay-in-strike at about 7 a.m. as a protest against the schedule of working hours proposed by the management for 45-hour weeks, that Rojan was one of the persons who threw stones at the Durwans at about 11 p.m., that a charge-sheet was issued to Rojan on 13th July 1955, that on receipt of his explanation an enquiry was held and it was found that Rojan was guilty of the charges, that the workman concerned was suspended pending permission of the Tribunal to dismiss him, that in the circumstances

the Company submits that the complainant Rojan is not entitled to reinstatement and/or any compensation and it further submits that the claim for payment of wages for the period of illegal strike and/or gratuity is also untenable.

DECISION.

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. The Award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 183 of 1955 was filed by the petitioner Shri Manindra Nath Chakravarti alleging that the petitioner is a permanent workman and employed as a Clerk in the Labour Office, that he has put in over 6 years' continuous service, that on 28th July 1955 he was given a charge-sheet by the Company under rule 14(c)(iv) of the Standing Orders for misconduct, that the petitioner submitted his explanation but the management after enquiry found him guilty of the charge, that on 1st August 1955 the Company informed the petitioner that he should be dismissed but until permission of the Tribunal has been obtained he will continue to be suspended, that the Company has contravened the provisions of section 33 of the Industrial Disputes Act, that in the circumstances the petitioner prays for reinstatement with continuity of service and full compensation for the period of unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the complainant joined service on 1st January 1949 and was a permanent clerk in the Labour Office, that on 28th July 1955 at 9-20 a.m. he was caught by Mr. Johnston and Mr. Nicoll on the other side of the bridge near the new railway quarters refunding money which was taken as bribe from several workers on the assurance of making them permanent, that Shri Manindranath Chakravarti was then served with a charge-sheet on 28th July 1955, that on receipt of his explanation to the charges a full enquiry was held and it was found that Shri Manindranath Chakravarti was guilty of misconduct, that the workman concerned was suspended pending permission of the Tribunal to dismiss him and the Company applied under section 33 for such permission, that the Company refterates that there has been no violation of the provisions of section 33 of the Industrial Disputes Act as the petitioner was suspended pending permission of the Tribunal to dismiss him, that in the circumstances, the petitioner is not entitled to reinstatement and/or any compensation, that the Company prays that the application under section 33A should be rejected.

DECISION

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the two applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject-matter of the complaint under section 33A of the Industrial Disputes Act and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the Award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L.L.J., Vol. I, page 346) that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority referred to in the section is a Court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually on the self-same grounds, we hold that the petition of complaint under section 33A of the Industrial Disputes Act is not maintainable and we award accordingly.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No. 4130Dis./D/7L-47/54, dated 26th August 1954,

referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 369 of 1955, was filed by Shri Gouri Shankar Roy on the allegation that he was a permanent workman having about 6 years of service, that the opposite party has kept the petitioner without work since 27th December 1954, that the opposite party filed an application under section 33 of the Industrial Disputes Act seeking permission to retrench the petitioner before the Tribunal, that the petitioner submits that there was no reason for the Company to bring up an application under section 33 of the Industrial Disputes Act, that the petitioner feels that the Company has contravened section 33 of the Industrial Disputes Act by keeping the petitioner out of work without wages and as such the petitioner prays for relief under section 33A of the Industrial Disputes Act, that under the circumstances the petitioner prays for an award directing the opposite party to reinstate the petitioner with full compensation for the period of forced unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application under section 33A filed by Shri Gouri Shankar Roy is misconceived and not maintainable in law as the Company has not violated section 33 of the Industrial Disputes Act, that the Company has already filed an application under section 33 on 13th December 1954 seeking permission of the Tribunal to retrench the workman concerned, that the application under section 33A filed by the said workman contains various vague, misleading and incorrect allegations and the Company denies the same, that the Company prays that the application under section 33A filed by the complainant should be rejected on the preliminary point of law.

DECISION

Although a petition of complaint under section 33A alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the application under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject-matter of the complaint under section 33A of the Industrial Disputes Act and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the Award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L.L.J., Vol. I, page 346) that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. AWARD

The Government of West Bengal, in the Department of Labour, by order No. 3700Dis./D/10L-7/53, dated 5th October 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagore, Calcutta-36 and their workmen to this Tribunal for adjudication. The award of the Tribunal on this dispute was made on 17th November 1954 and was published in the *Calcutta Gazette* on 16th December 1954.

On 24th December 1954 Shri Monmohan Dutta, a workman in the employment of the Company, filed a complaint under section 33A of the Industrial Disputes Act, complaining as follows:—

The Company unlawfully denied bonus to him, which was a condition of service of the petitioner. The Company served a charge-sheet, dated 24th May 1954 on the petitioner, and the Director-Manager passed orders that the petitioner was guilty of attempt at sabotage, and he was warned and bonus was denied to him. This action of the Company amounted to a punishment and/or change of service condition, and since it was effected without prior permission of the Tribunal, it has come under the mischief of section 33 of the Industrial Disputes Act. The Tribunal should, therefore, order the Company to pay bonus to the petitioner which has been withheld.

The Company, in its written statement, states as follows:

The application under section 33A of the Act is not maintainable, inas much as, it does not disclose any contravention of section 33 of the Act. The payment of bonus is not a condition of service. It is an *ex gratia* payment made in consideration of efficiency and good work. Bonus is paid to an individual workman at the absolute discretion of the Management in consideration of his work and efficiency. Before payment of any bonus, the Management scrutinises the service records and the reports of the Department-in-charge in respect of each of the workmen and then decides whether the workman concerned should be paid any bonous or not, and in pursuance of the said decision, the bonus is paid or withheld. The Company paid bonus to the petitioner in May 1954 at the rate of one month's basic pay. In September 1954, the Company, on considering his records and the reports of the Department-in-charge, decided not to pay him bonus. The non-payment of bonus to the applicant is not a contravention of section 33 of the Industrial Disputes Act.

The points that arise for decision in the case are as follows:—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief in this case?

DECISIONS

Point No. 1.—The question for decision is if the application under section 33A is maintainable. It is the contravention by the employer of section 33 of the Act that gives rise to a cause of action in favour of the workmen to approach and move the Tribunal and this contravention is the condition precedent to the exercise by the Tribunal concerned of the additional jurisdiction and powers conferred on it by section 33A (*vide* the decision of the Hon'ble Supreme Court of India in the case of Automobile Products of India, Ltd., reported in 1955 L.A.C., 211). The question, therefore, is if the Commpany in not paying the bonus in September 1954, to the petitioner violated section 33 of the Act.

O. P. W. 1 Shri Nihar Bindu Guha deposed on behalf of the Company. Documents Ext. A series and Ext. B were marked for the Company. No evidence was adduced for the applicant. It appears from the evidence of O. P. W. 1 that the Company pays bonus usually three times in the financial year—once in May, again in September and again in the following January. The financial year of the Company is from May to the following April. On each of the three occasions, bonus corresponding to one month's basic wage is paid to the employees. The witness states that one out of the three bonuses is paid to all employees without exception, but the other two bonuses are paid according to efficiency of work of the individual employees and their conduct. In the case of the applicant, Manmohan Dutta, he was given the bonus for May 1954 and January 1955, but was not allowed the bonus for September 1954, on account of some adverse remarks about his work, which was found to be justified on enquiry. It is also stated that the payment of none of these three bonuses is a condition of service for the workmen, but it is customary in the Company to give at least one of these three bonuses, independent of the quality of work.

There is nothing on record to show that the payment of bonus is a condition of service of the employees. O.P.W. 1 in his cross-examination states that 25 per cent. of the nett profit of every year is earmarked for payment as bonus to the employees, and Ext. B shows the amount of bonus paid in the year 1952-53, 1953-54 and 1954-55 and also the profits during these years. O.P.W. 1 also states that Manmohan Dutta was not deprived of the bonus in September 1954 by way of punishment. There is nothing on record to show that it is a condition of service for the employees to get all the three bonuses. All that the witness states is that it is customary for the Company to give only one out of the three bonuses in the year, independent of the quality of his work. In the present case, the applicant was given the bonus in May 1954, and January 1955. He was deprived of the bonus paid in September 1954 I do not find that the payment of bonus in September 1954 was a condition of service of the applicant, Manmohan Dutta. That being so, it cannot be claimed that the Company altered to the prejudice of the workman concerned condition of service applicable to him immediately before the commencement of the proceedings. Again, it also appears that in order to attract the operation of clause (a) of section 33 of the Act, the alteration of the condition of service should be in regard to a body of workmen and not an individual workman. This view has been held in the case of Hindusthan Development Corporation, reported in 1951(1) L.L.J., 37, by a State Tribunal of Calcutta. In any case, it appears that the fact that the applicant was not given the bonus in September 1954, does not attract the operation of section 33A of the Act.

It was also argued by the learned spokesman for the petitioner that non-payment of bonus in September 1954 to the petitioner was a punishment to him and was a conduct which was hit by section 33(b) of the Act. In view of the evidence of O.P.W. 1 that one of the three bonuses is paid to all workmen and the other two bonuses are paid according to efficiency of work and conduct of the individual employees non-payment of one out of three bonuses after an enquiry on an adverse report by the departmental head cannot be considered to be a punishment that could attract the operation of section 33(b) of the Act. In view of these circumstances, it is decided that the conduct of the Company in not giving the applicant bonus in September 1954, was not a violation of section 33 of the Act, and the present application under section 33A of the Act was not, therefore, competent.

Point No. 2.—Even if the application under section 33A of the Act was competent, it would appear from the facts of the case and the evidence on record that the application of the petitioner cannot succeed on merits. Ext. A(4) is the report by the departmental head under whom the applicant worked, stating that the petitioner was guilty of negligence in his work causing damage to the Company. Ext. A(3) is the charge-sheet served on the petitioner for this alleged misconduct. Ext. A(2) is the explanation of the petitioner. He denied the charge against him and stated that there was a conspiracy against him to implicate him in a false charge. Ext. A(1) shows the statement of witnesses, as well as the statement of the petitioner, taken by the enquiring officer, O. P. W. 1. Ext. A is the report of the enquiring officer. The enquiring officer dealt with the evidence available in the enquiry and decided that the petitioner intentionally and with the bad motive to cause loss to the Company removed the cotton plugs from the mouths of the flasks containing valuable medicines and that this was a clear attempt at sabotage. It appears to me that the conclusion arrived at by the enquiring officer is a possible view on the evidence before it. The Tribunal should, therefore, accept the judgment of the Management. The order of the Director-Manager appears at the back of the charge-sheet and the petitioner was warned and it was ordered that he should not be paid the next bonus. It is, therefore, clear that the petitioner, Manmohan Dutta, was not given the bonus in September 1954, as a result of an adverse report against him, which was found to be justified on a detailed enquiry, in which the petitioner was examined and was given an opportunity of defending himself. The Company was justified in refusing bonus to the petitioner in September 1954, and the petitioner is not entitled to any relief even on merits This point is accordingly answered.

In the result, it is ordered that the application under section 33A of the Act be rejected and it is awarded accordingly.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retired), Judge, First Industrial Tribunal.*

For the Complainant: Shri Suprabhat Mukherji, Pleader.

For the Employer: Shri S. C. Sen, and Shri S. K. Dhar Chowdhury, Pleader.

AWARD

The Government of West Bengal, in the Department of Labour, by Order No. 3700Dis./D/10L-7/53, dated the 5th October 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagore, Calcutta-36 and their workmen to this Tribunal for adjudication. The award of the Tribunal on this dispute was made on 17th November 1954 and was published in the *Calcutta Gazette* on 16th December 1954.

On 24th December 1954, Shri Jitendra Nath Biswas, a workman in the employment of the Company, applied under section 33A of the Industrial Disputes Act, stating as follows: Bonus is a condition of service of the workmen in this Company, and this bonus was denied by the Company. The Company served a charge-sheet, dated the 17th August 1954, against the petitioner and the Director-Manager passed an order that the petitioner was guilty of disobedience and he was warned and bonus was denied to him. The action of the Company, as mentioned above, amounts to a punishment and a change of service condition of the workmen, and as it was effected without prior permission of the Tribunal, it has come under the mischief of section 33 of the Act. The petitioner, therefore, prays that the Tribunal should order the Company to pay him the bonus which has been withheld.

The Company, in its written statement, states as follows:

The application under section 33A of the Act filed by the applicant is not maintainable inasmuch as it does not disclose any contravention of section 33 of the Act. The payment of bonus is not a condition of service. It is an *ex gratia* payment made in consideration of efficiency and good work. The bonus is paid to the individual workman at the absolute discretion of the Management in consideration of his work and efficiency. Before payment of bonus, the Management scrutinises the service records and the reports of the Department-in-charge in respect of each of the workmen and then decides whether the workman concerned deserves to be paid

not and in pursuance of such decision, the Company paid bonus to the applicant in May, 1954, at the rate of one month's basic pay. In September 1954, the Company considering the record of the petitioner and the reports of the Department-in-charge decided not to pay him bonus. The applicant is not entitled to get this bonus and the petition under section 33A of the Industrial Disputes Act should be rejected.

The points that arise for decision in this case are as follows:

POINTS

(1) Is the petition under section 33A of the Act maintainable?

(2) Is the petitioner entitled to any relief, as prayed for?

DECISION

Point No. 1.—The question for decision is if the application under section 33A is maintainable. It is the contravention by the employer of section 33 of the Act that gives rise to a cause of action in favour of the workmen to approach and move the Tribunal and this contravention is the condition precedent to the exercise by the Tribunal concerned of the additional jurisdiction and powers conferred on it by section 33A (*vide* the decision of the Hon'ble Supreme Court of India in the case of Automobile Products of India, Ltd., reported in 1955 L.A.C., 211). The question, therefore, is if the Company in not paying the bonus in September 1954, to the petitioner violated section 33 of the Act.

O.P.W. 1 Shri Nihar Bindu Guha deposed on behalf of the Company. Documents, Ext. A series were marked for the Company. No evidence was adduced for the applicant. It appears from the evidence of O.P.W. 1 that the Company pays bonus usually three times in the financial year—once in May, again in September and again in the following January. The financial year of the Company is from May to the following April. The witness states that the applicant, Jiten Biswas, was given the bonus for May 1954 and January 1955, but was not allowed the bonus for September 1954, on account of some adverse remarks about his work, which was found justified on enquiry. It is also stated that the payment of none of these three bonuses was a condition of service. The witness also states that Jiten Biswas was not deprived of the bonus in September by way of punishment. I do not find that the payment of bonus in September 1954 was a condition of service of the applicant, Jiten Biswas. That being so, it cannot be claimed that the Company altered to the prejudice of the workman concerned condition of service applicable to him immediately before the commencement of the proceedings. It appears, therefore, that the fact that the applicant was not given the bonus in September 1954 does not attract the operation of section 33(a) of the Act. It was also argued by the learned spokesman for the petitioner that non-payment of bonus in September 1954 was a punishment and was a conduct which was hit by section 33(b) of the Act. In view of the fact that Jiten Biswas was given two bonuses in May and January and was not given the bonus in September 1954, because as the witness states, he did not deserve it by his work, it cannot be claimed that in view of these circumstances, it is decided that the conduct of the Company in not giving the applicant the bonus in September 1954 was not a contravention of section 33 of the Act and the present application under section 33A of the Act was not, therefore, competent.

Point No. 2.—Even if the application under section 33A of the Act was competent, it would appear from the facts of the case and the evidence on record that the application of the petitioner cannot succeed on merits.

Ext. A(3) is the charge-sheet served on the petitioner on the ground of an alleged misconduct on his part. The description of the charge shows that Jiten Biswas stopped doing any work since 8-30 a.m. in the morning on 17th August 1954 in spite of repeated requests from the supervisor and the departmental head, and that this was a conduct amounting to wilful insubordination and disobedience. Ext. A(2) is the explanation of the petitioner. Ext. A(1) shows the statement of Jiten Biswas, Jogesh Bhowmick and A. K. Chowdhury, M.Sc., the latter being the departmental head. After making the enquiry, O.P.W. 1, who was the enquiring officer, submitted the report, Ext. A, to the Director-Manager. He reported that Jiten Biswas was allotted the duty to distribute heamogen phials from the fillers table to the packers table, but he refused to do the work without showing any reason. During the enquiry, he stated before the enquiring officer that he was unable to carry the phials, as directed, owing to physical unfitness. O.P.W. 1, concluded on an enquiry that Jiten Biswas was quite fit to work and carry the heamogen phials as directed and that he was guilty of wilful disobedience. The Director-Manager, in consideration of the matter, warned the petitioner and ordered that no next bonus would be given to him. There is nothing on record to justify the conclusion that the charge-sheet against the petitioner, or the enquiry following it and the order of the Director-Manager after the enquiry were not *bona fide*. It is, therefore, clear that the petitioner, Jiten Biswas, was not given the bonus in September 1954, as a result of an adverse report against him, which was found to be justified on a detailed enquiry in which the petitioner was examined and was given opportunity to defend himself. The Company, therefore, was justified in refusing the bonus in September, 1954, after the enquiry into his conduct. The petitioner is not entitled to any relief even on merits. This point is accordingly answered.

In the result, it is ordered that the application under section 33A of the Act be rejected and it is awarded accordingly.

For the complainants: Shri Suprabhat Mukherji, Pleader.

For the employer: Shri S. C. Sen, Advocate, and Shri S. K. Dhar Chowdhury, Pleader.

AWARD.

The Government of West Bengal, in the Department of Labour, by order No. 3700Dis./D/10L-7/53, dated 5th October 1953, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagore, Calcutta-36, and their workmen to this Tribunal for adjudication. The award of the Tribunal on this dispute was made on 17th November 1954 and was published in the *Calcutta Gazette* on 16th December 1954.

On 23rd June 1954 Shri Parimal Bhadra and 13 other employees of the company, filed a complaint under section 33A of the Industrial Disputes, Act stating that the Company unlawfully denied them bonus, which was a condition of service. It is stated that the 14 employees have not been paid bonus, which was due to them in May 1954. The petitioners, therefore, pray for an order directing the Company to pay the bonus which has been withheld.

The Company, in its written statement, states that the application under section 33A of the Act filed by the applicants is not maintainable, inasmuch as it does not disclose any contravention of section 33 of the Industrial Disputes Act. It is also stated that the payment of bonus is not a condition of service and that it is an *ex gratia* payment made in consideration of efficiency and good work. Three bonuses of varying amounts are given in a year at the absolute discretion of the Management. It is stated that before payment of each bonus, the Management scrutinises the service records and the reports of the Department-in-charge in respect of each of the workmen and then decides whether the workmen concerned deserves to be paid or not and in pursuance of the said decision pays the same. Following the above principle, the Company paid bonuses in October 1953, and January 1954, to the

14 persons at the rate of one month's basic pay. In May 1954, the Company on considering their records and the reports of the Department-in-charge, decided not to pay them the third bonus. The workers in question are not entitled to get any bonus or the third bonus in question as of right and as a condition of service, and the application should be dismissed with costs.

The points that arise for decision in this case are as follows:—

Points

(1) Is the application under section 33A of the Act maintainable?

(2) Are the applicants entitled to any relief in this case?

DECISIONS.

Point No. 1.—The question for decision is if the application under section 33A is maintainable. It is the contravention by the employer of section 33 of the Act that gives rise to a cause of action in favour of the workmen to approach and move the Tribunal, and this contravention is the condition precedent to the exercise by the Tribunal concerned of the additional jurisdiction and powers conferred on it by section 33A (*vide* the decision of the Hon'ble Supreme Court of India in the case of Automobile Products of India Ltd., reported in 1955 L.A.C., 211). The question, therefore, is if the Company, in not paying the bonus in May 1954, to the petitioners, violated section 33 of the Act.

O. P. W. 1 Shri Nihar Bindu Guha, deposed on behalf of the Company. Documents Exts. A series to N series were marked for the Company. Affidavit, Ext. 1, was marked for the applicants. It appears from the evidence of O. P. W. 1 that the Company ear-marked 25 per cent. of the net profit for the payment of bonus in the year in question as in other years, and bonus is paid up to three months' basic wages payable respectively in May, September and January next. The financial year of the Company is from May to the following April. On each of the three occasions, bonus corresponding to one month's basic wage is paid to the employees. The witness states that one out of the three bonuses is paid to all employees without exception, but the other two bonuses are paid according to efficiency of work of the individual employees and their conduct. In the case of the applicants, Parimal Bhadra and 13 others, they were paid bonus for September 1954 and January 1955, but were not paid the bonus for May 1954, on account of adverse remarks about their work from the departments. There was an enquiry over each report and they were all warned by way of punishment. The petitioners were not also given the bonus for May 1954. Ext. A series to N series are the papers relating to the enquiry against these 14 persons. It is also stated that the payment of none of these three bonuses in the year is a condition of service for the workmen, although it is customary for the Company to give at least one of these three bonuses, independent of the quality of work. O. P. W. 1 also states that the petitioners were not deprived of bonus in May 1954, by way of punishment. There is nothing on record to show that it was a condition of service for the employees to get all the three bonuses.

Ext. A is an affidavit sworn by Shri N. B. Guha before the Hon'ble Labour Appellate Tribunal of India at Calcutta, in connection with the case of Amritalal Bhadra and the Company. In this affidavit, O. P. W. 1, Shri Nihar Bindu Guha, states that bonus is not a condition of the service of the workmen employed in the Company, that the Company pays bonus as an *ex gratia* payment in consideration of efficiency and good work, and the principle followed in making such payments is as follows.

(*a*) Three bonuses of varying amounts are given in a year at the absolute discretion of the Management. The first one is usually paid in May in each year, and this is paid to every one of them. The second and the third bonuses are usually paid in each year in October and in January following respectively. Before payment of the second and the third bonuses, Management scrutinises the service records and reports of the Department-in-charge in respect of each of the workmen and then decides whether the workman concerned deserves to be paid or not the bonus in question. In each occasion when the Management decides that the workman concerned should not be paid the bonus in question, he is informed beforehand of the reasons for such non-payment of bonus and he is also given opportunity to make representation to the Director-Manager for his consideration, and the decision made by the Director-Manager is final in this matter.

(*b*) The amount to be paid as bonus is decided by the Management in each year on the basis of 25 per cent. of the net profit of the preceding year and is paid to the workman concerned on the principles mentioned above. It has always been treated as an *ex gratia* payment and not as a condition of service.

In view of statement of the affidavit, it is clear that the payment of bonus for the May instalment, i.e., the first bonus of the year, is a condition of service for the workmen, and the act of the Company in depriving the workmen of this bonus may also be considered to be a sort of punishment. It is, therefore, clear that the Company, in not paying the bonus for May 1954 to the petitioners, violated section 33 of the Act and the present application under section 33A is, therefore, competent.

Point No. 2.—Even if the application under section 33A is competent, the Tribunal has to adjudicate upon the complaint as if it were a dispute referred to or pending before it and decide on the merits of the act and the order of the employer (*vide* decision of the Hon'ble Supreme Court of India in the case of Automobile Products of India Ltd., reported in 1955 L.A.C., 211). The claim of the employer that in the case of every one of the 14 employees petitioners, there was an adverse report by the Department-in-charge, which was followed by an enquiry, and that on the results of the enquiry each of these petitioners was warned and deprived of the bonus has to be considered on merits. The case of the individual employees will be considered below:

(1) *Parimal Bhadra and* (2) *Pasupati Bhattacharjee*.—The charge-sheet on Parimal Bhadra is Ext. B(1) and that on Pasupati Bhattacharjee is Ext. A(4). Both these employees were implicated in the same incident. A large phial of haemogen was sent to the despatch stock without putting the batch number on the body of the carton. This was a serious violation of the Drug Rules and a major misdemeanour according to the rules of the Company. Parimal Bhadra was the first checker of the phial and Pasupati Bhattacharjee was the final checker of the phial. They were charge-sheeted with the offence of negligent work in this manner. Both of them stated in explanation that they did not commit any error, they had complete confidence in their own work and that this complaint had been brought against them because they were a member of the Labour Union. Rangalal Bhowmick, a packer, was examined. Shri A. K. Chowdhury, the Department-in-charge, was also examined. Parimal Bhadra and Pasupati Bhattacharjee were also examined by the enquiring officer, Shri N. B. Guha, O. P. W. 1, they refused to sign on their statements. Exts. A(1) and A(2) are the statements of the witnesses and the two employees. Ext. A is the report of the enquiring officer, O.P.W. 1 Shri N. B. Guha. On a consideration of the evidence on record and

the circumstances of the case, the enquiring officer found them guilty of the charge, and the Director-Manager accepted this report and punished each of them by a final warning. It was also ordered that they would not get the next bonus. The order was passed on 14th May 1954.

(3) *Shri Suraj Muchi.*—Ext. C(5) is the charge-sheet given to Suraj Muchi. Ext. C(4) is his explanation to the charge-sheet. Ext. C(1), C(2) and C(3) are the depositions of the witnesses and the employee concerned and Ext. C is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1. The employee is a sweeper. There was a chare of having broken three phials of Potassium Alum Chloride and one phial of Calcium Chloride, causing loss to the Company He was also charged of having kept the phial of Calcium Chloride concealed in the waste materials and sweepings. In Ext. C(4) the workman denied the charge and stated that Dilip Ganguli asked Suraj Muchi to join the Workers' Union, and to sign a paper of the Union and pay subscription for the Union. It was alleged that this false charge was levelled against him only to force him to join the Workers' Union. The evidence of Shri A. K. Chowdhury, Department-in-charge, and Shri Dilip Kumar Ganguli were taken in support of the charge-sheet against the workman. Dilip Ganguli denied that he ever asked Suraj Muchi to sign any paper of Workers' Union or ask for subscription, as alleged by Suraj Muchi. Suraj Muchi was also examined. He refused to sign on the statement. On a consideration of the evidence on record and the circumstances of the case, the enquiring officer, Shri N. B. Guha, O. P. W. 1, concluded that Suraj Muchi was guilty of the charge against him and reported accordingly to the Director-Manager. The Director-Manager accepted the report of the enquiring officer and warned the employee and ordered that the next bonus should not be paid to him.

(4) *Shri Kalipada Das.*—Ext. D(4) is the charge-sheet given to Kalipada Das. Ext. D(3) is his explanation to the charge-sheet, Ext. D(2) is a statement of Kalipada Das at the enquiry and Ext. D(1) is a statement of Priya Ranjan Roy, witness. Ext. D is the report of the enquiring officer, Shri N. B. Guha, O.P.W. 1. Kalipada Das was charged of having broken the wooden piece of one of the oil *ghanies* at Nowapara. He was warned by Shri P. R. Roy and Shri S. Guha. He was charged with having broken the wooden pieces of two more *ghanies* on 28th January 1954, resulting in total deadlock in the work of the *ghanies*, causing loss to the Company. He was also charged with having committed bad maintenance of the *ghanies* and carelessness, putting unusual pressure and not taking proper care and caution even on warning. He denied the charge in his explanation, Ext. D(3). Ext. D(1) is the evidence of Shri Priya Ranjan Roy, in which he stated that Kalipada Das was careless in his work and did not follow his instructions. Ext. D. is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1, in which on a consideration of the evidence on record and the circumstances of the case, he concluded that Kalipada Das did his work very carelessly and maintained *ghanies* very badly and did not take any caution regarding the wooden pins of the *ghanies*. The Director-Manager accepted this report of the enquiring officer and warned the employee and ordered that no next bonus should be paid to him.

(5) *Shri Benode Behari De.*—Ext. E(4) is the charge-sheet against this employee, and Ext. E(5) is his explanation to the charge-sheet. Ext. E(3) is the evidence of two witnesses, Ext. E(1) is the statement of Benode Behari Das and Ext. E(2) is a report of Shri A. N. Bose, Department-in-charge about the explanation to the charge-sheet given by

Benode Behari De. Benode Behari De was charged with having refused to carry out the allotted duty of staying on lift duty till the end of the meeting of the Immunity Scientific Association held on 30th April 1954 at 5 p.m. It is also stated in the charge-sheet that he refused to sign the notice and that his conduct amounted to disobedience of duty. Ext. E(6) is the order of Shri A. N. Bose asking Shri B. B. De to stay on duty at the lift from 5 p.m. till the end of the meeting. He was to run the lift and look to the electric work. The notice shows an endorsement that Benode Behari De refused to sign on the notice or accept it and that he stated that he had engagement. In his explanation to the charge-sheet, Benode Behari De stated that he committed no offence in not accepting the duty as offered to him and that the charge-sheet was as a result of the conspiracy. In the report, Ext. E, the enquiring officer, Shri N. B. Guha, O. P. W. 1, states that the evidence on record and the circumstances of the case prove that Shri Benode Behari De deliberately disobseyed the order of the Superintendent. The Director-Manager accepted this report and ordered that no next bonus should be given to him.

(6) *Jan Muhammad.*—Ext. F(6) is the charge-sheet against Jan Muhammad. He was charged to the effect that on 25th March 1954 at 12 noon, he used abusive words towards Shri Anil Ghosh, a fellow worker, and threatened to assault him, that Shri Sukharanjan Das tried to stop him from behaving in such a way particularly during working hours, but he did not pay any heed to his request. This disorderly behaviour amounted to a major misdemeanour. In Ext. F(5) the employee states that the charge against him is false. Exts. F(1), F(2), F(3) and F(4) are statements of witnesses and the employee in question at the enquiry. Ext. F is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1. The enquiring officer found on a consideration of the evidence at the enquiry that Jan Muhammed was guilty of using filthy language to Shri Anil Ghosh during working hours. The Director-Manager accepted this report and warned Jan Muhammad and ordered that he should not be given the next bonus.

(7) *Shri Sarju Ram and* (14) *Shri Ram Naresh.*—Both Ram Naresh and Sarju Ram were found absent from duty on 4th April 1954 at 11-30 a.m. and both of them were found sleeping inside the grass storing shed. They were then aroused from sleep and asked to explain their conduct. They did not resume their duty till 1 p.m. As a result of the above negligence of duty and sleeping during working hours, the horses were not supplied with dringing water till 12 noon. Ext. G(6) is the charge-sheet on Ram Naresh and Ext. H is the charge-sheet on Sarju Ram. Both of them gave the same explanation and stated that the charge was false as a result of conspiracy, as they were members of the Sramik Union. Ext. G(1) is a statement of Sarju Ram and Ram Naresh at the enquiry. Ext. G(2) and F(3) are the evidences of two witnesses examined at the enquiry. Ext. G is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1. The enquiring officer, on a consideration of the evidence at the enquiry, decided that both Ram Naresh and Sarju Ram were guilty of sleeping during working hours and neglecting their duties by not supplying drinking water to the horses in time. The Director-Manager accepted the report of the enquiring officer and warned the two employees and ordered that no next bonus should be given to them.

(8) *Shri Jitendra Nath Ganguli.*—Ext. I(3) is the charge-sheet against this employee. He was charged to the effect that on 9th March 1954, he was given the duty of making one 3-way stop-cock of stainless

steel as per sample but that he did not make it as per sample and by negligence caused heavy loss to the Company, and also dislocation of work. Ext. 1(2) is his explanation to the charge-sheet. He admits that in doing the work, he committed an error. Ext. 1(1) is the statement of witnesses at the enquiry, and Ext. I is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1. The enquiring officer states that the explanation of Shri Ganguli was not acceptable, as he was doing this work for the last three years. The Director-Manager accepted the report of the enquiring officer and decided that Shri Jitendra Nath Ganguli was guilty of gross negligence of duty and causing loss to the Company. He was warned and it was ordered that he would not get the next bonus.

(9) *Shri Bireswar Das.*—Ext. J(5) is the charge-sheet against this employee. The charge was to the effect that on 3rd February 1954 he was advised by Shri M. V. Rama, Supervisor to make 8 pieces of 20 inches diameter light covers of aluminium, and that instead of cutting the aluminium sheets to the above size, he cut them into much smaller size, making them absolutely useless for the purpose. He was charged of having caused loss to the Company and having deliberately disobeyed the Supervisor's instructions. Ext. J(4) is the explanation of Bireswar Das. He states that the defect in the work was caused by defect of instructions of the Supervisor. Ext. J(1) is the statement of Bireswar Das at the enquiry and Ext. J(2) and J(3) are the evidence of the witnesses at the enquiry. Ext. J is the report of the enquiring officer Shri N. B. Guha, O. P. W. 1. On a consideration of the evidence at the enquiry, the enquiring officer concluded that Shri Bireswar Das did the work very carelessly and negligently. The Director-Manager accepted the report of the enquiring officer and warned the employee and ordered that no next bonus should be paid to him.

(10) *Shri Haran Chandra Deb.*—Ext. K(6) is the charge-sheet served on Haran Chandra Deb. The charge was to the effect that he packed 100 phials of a certain medicine. On checking it, it was found that one phial was of less weight. On opening the carton in the presence of Haran Chandra Deb, it was found that the phial was empty and contained no solution at all. This was a serious negligence of duty and was an attempt at doing harm to the Company by making it liable to censure by the medical profession and the Drug Control Authorities. The medicine was Adrenaline Chloride 1 : 1000 (Batch No. 696—Control No. 10731). Ext. K(5) is the explanation of Haran Chandra Deb to the charge-sheet. He denied that he packed the empty phial, as alleged. Exts. K(2), K(3) and K(4) are the depositions of witnesses examined at the enquiry, and Ext. K(1) is the statement of Haran Chandra Deb at the enquiry. In this statement, Haran Chandra Deb refused to give any answer to the questions put by the enquiring officer. Ext. K is the report of the enquiring officer, Shri N. B. Guha, O. P. W. 1. On a consideration of the evidence adduced at the enquiry, the enquiring officer concluded that Shri Haran Chandra Deb placed the empty phial in the carton and removed the phial with the solution with some motive and thought that in such a big lot this would not be detected. He therefore, found Haran Chandra Deb guilty of the offence with which he was charged. The Director-Manager accepted the report and warned him and ordered that no next bonus should be paid to him.

(11) *Shri Sontosh Kumar De.*—Ext. L(4) is the charge-sheet served on Sontosh Kumar De. The charge was that on 17th March 1954 and 18th March 1954, he packed Adrenaline Chloride (1 : 1000), 10 c.c. (Oral)—Batch No. 697. The total number of phials packed by him was 109.

Checker Shri Sudhir Kumar Ghosh considered one phial to be lighter in weight than other phials. He reported this to the Departmental Supervisor. The carton was opened in the presence of Sontosh Kumar De when the phial was found empty. Putting an empty phial in a carton is a major misdemeanour, for which the Company would have suffered loss of goodwill and prosecution by Drug Control Authorities. He was asked to explain his misconduct. Ext. L(3) is his explanation to the charge-sheet. He denied the charge and alleged that the charge was as a result of conspiracy against him, as he was an active member of the labour Union. Exts. L(1) and L(2) shows the statement of witnesses examined in the enquiry. Sontosh Kumar De was also examined at the enquiry. Ext. L is the report of the enquiring officer, Shri N. B. Guha, who stated that on a consideration of the evidence adduced and the facts and circumstances of the case, it had been proved that Sontosh Kumar De put an empty phial in the carton as a substitute for the phial of medicine, which was either lost or broken. The Director-Manager accepted the report of the enquiring officer, Shri N. B. Guha, O.P.W. 1, and warned Sontosh Kumar De and ordered that no next bonus should be paid to him.

(12) *Shri Shyamapada Ghosh.*—Ext. M(5) is the charge-sheet against Shyamapada Ghosh. The charge against him was that on 12th February 1954, he was given the duty of filing one press machine part. He broke the machine part due to carelessness, causing loss to the Company. Ext M(4) is his explanation to the charge-sheet. He denied the charge. Exts. M(1), M(2) and M(3) are the statements of the witnesses recorded by the enquiring officer, Shri N. B. Guha, O.P.W 1 Shyamapada Ghosh was also examined. Ext. M is the report of the enquiring officer. He concludes in consideration of the evidence on record that Shyampada Ghosh broke the machine part due to carelessness and instead of informing the supervisory officer about the matter, he kept the broken machine part concealed and for want of the part the machine remained idle for some time. The Director-Manager accepted the report of the enquiring officer and warned Shyamapada Ghosh and ordered that no next bonus should be paid to him.

(13) *Shri Probhat Chandra Naha.*—Ext. N(6) is the report of one Subodh Ranjan Chatterji about the conduct of Probhat Naha, and Ext. N(5) is the charge-sheet served upon Probhat Naha. The charge is that on 16th March 1954, he instructed Shri Subodh Ranjan Chaterji to stamp 209 × 10 cc phial labels for Adrenaline Chloride (Oral)—Batch No. 697. Accordingly, he stamped 209 labels with batch number 697. On the next day, i.e., on 17th March 1954, Probhat Naha altered number 209 to 109. So, 100 labels with batch number 697 stamped on them were in excess. This action speaks of carelessness of a very serious order, causing loss to the Company's property, and loss of wage of an employee for useless stamping and of offering scope of misuse of the stamped labels for non-genuine products. Ext. N(4) is the explanation of Probhat Naha to the charge-sheet. He stated that it was by mistake that he asked 209 labels to be stamped instead of 109 and stated that the allegations against him in the charge-sheet were not correct. Exts. N(1), N(2) and N(3) are the statements of the witnesses examined in the enquiry. Probhat Naha was also examined. The enquiring officer, Shri N. B. Guha, O. P. W. 1, concluded, on a consideration of the evidence at the enquiry, that Probhat Naha did his duties carelessly, causing loss of so many labels and labour of stampers. The Director-Manager accepted the report of the enquiring officer and warned Probhat Naha and ordered that he should not be paid the next bonus.

On a consideration of the matter, it appears to me that in every case the Company served charge-sheets on the employee concerned and gave him an opportunity of explaining his conduct. Thereafter the Company held a detailed enquiry in which witnesses were examined in the presence of the employee concerned, and it appears that in every case, the decision of the Management was a possible view of the matter on the evidence before it. "In such a case, the Tribunal should refrain from substituting its own judgment for the judgment of the Management, as in such matters the Tribunal does not act like a court of appeal but rather as a supervisory body exercising what would ordinarily be regarded as powers of revision for correction of basic errors which go to the root of the matter and of perverse findings." I do not consider that in the decision of the Management in relation to the charges against the employees mentioned above, there was want of *bona fides*, or there was any case of victimisation or unfair labour practice, or violation of the principles of natural justice, or there was basic error of facts in any case, or there has been a perverse finding on the materials in any case. It is, therefore, decided that the decision of the Management in relation to the charges against the employees mentioned above should prevail (*vide* the case of Buckingham & Carnatic Ltd., reported in 1952 L.A.C., 490).

The 14 employees mentioned above are not, therefore, entitled to get the next bonus, as ordered by the Director-Manager. It has been stated above that in the affidavit, Ext. 1, O.P.W. 1 Shri N. B. Guha admitted that the bonus payable in May is usually paid to every one of the employees without any consideration, and that the other two bonuses, i.e., those that are payable in October (or September) and January following are paid in consideration of the quality of work and conduct of the individual employees. It is, therefore, clear that all the employees are entitled to get the bonus in May, but the other two bonuses, i.e., those payable in September or October and January following, are to be paid in consideration of the quality of work and the conduct of the employees. In the present cases, all the 14 employees were deprived of the bonus payable in May 1954, by the order of the Director-Manager as a result of enquiries on the conduct of the employees. It was argued by the learned spokesman for the employees that the Company was bound to pay them the bonus in May 1954. That is correct. All the employees, however, got both the other two bonuses, i.e., those which were payable in September and January following. The employees should have been deprived of one bonus, i.e., the bonus in September 1954, instead of the bonus in May 1954, in view of the order of the Director-Manager as a result of the enquiries on the charge-sheets against them. The Company instead of paying the bonus in May and depriving the 14 employees of the bonus in September, deprived them of the bonus payable in May, 1954, and paid them the other two bonuses in the year. I do not consider that in these circumstances, any loss has been caused to the employees on account of their having been derpived of the bonus in May 1954. The evidence on record suggests that all the bonuses were of the same amount. In view of these circumstances, it is clear that the petitioner-employees are not entitled to any relief in this case. The petition under section 33A of the Act is rejetced.

ANNEXURE.

In the matter of three complaints under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by 13 workers, viz., (1) Shri Pashupati Ghosh, (2) Md. Hussain, (3) Natha, (4) Gopal Dass, (5) Rasul Mia, (6) Raja Ram, (7) Abdul Halim, (8) Md. Ali Khan (case No. 48 of 1956), (9) Ganga Bishnu, (10) Asgar, (11) Md. Ayub, (12) Golam Hossain (case No. 57 of 1956), and (13) Shri Jagar Nath (case No. 58 of 1956), represented by Empire Bone Mills Mazdoor Union, P.O. BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees—Shri J. Pandey, Advocate.

For the Company—Mr. S. D. Manna, Bar.-at-Law.

The orginal reference, out of which these cases have arisen, was made under Government order No. 4045Dis./D/11L-53/55, dated 31st August 1955. The award of the Tribunal in respect of the original reference was made on 17th March 1956, and the award has since been published in the *Calcutta Gazette*.

AWARD

The present complaints purporting to be under section 33A of the Industrial Disputes Act, 1947, were filed before this Tribunal by the above complainants on the allegation that while the original dispute was pending before this Tribunal, the opposite party—Empire Bone Mills—in contravention of the provisions of section 33 of the Act dismissed them summarily with effect from 27th February 1956 without taking permission from the

Tribunal. The said order of dismissal has been characterised as unjustified and illegal. It is alleged that the petitioners were victimised, simply because they happened to be members of the Empire Bone Mills Mazdoor Union. So, reinstatement with back wages was claimed by the petitioners.

The opposite party denied that there was any contravention by the Company of section 33 of the Industrial Disputes Act, 1947. It stated that on 24th February 1956 at about 11-10 a.m. while the Company's Manager, Mr. H. N. Ray was going to his bungalow from the Mill Office, a crowd of over 30 workmen began throwing stones and brickbats and shoes at him, and that the present petitioners were the persons who were in that crowd. As a result of the above incident, the said Manager decided to dismiss the petitioners summarily, and by letters, dated 27th February 1956, he informed the petitioners accordingly.

These three cases were taken up together for hearing at the instance of the parties and also for the sake of convenience, as the evidence in all the cases is the same.

Admittedly, the original dispute was pending before this Tribunal at the relevant time. Ext. A-series are the letters issued by the Manager to the petitioners, and they are dated 27th February 1956. These letters go to show unmistakably that these petitioners were summarily dismissed from 27th February 1956. As the original dispute was pending before this Tribunal at the time, the Company had no right to dismiss the petitioners in this fashion without the express permission of the Tribunal, because such dismissal constituted punishment. But obviously, no such permission of the Tribunal was taken before dismissing the petitioners. So, there can be no manner of doubt that section 33 of the Act was contravened. Mr Manna, learned Counsel appearing on behalf of the Company invited my attention to the fact that in those letters (Ext. A-series), it is also stated at the end that pending decision from the Tribunal, the petitioners would remain suspended. Relying on this, Mr. Manna has argued before me that the petitioners were not actually dismissed, but they were kept under suspension pending permission from the Tribunal, and that such suspension was made by way of security measure. I may say straightway, on a perusal of the letters (Ext. A-series), that I am unable to agree with Mr. Manna on this point. The language used in those letters is that the petitioners were summarily dismissed from 27th February 1956. In the face of such clear and unequivocal expression, it cannot be held by any stretch of imagination that the petitioners were not actually dismissed, but were kept under suspension as a security measure pending decision from the Tribunal. In my view, the words "pending decision from the Tribunal you will remain suspended forthwith" as used in the aforesaid letters at the end, were put deliberately by the Manager with a view to avoid application of section 33 of the Act. It is not capable of any other explanation or interpretation. There can be no manner of doubt that what had been done by the Management in these cases was virtually dismissal in the garb of suspension, avowedly to skip over the ban imposed under section 33. The Tribunal, therefore, comes to the conclusion that there was clear contravention of section 33 of the Act in the present three cases. So, the present applications under section 33A are competent.

It is now well-settled that where section 33 has been contravened, the Tribunal must enquire into the merits of the discharge or dismissal on a complaint being made under section 33A. As the complaint has to be investigated by the Tribunal, as if it were a dispute referred to, or pending before it, the scope of investigation on the merits must be exactly the same, where the subject-matter of the challenged discharge or dismissal had been

the subject-matter of an independent reference under section 10 of the Act. The merits of the impugned dismissal are, therefore, to be considered by the Tribunal. In these cases, another fact emerges, which needs consideration also. The petitioners were summarily dismissed, and the Management before dismissing them did not give them any charge-sheet, or hold any enquiry. So, a grievance was made on behalf of the petitioners that they were wrongfully dismissed by the Management without any enquiry into the alleged charge made against them, which is against the principles of natural justice. It has been laid down in a series of cases that where the rule of natural justice is not followed, the Tribunal is to go into the merits and to critically examine the propriety of the Management's order of dismissal or discharge. Though the principle of natural justice does demand enquiry against a worker before disciplinary action is taken against him, such principle would reduce itself to a mere technicality, if the charge is clear, and the facts constituting the charge are known to the worker, and do not admit of being explained away by him. The fact that no charge-sheet was delivered or no regular enquiry was held by the Management, is of no consequence in this case. Necessary evidence has been tendered before the Tribunal. I may observe that the petitioners do not appear to have been prejudiced in any way for want of any charge-sheet or for not holding any regular enquiry against them, before their dismissal. In view of what has been stated above, it becomes necessary for the Tribunal to enter into the merits of the dismissal of the petitioners. The main charge, as could be gathered from the letters of dismissal sent to the petitioners on 27th February 1956 (*vide* Ext. A-series) was that on 24th February 1956 at about 11-10 a.m. in front of the main gate of the Mill, the present petititoners along with other workers threw brick-bats at the Manager, and abused him in filthy languages. Such a charge against a worker, if established, as true, is indeed a grave misconduct, which might justify summary dismissal in the interests of discipline and smooth working of the Mill. But the question is whether the aforesaid charge is true, and has been substantiated by the materials on record. One of the petitioners Shri Pashupati Ghosh (P.W. 1) has deposed on behalf of the workers, and he has denied the charge levelled against them. He has deposed before Tribunal that they did not along with others threw brick-bats at the Manager on 24th February 1956 at about 11-10 a.m., while the Manager was going to his bungalow from the Mill Office, nor did they abuse him in filthy languages. On behalf of the Company, Mr. H. N. Ray, Manager, Shri S. K. Mukherjee, Assistant Maintenance Engineer, Shri Padam Bahadur, a darwan of the Mill, and Persia, a Coolie Sardar of the Mill, have been examined to prove the alleged incident. O.P.W. 1 Mr. H. N. Ray has spoken about the incident. He has deposed clearly and unequivocally that the present petitioners took part in that incident. He has further said that he saw the present petitioners amongst the persons, who were throwing brick-bats and shoes at him. He stated that he could identify these petitioners, as he knew them by name and face. Before this Tribunal, he also identified most of them. He appears to be a respectable and responsible person. He holds also foreign degrees. It cannot be believed for a moment that a man of his status and position would depose falsely, nor can it be conceived that he would concoct a false story against these workers in order to victimise them. I had the opportunity of seeing this witness in box and hearing his evidence. I must say that I was impressed by his evidence. He deposed in a very straight-forward manner. In the circumstances, I hold that his evidence bears the stamp of truth. Accordingly, the Tribunal accepts his evidence regarding the incident that took place on 24th February 1956 at 11-10 a.m. The Tribunal is convinced from his evidence that these workers along with others threw brick-bats and shoes at him and also abused him in filthy languages, while he was going to his bungalow from the Mill Office.

This Manager is corroborated by his Assistant Maintenance Engineer, Shri S. K. Mukherjee, Shri Padam Bahadur, a darwan of the Mill, and Persia, a coolie sardar of the Mill. Their evidence, if considered as a whole, points to the clear direction that these petitioners along with others were found throwing brick-bats and shoes on 24th February 1956 at 11-10 a.m. at the Manager, while the latter was going to his bungallow from the Mill Office. The evidence of these witnesses cannot be lightly brushed aside or thrown over-board, simply because they are still in the service of the Company. That the present petitioners had some dissatisfaction and grudge against the Management before the incident, is evident from the materials placed before the Tribunal by the Company. These petitioners got several charge-sheets from the Management shortly before the incident. Naturally, they were seething with indignation. Accordingly, they were looking out for an opportunity to take vengeance on the Manager, and they got such an opportunity on 24th February 1956 at about 11-10 a.m., while the Manager was going to his bungallow from the Mill Office. So, after giving my careful and anxious consideration to the entire evidence, facts and circumstances, I am of the view that the incident took place on 24th February 1956 at 11-10 a.m. while the Manager was going to his bungalow from the Mill Office, and precisely under the circumstances as alleged, and that the present petitioners took part in that incident. Hence, there can be no manner of doubt that these petitioners being the workers behaved in a disorderly manner, and their conduct was subversive of discipline. What they did clearly amounted to grave misconduct. So, the Tribunal feels no doubt or hesitation in saying that the action of the Management was justified, notwithstanding the absence of charge-sheet or proper enquiry into the matter. No Management can afford to tolerate such insubordination, insolence and gross misconduct on the part of the workers. This sort of misconduct and insubordination undermines discipline, and the gravity of such action cannot be under-rated. The view taken by the Management in dismissing these petitioners, was a possible view on the materials before it. The punishment was commensurate with the offence. So, no interference with the decision of the Management is called for. The Tribunal, therefore, holds that these petitioners have been rightly dismissed and none of them is entitled to any relief. It is also a salutary principle of law and equity that in case of grave misconduct, a worker could be summarily dismissed, particularly when such workers insult and try to assault a Manager in this fashion. In such cases, the Management would be amply justified by forthwith dismissing such impertinent and insubordinate workers. The Tribunal is unable to believe that that these workers were victimised, simply because they happened to be members of the Empire Bone Mills Mazdoor Union.

The result is that the applications filed by these petitioners under section 33A are rejected.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employee: Shri J. Pandey, Advocate.

For the Company: Shri P. P. Ginwalla, Bar.-at-Law with Mr. E. D. Ezra, Solicitor of Messrs. Victor Moses, Solicitors.

The original reference, out of which this case has arisen, was made under Government order No. 4045Dis./D/11L-53/55, dated 31st August 1955. The award of the Tribunal in respect of the original reference was made on 17th March 1956, and the award has since been published in the *Calcutta Gazette.*

AWARD

The present complaint purporting to be under section 33A of the Industrial Disputes Act, 1947, was filed before this Tribunal by the above complainant on the allegation that while the original dispute was pending before this Tribunal, the opposite party—Empire Bone Mills—in contravention of the provisions of section 33 of the Act dismissed him from service from 10th March 1956 without taking permission from the Tribunal. The said order of dismissal has been characterised as unjustified and illegal. It is alleged that the petitioner was so victimised, simply because he happened to be a member of the Empire Bone Mills Mazdoor Union. So reinstatement with back wages was claimed by the petitioner.

The opposite party denied that there was any contravention of section 33 of the Industrial Disputes Act, 1947. It stated that on 9th March 1956, at about 11-50 p.m. before the expiry of the second shift of the workers at the Empire Bone Mills, the petitioner wrongfully assaulted one Kedar Bhattacharjee, an employee of the Mills working in the Godown Department. The said assault was committed in presence of Mr. Nat Amroon, the Supervisor, who personally prevented the petitioner from committing further assault and further breach of discipline. For this misconduct on the part of the petitioner, a charge-sheet was issued to him on 10th March 1956, and on 11th March 1956, the petitioner submitted his explanation, in which he admitted the assault. The petitioner was suspended on and from 10th March 1956 pending enquiry. Thereafter, an enquiry was held on 12th March 1956 by Mr. S. Mukherjee, an officer of the Company. On enquiry, it was found and proved that the petitioner was guilty of wrongful assault. Consequently, the Management decided to dismiss the petitioner subject to the permission of the Tribunal being obtained.

The first question for consideration is whether there has been contravention of section 33 by the Management. Admittedly, the original dispute was pending before this Tribunal at the relevant time. Annexure "C" of the written statement of the Company is the copy of the letter issued by the Manager to the present petitioner, and it is dated 13th March 1956. The petitioner has also filed a copy of this letter as Annexure to his application. This letter goes to show clearly that the petitioner was dismissed from the service of the Company from 10th March 1956, as the charge against him for the incident, which is alleged to have taken place on 9th March 1956, was duly proved as a result of the enquiry held on 12th March 1956. There can be no manner of doubt that such dismissal was a punishment. As the original dispute was pending before this Tribunal at the time, the Company had no right to dismiss the petitioner in this way without the express permission of the Tribunal. But obviously, no such permission of the Tribunal was taken before dismissing the petitioner. So, I am of the view that section 33 of the Act was contravened. Mr. Ginwalla, learned

Counsel appearing on behalf of the Company, invited my attention to the fact that in the said letter it is also stated at the end that pending decision from the Tribunal, the petitioner would remain suspended. Relying on this, Mr. Ginwalla has argued before me that the petitioner was not actually dismissed, but he was kept under suspension pending permission from the Tribunal, and that such suspension was made by way of security measure. I may say straightway that on a perusal of the letter with care, I am unable to agree with Mr. Ginwalla on this point. The language used in the said letter is that the petitioner was dismissed from the service of the Company on and from 10th March 1956. In the face of such clear and unequivocal expression, it cannot be held by any stretch of imagination that the petitioner was not actually dismissed, but was kept under suspension as a security measure pending decision from the Tribunal. In my view, the words "pending decision from the Tribunal you will remain suspended" as used in the aforesaid letter at the end, were deliberately put by the Manager in order to avoid application of section 33 of the Act. It is not capable of any other explanation or interpretation. What Management did in this case was nothing, but dismissal in the garb of suspension, with a view to skip over the bar or ban imposed under section 33. The Tribunal, therefore, comes to the conclusion that there was clear contravention of section 33 of the Act in this case. So, the present application under section 33A is competent.

It is now well settled that where section 33 has been contravened, the Tribunal must enquire into the merits of the discharge or dismissal on a complaint being made under section 33A. As the complaint has got to be investigated by the Tribunal, as if it were a dispute referred to or pending before it, the scope of investigation on the merits must be exactly the same, where the subject-matter of the challenged discharge or dismissal had been the subject-matter of an independent reference under section 10 of the Act. The merits of the impugned dismissal are, therefore, to be considered by the Tribunal. This necessarily leads the Tribunal to go into the merits and to critically examine the propriety of the Management's order of dismissal or discharge of the petitioner. In this case, the principles of natural justice were not violated. A charge-sheet was delivered to the petitioner for the incident on 10th March 1956, and the petitioner was also given an opportunity to explain his position. The petitioner did offer explanation. This will be evident from Ext. A. The petitioner has also admitted before this Tribunal that he got charge-sheet, and he submitted his explanation. From the explanation, it appears that the petitioner admitted that he assaulted Shri Kedar Bhattacharjee inside the Mill premises on 9th March 1956 at 11-50 p.m. and that he also used his slipper on him. He wanted to say, however, that he abused and assaulted Shri Kedar Bhattacharjee in this way, simply because he lost his temper. It appears from the materials placed before this Tribunal that even after this explanation, a regular enquiry was held by the Management in presence of the petitioner, and that in that enquiry witnesses were examined. So, it cannot be said that in the present case there was any violation of the principles of natural justice. Before this Tribunal, the petitioner made a grievance that he was not allowed to examine his witnesses in the enquiry. But this cannot be believed, in view of what has transpired from the report of the Enquiring Officer (Ext. B) and also from his evidence. The report of the Enquiring Officer shows that Md. Isaque and Md. Rafique were examined on behalf of the petitioner Sakaldip. O.P.W. 2 Shri S. K. Mukherjee is the Officer, who held that enquiry. He has deposed on oath that the petitioner Sakaldip examined two witnesses, who were Md. Isaque and Md. Rafique.

It is interesting to note in this connection that the petitioner himself has stated before this Tribunal that he does not remember the names of persons, whom he wanted to examine as his witnesses in the enquiry. This indicates that the version of the petitioner that he was not allowed to examine witnesses in the enquiry, is not worthy of credit. It cannot be believed for a moment that the Enquiring Officer, who is the Assistant Maintenance Engineer, would depose falsely and incorporate in his report something which did not represent the actual state of things.

Now I shall enter into the merits of the case. The charge against the petitioner, as could be gathered, was that on 9th March 1956 at 11-50 p.m. he mishandled with the help of a slipper a worker, Shri Kedar Bhattacharjee, inside the Mill. As stated already, the petitioner admitted the incident, while giving his explanation to the charge-sheet on 11th March 1956. But before this Tribunal he had the temerity of saying that he did not assault Shri Kedar Bhattacharjee on 9th March 1956 at about 11-50 p.m. In view of his unequivocal admission in his explanation, it is now idle and futile for him to say before the Tribunal that he did not assault Shri Kedar Bhattacharjee on 9th March 1956 at about 11-50 p.m. Such denial is meaningless, and cannot be believed in view of his previous statement, and also in the face of the evidence adduced on behalf of the Company. It appears that the charge-sheet against the petitioner for the incident of 9th March 1956 was issued by Mr. Nat Amroon, who was at that time working as Overseer of the Empire Bone Mills at Bansberia. He was an eye-witness to the incident. He has deposed before this Tribunal at O.P.W. 1. He has said that on 9th March 1956 while he was in the B shift from 3-30 p.m. to 12 o'clock midnight, he at about 11-50 p.m. heard a noise outside the office where he was at that time, and came out. He saw the petitioner and Shri Kedar Bhattacharjee, another employee engaged in struggle. The petitioner had his arm round the neck of Kedar, and in his right hand he had a slipper with which he was beating Kedar at random. Mr. Amroon has further stated that he at once proceeded to the spot, and succeeded in separating them. He has deposed also that the incident took place inside the Mill compound a few yards off from the office. The Tribunal has considered the evidence of Mr. Nat Amroon. His evidence bears the stamp of truth. He deposed before the Tribunal in a straight-forward manner So, the Tribunal accepts his evidence in its entirety. That this petitioner assaulted Shri Kedar Bhattacharjee, another employee, inside the Mill during the working hours, is amply proved by the evidence of Mr. Amroon and also from the other materials on record. The Tribunal is unable to hold that the petitioner has been falsely implicated or that the action of the Management was influenced by *mala fides*. The circumstances do not show that any attempt was made on the part of the Management to victimise him for his being a member of the Empire Bone Mills Mazdoor Union So, the petitioner was found rightly guilty of misconduct by the Management, because his conduct was subversive of discipline. What he did, clearly amounted to misconduct. So, the Tribunal feels no doubt or hesitation in saying that the action of the Management was justified. No Management can afford to tolerate such gross misconduct on the part of a worker inside the Mill during working hours. An employer is certainly concerned with the peace and good order in the factory or Mill, and any act on the part of the worker having tendency or effect to disturb peace and good order should be regarded as subversive of discipline. The act complained of had undoubtedly material bearing on the smooth and efficient working of the concern, and had a direct connection with the contentment or comfort of the men at work. That being so, the Tribunal feels no hesitation in holding

That the Management was perfectly justified in dismissing the petitioner. So, no interference with the decision of the Management is called for. Hence, the petitioner is not entitled to any relief.

The result is that the present application under section 33A is rejected.

AWARD

Babcock & Wilcox of India, Ltd. (hereinafter called the Company), is a Private Limited Company, which was registered in India on July 1st, 1947. Prior to that, the business was carried on in India by a Branch Office of Messrs. Babcock & Wilcox, London, from 1906. It does no manufacturing. It imports boilers, economisers, stokers, superheaters, coal conveyors, cranes, etc., and also spare parts of those articles. It erects also new boilers, and repairs and dismantles old boilers, and also dismantles chimneys, and paints and re-paints new and old chimneys. This Company employs about 60 clerks at its office at 4 Bankshall Street, Calcutta, and 7 clerks at its godown at Hide Road to do office work of the Company.

Babcock & Wilcox Employees' Union (hereinafter called the Union) submitted a charter of demands on 16th September 1955 for framing fair scale of pay for different categories of staff with provisions of adjustments and increments, for introduction of tiffin allowance, medical facilities, gratuity, etc., and also for improvement of the terms of leave. Attempts of conciliation were made through the Labour Directorate, but nothing could be achieved due to adamant attitude of the Company. At last, the dispute was referred to the Tribunal for adjudication by the Government. According to the Union, there are no fixed scales and grades of pay for the clerical staff in this Company. The Company grants only 14 days' privilege leave with full pay in a year, but no accumulation of the same is allowed. The retiral benefit available in the Company is also inadequate, there being a Provident Fund with 7½ per cent. contribution on total wages since 1955, which was 7½ per cent. on the basic pay in the period from 1948 to 1954, and 5 per cent. of the basic pay up to 1947. The Provident Fund was only introduced in the year 1934, and before this, there was only a Pension Scheme in which 5 per cent. of the worker's basic pay was deposited from their monthly pay. There is no system of gratuity in the Company. The Company does not grant any tiffin allowance, and the tiffin allowed consists only of 2 cups of tea and 2 pieces of biscuits in a day, and the employees have got to take their tea standing, as there is no tiffin room. No medical facilities are also given to the employees or their dependants. Accordingly, the Union has claimed scales of pay as follows:—

Special Grade—above Rs. 350 per month.

A Grade—Rs. 180—15—270—20—350.

B Grade—Rs. 100—10—180.

One month's privilege leave with full wages in a year accumulative for 3 years was also demanded. The Union has further claimed one month's pay as gratuity for each year of service in the Company in all cases of

retirement excepting cases of dismissal involving pecuniary losses to the Company. Re. 1 per head per working day as tiffin allowance has also been claimed. As regards medical facilities, the Union's demand is that the employees and their dependants should be allowed free medical advice, free medicine, etc., and free medical diet, all expenses in hospitals, if necessary, or in the alternative one month's wages in a year as medical allowance.

The Company says that there are no fixed scales and grades of pay in the Company, but the remunerations paid to the employees are reviewed each year, and increments are given to deserving cases in consideration of their merits and efficiency. Dearness allowance is paid to the employees by the Company on Bengal Chamber of Commerce scale. The Company further states that 14 days' privilege leave per year with full pay is allowed to all permanent staff. Regarding gratuity, the Company submits that the existing retiral benefit by way of Provident Fund is adequate, and that in view of the existing benefits and the Company's financial position, the Company is not in a position to undertake any other long-term commitments by way of gratuity. Regarding tiffin allowance, the Company's version is that it has no available space in the office buildings, where arrangement for service of tea that is allowed to the employees, can be made. The Company supplies tea in the morning, and tea with biscuits in the afternoon on every working day free of charge at the desks of the employees. The Company has no arrangements for medical aid for the clerical staff. Only European officers are allowed free medical attention, because such medical attention is a condition of their service being recruited from United Kingdom. Finally, the Company has contended that the terms and conditions of service of the Company are fair and reasonable, and compare favourably with other concerns. The demands of the Union has been characterised as extravagant and unjustified. It also pleaded that in view of its present financial position, which is unsatisfactory and unstable, and having regard to the uncertainty of its business, the Company is not in a position to meet these fantastic and extravagant demands put forward by the Union.

At the very outset, I want to dispose of a point. The Company in its written statement has stated that the clerks employed in their godown at Hide Road are not concerned with the present reference under adjudication. But accordingly to the Union, the clerks employed at Hide Road are also covered by the present reference. In my opinion, the present reference applies to all clerks—both at the Head Office at 4 Bankshall Street, Calcutta, and at the godown at Hide Road, Calcutta. It may be stated in this connection that the learned representative appearing on behalf of the Company has fairly conceded at the time of hearing that the 7 clerks employed at the Hide Road establishment of the Company are also covered by this order of reference.

Issue No. 1.—*Grades and scales of pay.*—The Company has no scales or grades of pay for the clerical staff, but it allows increments to individual employees at its discretion. From the charts filed by both the parties, it appears that increments are given to the employees by the Company. The Union demanded introduction of grades and pay-scales with provisions for automatic annual increments. The Company has opposed such introduction of scales and grades of pay for its employees at present mainly on two grounds. Firstly, it is contended by the Company that the salary, that is being paid to all the employees is quite decent and handsome, and that

increments are also given each year to the deserving employees in consideration of their merits and efficiency. In addition to their pay and salary, they are getting dearness allowance according to the Bengal Chamber of Commerce scale, which is a generous and lavish one. The second ground put forward on behalf of the Company is that, regard being had to its nature of business, and in view of its financial position which has been gradually deteriorating year by year, it was not in a position to introduce grades and scales of pay for the present. Both parties have filed charts. In the chart filed by the Union, the dearness allowance that each employee gets is not mentioned. But in the chart filed by the Company, basic salary and dearness allowance are shown separately. In that chart also, the total emoluments that each employee gets has also been shown. On a perusal of the charts, it is manifestly clear that the total emoluments of each employee are reasonable and adequate. It further appears from those charts that increments from time to time are given by the Company to its employees. The minimum total emoluments of an employee are not below Rs. 172-3. This cannot by any means be said to be inadequate or low as to justify any increase, regard being had to the length of service. The total emoluments paid to the employees of this Company are indeed decent and handsome, and compare favourably with similar concerns in the locality. The Company has produced balance-sheets for the years from 1951 to 1955 (Ext. B-series). It appears from these balance-sheets that the financial position of the Company has been gradually deteriorating year by year. The net profit in the year 1951 was Rs. 2,98,325, but it came down to Rs. 2,05,573 in 1952. In 1953, it reached Rs. 1,64,489 and in 1954 it stood at Rs. 1,59,867. But in the year 1955, the net profit came down to a considerable extent, and it was Rs. 22,248 only. Those net profits were excluding the taxes paid by the Company for those years. From the evidence of Mr. K. J. Holt (O. P. W. 1), who is Assistant Secretary of the Company we get the taxes paid by the Company in the years from 1951 to 1954, which are as follows:—

Year.	Taxes paid.
	Rs.
1951	1,23,978
1952	81,274
1953	69,537
1954	63,186

No tax has yet been assessed for the year 1955, but the fact remains that in the year 1955, there has been abnormal fall in the net profits of the Company. The balance-sheets produced are audited by Messrs. Lovelock & Lewes, Chartered Accountants, a reputed firm. Though some comments were made by the learned representative on behalf of the Union on these balance-sheets, I must say that he could not show me anything tangible, as a result of which these balance-sheets could be deemed to be incorrect. So, regard being had to the financial position of the Company, which has been gradually deteriorating, I am of the view that this is not an opportune time for introduction of grades and scales of pay for the employees. In the case of Messrs. Union Drug Company, Ltd. *versus* their workmen reported in 1953 L. A. C. 714, it has been held by their Lordships "Before incremental scales can be imposed by adjudication, it is essential to see whether the employer would be able to bear its burden. The financial condition of the Company must be such as to lead to the condition that it would be able to pay increments year by year for an appreciable number of years, for wage

scales when settled are intended to be long-term schemes. Thus not only financial ability, but financial stability are also essential". As time-scales increase wage-bill year after year, such wages should not be forced upon the employers, unless it is established that the employer has the present capacity to pay, and its financial capacity can be counted upon in future. Thus both financial ability and stability are requisite conditions. Therefore, I do not propose to introduce grades and pay-scales at the present time. The employees would do well to co-operate with the Company for some time more, with a view to improve its condition and to renew their claims thereafter. Another reason, which makes me unable to concede to the Union's demand for introduction of grades and pay-scales at the present time, is that the total emoluments, which are being paid to the clerks, do not at any rate fall short of the minimum. The total emoluments of the clerks of this Company are not only fair and adequate, but are substantially at par with the prevailing rates and consistent with the concept of fair minimum wage. I am mindful of the fact that in the Mercantile Tribunal Award and also in the Bengal Chamber of Commerce scheme, grades and scales of pay for the clerical staff were introduced. But it must be remembered that the award of the Mercantile Tribunal or the scheme of Bengal Chamber of Commerce in all respects related to big firms, and was unsuitable for a concern like the present one, which does no manufacturing, but imports only certain goods from abroad. The nature of its business is also peculiar, and on account of competition there is also risk for this Company loosing much of its business. Learned representative appearing on behalf of the Union has argued much on the question of balanced diet, in order to convince the Tribunal that in this concern the total emoluments for the lowest paid employees consisting of their basic wages and dearness allowance, that is their pay packet, were inadequate and unfair. But I must say that I was not impressed in this respect by his argument. He could not convince me that the total emoluments for the lowest paid workmen in this Company in any case fell below the minimum, and compared unfavourably with the wage rates paid to other employees in other industries. After all, the elementary requirements of an employee are the same, whether he is working in the Jute or an Engineering Industry. The Union has failed also to establish that the majority of the employees are rotting. From the charts filed, it appears that many of the employees are getting increments and decent salary within a reasonable period of time. In all literatures on the subject of balanced and satisfactory diet, the authorities tried to lay down certain principles only, which they considered to be ideal or satisfactory for a certain class of people. The primary difficulty about the realisation of that ideal is that there is no enough such protective foods available for all of us, nor they are within the competence of all to have them. The truth about it is that there is no enough such food to go round for every body in the country. Another contention urged by the learned representative appearing on behalf of the Union is that the cost of living has gone up. Rise in the average cost of living index, even if it be accepted to be so, does not justify any increment in the scale of pay or any fixation of scale and grades of pay. A rise in the cost of living index *prima facie* supports a case for revision of dearness allowance. But in the present case, the dearness allowance which is given to the employees, is indeed very generous and lavish, as such allowance is given according to the Bengal Chamber of Commerce Scheme. So, considering the matter in all its bearings, I do not find my way to introduce grades and scales of pay for the clerical staff of the Company at present. This issue is decided accordingly.

Issue No. 2.—*Whether the existing privilege leave facilities are adequate. To what extent these should be modified? How far this leave should be allowed to be accumulated?*—This Company at present grants 14 days'

privilege leave with full pay in a year to the permanent clerical staff, and no accumulation of this leave is generally allowed. But the demand of the Union is that there should be one month's privilege leave with full wages in a year cumulative for three years. After giving my anxious and careful consideration to the matter, I am of the view that the privilege leave, as allowed at present by the Company, is inadequate, and it needs modification. I think, it will be fair if 21 days' privilege leave with full pay in a year is granted to each clerk cumulative up to 42 days. It is accordingly awarded. This issue is decided thus.

Issue No. 3.—*Gratuity.*—The Union has demanded one month's pay as gratuity for each year of service in the Company. This is resisted by the Company on the following grounds:—

(a) That the Company has a Provident Fund scheme in operation, which is considered to be fair and adequate as the ratiral benefit;

(b) that the double retiral benefits by way of both Provident Fund and graduity, are not prevalent in a Commercial Establishment of similar nature; and

(c) that gratuity, being a long-term commitment, the Company's financial position and the uncertainty of its business do not allow it to undertake any such long-term commitment.

I quite agree that gratuity is a long-term commitment. It is not correct that double retiral benefits by way of both Provident Fund and gratuity are not prevalent in Commercial Establishments. There are lots of decisions, where such double retiral benefits were given by the Tribunals. But the question is whether any scheme or provision for gratuity in this Company should be made for the clerical staff. Admittedly, there is Provident Fund scheme for the clerical staff in this Company. The current rate of contribution to the Provident Fund is 7½ per cent. on basic pay and dearness allowance on either side. This rate of contribution was started from 1st January 1956. Prior to that, the contribution was at the rate of 7½ per cent on the basic pay only on either side, and it continued from 1st January 1948 Before that, the rate of contribution to the Provident Fund was 5 per cent. on either side on the basic pay, and this scheme continued from January 1934 to 31st December 1947. Prior to 1933, there was no scheme for Provident Fund in this Company, but there was a Pension Scheme known as "Babcock Staff Pension Fund", in which both the employees and the employer contributed. But with the introduction of the Provident Fund scheme, the contributions made by the employer and the employees under the Pension scheme, were transferred to the scheme of Provident Fund including interest. Thus, it is evident that the Provident Fund scheme was only introduced in this Company from January 1934, and in the Pension scheme that was introduced in 1929, only 5 per cent. of the workmen's basic pay was deposited by deducting from their monthly pay. Naturally, the clerks who have rendered long service in this Company and who will have to retire soon, will not be much benefited by the amount available to them under the Provident Fund scheme. The clerks, who joined this Company after 1934, will get benefits of the Provident Fund scheme that was introduced in the year 1934. They will no doubt get sufficient money from their Provident Fund to fall back upon in their old age on retirement, but such will not be the case with the clerks, who joined this Company before 1954. Accordingly, I direct that only the members of the clerical staff, who joined the Company's service prior to the introduction of the

Provident Fund, shall be given benefit of gratuity at the rate of 15 days' basic wages for each completed year of service, subject to a maximum of 10 months' wages between the period of their joining and the date, when the Provident Fund scheme was introduced. Such gratuity would not be payable to them for the period after the introduction of the Provident Fund scheme. So to be precise, I provide gratuity of those employees for the uncovered period only. This benefit of gratuity will not extend to other clerical staff, as the retiral benefit by way of Provident Fund scheme, which is in operation in this Company, is considered to be fair and adequate for them. I hope, the Company will not grudge to pay, in spite of its present financial position, such gratuity as directed above to the clerical staff, whose number perhaps will be very small. This issue is answered accordingly.

Issue No. 4.—*Tiffin allowance.*—The Union claims Re. 1 per head per working day as tiffin allowance for the clerical staff. It is resisted by the Company. It is contended that the tiffin allowance is not a condition of service, and that the tiffin allowance is a mere concession, for which there cannot be any compulsion. At present, the Company does not grant any tiffin allowance, but 2 cups of tea and 2 pieces of biscuits in a day are served free of cost to the clerical staff on every working day at their desks, in the absence of any space for tiffin room in the office buildings. In my view, the existing arrangement for tiffin will continue. I do not think that the Company should be asked to pay any tiffin allowance to the clerical staff. The Tribunal interferes in the matter of tiffin in two cases, viz., (i) if the concern is located at a place where tiffin cannot be had or procured and (ii) where the salary of the staff is such as it does not permit them to spend for tiffin. But in the present case, both the elements are absent. The office of the Company is located near about Dalhousie Square, where there are so many restaurants and tea stalls. The salary paid to the clerical staff is not such as cannot permit them buying their tiffin out of it. Accordingly, the claim of the Union on this score is turned down.

Issue No. 5.—*Medical facilities.*—Admittedly, the Company has no arrangements for medical aid to the clerical staff. The demand of the Union is that the employees and their dependants should be allowed free medical aid, free medicine and free medical diet, or in the alternative, one month's wages in the year as medical allowance. In my view, the demand of the Union appears to be rather unreasonable. I have given my due consideration to this matter. The employees must share with the public equally in enjoying medical benefits. The employer may rightly refuse to contribute for the special advantage, unless it be proved that the income of the employee is less than the national income *per capita*. It is, therefore, against the principles of social justice that the persons entering any Company, shall get any preferential treatment. In the present case, the income of the employees is not less than the national income *per capita*. It is evident that the employees get decent and handsome emoluments from the Company. That being so, they like other citizens of the State, can spend money out of their pockets, for their own medical treatment and also for the treatment of their family and dependants. In my view arrangement for free medical treatment is a matter for the State, and no individual employer can be compelled to undertake this. The State may take contributions from the individual employer. Furthermore, the Employees' State Insurance Scheme is very soon going to cover the clerical staff of this Company in such matters. So, I refrain from giving any direction to the Company regarding medical facilities. This issue is disposed of thus.

This is the award of the Tribunal.

AWARD

1. By order No. 5832Dis./D/11L-406/55, dated the 10th December 1955, the Government of West Bengal in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messers. Jagannath Prosad Khettry & Sons, 20 Umesh Dutta Lane, Calcutta-6, and one of their employees, Shri Narayan Chandra Paridya, C/o Shri Sankar K. Paridya, 59 Netaji Subhas Road, Calcutta-1, regarding the matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties entered appearance and filed their written statements. The pleadings were completed on 21st February 1956. The parties were thereafter directed to file list of documents. The dispute was then heard on 28th June, 1956.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

> To what amount of compensation is Shri Narayan Chandra Paridya entitled for dismissal from service?

DECISION

Messrs. Jagannath Prosad Khettry & Sons (hereafter called the "employer") are dealers of rickshaw parts. They have a shop at 20 Umesh Dutta Lane, Calcutta, in which they have about 14 employees. Shri Rajendra

Prosad Khettry, the eldest son of Shri Jagannath Prosad Khettry, manages the business.

The employee Shri Narayan Chandra Paridya was a general assistant in the said shop on a pay of Rs. 65 per month. His work was mainly to pack up the articles and to book them in the railway station. According to the employee Shri Narayan Chandra Paridya, he was discharged on and from 22nd January, 1955, while according to the employer he had left service on that day as the employer could not agree to give him advance up to Rs. 500.

Before entering into the merits, let me first deal with the preliminary objection taken by the employer regarding maintainability of the reference. It was contended on behalf of the employer that the dispute was an individual dispute and would not come within the language of the definition of "industrial dispute" in section 2(k) of the Industrial Disputes Act, 1947, and as such the reference was incompetent. I agree that it is so. In the present case, none of the workmen in the employ of Messers. Jagannath Prosad Khettry & Sons or any Union took up cause of Shri Narayan Chandra Paridya either leading to or after the present reference. So the dispute as referred to is purely an individual dispute which has never been taken up by any other workmen or Union. No doubt in the case of Swadeshi Cotton Mills Co., Ltd., *versus* Shri Ram Baran reported in 1953 L.A.C., 139, the Labour Appellate Tribunal held that an individual dispute like the present one would come within the meaning of the "industrial dispute" as defined in the Act, but on the other hand the Calcutta High Court held in the cases reported in 55 C.W.N., 256 and 57 C.W.N., 169 that an individual dispute was not an industrial dispute as defined in the Act. As the decisions are not uniform, the question arises which is to be followed by the State Tribunal. Under Article 227 of the Constitution, every Tribunal in the State is subject to the judicial supervision of the State High Court. It being so, it is obvious that the law laid down by the High Court is the law as far as that State is concerned and every Tribunal in the State is bound to accept the same. His Lordship Chagla C. J. of Bombay High Court also so held in the case between Gambhirji Odharji and Labour Appellate Tribunal of India and others reported in 1955 L.L.J., Volume II, page 202. In the circumstances following the decisions of the Calcutta High Court, I find that the dispute raised in the present case is not an industrial dispute and as such the reference is incompetent.

In view of the above findings no decision is necessary on merits. Had it, however, been necessary, I would have also found against the workman The case as made out by the employee Shri Narayan Chandra Paridya in his written statement of claim is as follows. On 22nd January 1955 when the workman approached Shri Rajendra Prasad Khettry for leave of one month to go home in connection with his marriage and for an advance of Rs. 500 for the purpose to be recoverable from his salary in instalments, said Shri Rajendra Prosad Khettry told him that under no circumstances they would give him leave far less advance of Rs. 500, and when the workman insisted for the same, he turned him out from the shop with threats of beating. Before so doing the employer made him to sign the salary book for his outstanding duse of Rs. 9-10-6 but eventually refused to pay him the amount. His employment was thus terminated wrongfully. The workman accordingly prayed for payment of gratuity for 8 months at the rate of Rs 65 per month for his 8 years' service under the employer as also 3 months' pay in lieu of notice besides arrears of salary of Rs. 9-10-6 up to the date of termination of employment.

The employer denied having terminated employment of the workman and pleaded that he had himself quitted the service in the circumstances as below:

On 22nd January 1955 when the workman prayed for leave and an advance of Rs. 500, Shri Rajendra Prosad Khettry said that he had no objection to his going home for a month but he would not be able to pay him Rs. 500 as advance as the condition of business was not good and as such huge sum was never advanced to any of the employees at any time. But the employee would not listen to this. He became angry and quarrelled with the employers and said that if Rs. 500 were not paid to him as advance he would not continue his service under the firm any longer and he demanded that his up to date dues of salary should at once be paid. Thereupon his up to date dues amounting to Rs. 9-10-6 were paid to him forthwith for which he made an endorsement on the salary book and signed his name. Thereafter the workman told Shri Rajendra Prasad Khettry that he would not work in their firm any more and went away without leaving any address of the place he was going to. After this the workman never came back to the shop. As the workman left his service of his own accord, no question of payment of gratuity or compensation did arise.

In support of his case the workman Shri Narayan Chandra Paridya has alone deposed. He is P.W.1. The employer, on the other hand, has examined Shri Rajendra Prasad Khettry besides proving documents Exts. A to D.

On giving careful consideration to the evidence and circumstances, I accept employer's version of the case, which is more probable and natural. On 22nd January 1955 the workman, according to both sides, approached Shri Rajendra Prosad Khettry for leave for one month as also for an advance of Rs. 500 in connection with his marriage. The case of the workman that Shri Rajendra Prosad Khettry flatly refused to give leave and also the advance has been given direct lie by the workman himself in his deposition before this Tribunal. He admitted that Shri Rajendra Prosad Khettry granted him the leave prayed for and also agreed to give him an advance up to Rs. 100. In his written application before the Labour Directorate, Ext.A, the workman also so admitted. So the allegation that the employer became angry because he wanted leave and advance cannot stand. On the contrary, it appears that there was cause for the workman to be dissatisfied as Shri Rajendra Prasad Khettry could not agree to give him advance beyond Rs. 100. In the circumstances, it was more natural that the workman flared up and said that he would no longer serve if Rs. 500 were not paid to him as advance. The demand for payment of up to date dues also points more in favour of workman's expressing unwillingness to continue service under the firm any longer. The workman admittedly made endorsement and signed in the salary book (Ext.C) acknowledging receipt of the outstanding dues of Rs. 9-10-6 till then. His allegation that he did not receive the said sum is unreliable. If the employer could have agreed to give him an advance up to Rs. 100, it is not natural and probable that such employer after taking signed acknowledgment would refuse to pay a paltry sum of Rs. 9-10-6 which was outstanding till then. The employer's case that on their unwillingness to grant him an advance of Rs. 500 the workman became angry and said that he would no longer work and accordingly he demanded payment of his dues till then is more natural and probable. From the evidence, I believe that the workman received his outstanding dues of Rs. 9-10-6 till then. I also believe that after having received the said amount he left the job and did not come back. It appears that the workman was offered re-employment during conciliation proceedings by the employer but he refused to accept. Before this Tribunal, too,

the workman expressed his unwillingness to rejoin. These would support that he had left the employment himself. After having done so, it is obvious, the workman cannot claim either gratuity or notice pay.

So both in law and on merits, Shri Narayan Chandra Paridya is entitled to no relief.

I award accordingly.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329-Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947).

the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act was filed by Abdul Meah and seven others in case No. 16 of 1955, on the allegation that they were permanent workers of the Union Jute Co., Ltd. (North), that from 18th October 1954 the petitioners were laid-off by the management, that the petitioners have neither been discharged, dismissed or retrenched nor given any charge-sheet by the management, that this action of the management is not at all *bona fide*, that in the circumstances the petitioners pray for reinstatement and consequential reliefs.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application submitted by the complainants is not maintainable in law as it does not disclose any violation of the provisions of section 33 by the Company, that all the complainants were working in the Mill as *budlis* and were not permanent employees as alleged, that the question of laying-off the complainants from 18th October 1954, as alleged, does not arise as they were *budli* workers, that the Company submits that the application of the complainants is not maintainable and they are not entitled to reinstatement and/or any reliefs, that in the circumstances the Company further submits that the application under section 33A should be rejected on the preliminary point of law and on merits.

DECISION

We had not to enter into the merits of this case as the petitioners filed two petitions praying for permission to withdraw their petition for complaint under section 33A of the Industrial Disputes Act. We have considered the petitions and we grant the petitioners permission to withdraw their complaint as prayed for. Both the petitions for withdraw will form a part of this award. As the petition of complaint under section 33A is withdrawn, there will be a "no dispute" award in this case.

AWARD

The Government of West Bengal, in the Department of Labour by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act, 1947, in case No. 119 of 1955, was filed by Shri Gobin on the allegation that he was a permanent sardar in the preparing department of the Mill, that the applicant applied for leave to go home and the Company granted him leave from 17th January 1955 to 13th March 1955 including 14 days' leave with full wages, that the applicant fell sick at his home and found himself unable to resume his normal duty in time, so he applied by registered post for leave on 21st February 1955 for eight weeks' sick leave, that the applicant did not receive any reply from the Company, that all on a sudden the applicant received a letter from the Company on 13th April 1955 that the Company has suspended him, that the petitioner came to Titagarh on 16th April 1955 with medical certificate and reported to the Manager that he had applied for leave by registered post and he is innocent, that the Company without serving any charge-sheet and without taking the reply or written statement of the applicant has taken wrong action against the petitioner, that the Company's action in suspending the petitioner was clearly in contravention of section 33 of the Industrial Disputes Act and was illegal, that the forced unemployment of the petitioner in the way of suspicion is unjust and without any offence on the part of Gobin, that under the circumstances the petitioner Gobin submits that he is entitled to reinstatement, full wages for the period of forced suspension, and continuity of service.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application of the complainant is not maintainable and there has been no violation of the provisions of section 33 by the Company, that an application under section 33 has already been filed before the Tribunal seeking permission for his dismissal, that the petitioner was granted 57 days' leave from 17th January 1955 as he wanted to go home, but on 19th February 1955 he asked for an extension of 2 months' leave on the ground that his wife was sick, that as the petitioner had already been given sufficient leave the Company rejected his application for extension of leave and informed him by a letter, dated 10th March 1955, that on 14th March 1955 the petitioner failed to resume his duties and gave no further intimation, that on 28th March 1955 a letter was sent to the petitioner by the Company asking him to show cause for his absence without leave for more than 10

days, that the Company decided to dismiss him and informed him by a letter, dated 5th April 1955, that the Company denies that the petitioner at any time produced a medical certificate in support of his alleged illness, that the suspension of the workman pending permission of the Tribunal, does not contravene the provisions of section 33 of the Industrial Disputes Act, that in these circumstances his suspension pending the Tribunal's permission to dismiss him was fully justified, that the Company submits that the complainant is not entitled to reinstatement and/or compensation or other relief, that in these circumstances the application of the complainant should be rejected.

DECISION.

We had not to enter into the merits of this case as the petitioner on 21st June 1956 filed a petition praying for permission to withdraw his petition for complaint under section 33A of the Industrial Disputes Act. We have read and considered the petition and we grant the petitioner permission to withdraw his complaint as prayed for. The petition for withdrawal will form a part of this award. As the petition of complaint under section 33A is withdrawn there will be a "no dispute" award in this case.

AWARD

The Government of West Bengal, in the Department of Labour by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 7954, order No. 2329-Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette,* dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 402 of 1955, was filed by Jhunkun Bhor and two others on the allegation that the petitioners have served the Company for long eight years, that Shri Bibhuti Bhusan Chatterji, head issue clerk had some urgent necessity of money for his daughter's marriage and as such requested the petitioners to make some immediate arrangement of money, further promising to pay the money on the next date, that realising the urgency, the petitioners on their own risk took loan of Rs. 300 from *mahajan* on terms of high interest and paid the head clerk, that the head clerk failed to pay on the next date, but promised to pay on the date of receiving the salary, that the petitioners on 2nd May 1955 after closing hours requested the head clerk outside the Mill premises to return the money but the head clerk denied everything and there was altercation, that the head clerk made a false report to the Manager against the petitioners but the Manager issued a false charge-sheets and suspended the petitioners in violation of the standing orders and for this a criminal case was started against the head clerk, that the order of suspension is illegal, that the petitioners have been thrown out of employment, that under the circumstances the petitioners pray that the Tribunal may be pleased to pass an award for reinstatement with compensation for the period of unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that

the application filed by the petitioners is misconceived and not maintenable in law as the Company has not violated section 33 of the Industrial Disputes Act, that the Company has already filed separate application under section 33 on 17th May 1955 seeking permission of the Tribunal to dismiss the workmen concerned, that the application under section 33A filed by the said workmen contains various vague, misleading and incorrect allegations and the Company denies the same, that the Company prays that the application under section 33A filed by the complainants should be rejected on the preliminary point of law.

DECISION

Although a petition of complaint under section 33A alleging violation of condition of service for failure to apply under section 33 for permission of the Tribunal has been filed, it has now been found by the employers that actually this was not the case. They have in fact applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the three applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject matter of the complaint under section 33A of the Industrial Disputes Act and which has since been unfortunately struck off as this Tribunal became *functus officio* after one month of the publication of the award.

It has now been held by the Supreme Court in the case of Automobile Products of India, Ltd. (1955 L.L.J., Vol. I, page 346), that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workmen to approach and move the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority referred to in the section is a Court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually filed on the self-same ground, we hold that the petition of complaint under section 33A of the Industrial Disputes Act is not maintainable and we award accordingly.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329-Dis/D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 178 of 1954, was filed by Shri Bharat Singh on the allegation that he was a permanent workman in the Watch and Ward Department of the Khardah Jute Mills, that the petitioner was charge-sheeted on 7th July 1954 for alleged negligence of duty on 1st July 1954 at 4-30 p.m. inasmuch as he allowed another

durwan who was off from duty to enter the Mill Mistry Shop of No. 1 Mill, that the petitioner replied to the charge-sheet on 8th July 1954 in which he denied the charge as he was not on duty at the gate of the No. 1 Mill Mistry Shop at 4-30 p.m. as alleged in the charge-sheet, that an enquiry was announced to be held on the 13th July at 3-30 p.m. but the Manager met the petitioner when none else was present and no evidence or cross-examination was made and the petitioner also was not asked to bring with him any witness of his own, that on 16th July 1954 the petitioner was dismissed from service with effect from 1st July without any permission of the Tribunal and still now the Company has not filed any petition under section 33 of the Industrial Disputes Act seeking permission of the Tribunal to dismiss the petitioner, that the dismissal is wrongful and illegal and the Company has contravened section 33 of the Industrial Disputes Act by dismissing the petitioner without the permission of the Tribunal, that the charge against the petitioner to abate another durwan to steal the valuable property of the Company is also not supported by facts because the incident happened at the Mill Mistry Shop of No. 1 Mill at 4-30 p.m. on 1st July 1954, that the petitioner has served the Mill for long three years without any fine or warning or without any spot in the record of service, that in the circumstances the petitioner prays that the Tribunal may be pleased to order reinstatement of the petitioner with wages for the period of his forced unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement contending that the application filed by the complainant is misconceived and not maintainable in law, that the Company has already filed an application under section 33 of the Industrial Disputes Act, that the petition of the complainant contains various incorrect and misleading allegations, that the Company submits that on 1st July 1954 at about 4-30 p.m. while Bharat Singh was on duty at the Mill Mistry Shop he opened with dishonest intentions the gate of the said shop to let another durwan Chatra Pal who was off duty at the time of entering the Mill Mistry Shop and steal valuable property of the Company, that the said theft was committed with the knowledge and connivance of Bharat Singh, that consequently Bharat Singh was served with a charge-sheet on 7th July 1954, that after full enquiry into the charges against Bharat Singh the Company informed him by a letter, dated 16th July 1954, of the decision of the management that he should be dismissed but that until the permission of the Tribunal for such dismissal had been obtained he would continue to be suspended, that the Company in suspending the complainant pending the permission of the Tribunal to dismiss does not contravene the provisions of section 33 of the Industrial Disputes Act, that in the circumstances the Company reiterates that the application under section 33A of the Industrial Disputes Act filed by Bharat Singh is not maintainable and he is not entitled to reinstatement or any compensation, that the Company prays that the application under section 33A filed by the petitioner should be rejected on the preliminary point of law and/or on its merits.

DECISION

We had not to enter into the merits of this case as the Company on 18th June 1956 filed a petition submitted by the workman praying for permission to withdraw his petition for complaint under section 33A of the Industrial Disputes Act admitting therein that he has tendered resignation and has taken his full dues from that Company and has given full discharge from its liabilities and that he has no dispute subsisting against the Company. The Company also filed a receipt for payments made

to the workman as his dues. We have read and considered the petition and we grant the petitioner permission to withdraw from the complaint as prayed for. The petition for withdrawal and also the receipt for payment of his dues will form parts of this award. As the petition of complaint under section 33A is withdrawn on the above terms, there will be a "no dispute" award in this case.

AWARD

The Government of West Bengal, in the Department of Labour, by order No 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/-7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54 dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 162 of 1955 was filed by Shri Golam Hossain Sardar on the allegation that he had been working as a weaver in the said Mill since 17th April 1945 without any break, that the petitioner was charge-sheeted on 4th May 1955 for allowing an unauthorised person to operate the loom at 3 p.m. on 4th May 1955 and for habitual neglect of work, that the petitioner was suspended forthwith, that the petitioner explained the actual position in reply, that the petitioner was not at all aware if any outsider had been working in his place, that the second allegation is not maintainable as no specific instance of negligence has been produced by the Company, that the allegations are purely misconceived, vague, indefinite and untrue, that by suspending the petitioner without permission of the Tribunal during its pendency, the opposite party has contravened section 33 of the Industrial Disputes Act, that in the circumstances the petitioner prays for reinstatement with full compensation for the period he has been kept out of employment.

Notice of the aforesaid complaint having been served on the Company, the opposite party filed its written statement on 14th September 1955 stating that the petition under section 33A of the Industrial Disputes Act filed by Golam Hossain Sardar is misconceived and is not maintainable in law as the Company has not, in any way, violated section 33 of the Industrial Disputes Act, that the Company has already filed an application under section 33 seeking permission of the Tribunal to dismiss the said workman, that the petition of the workman contains various vague, misleading and false allegations which the Company denies, that on 4th May 1955 at 3 p.m.

Golam Hossain was found absent from his work without permission entrusting an unauthorised person to work on his loom, that as the workman's action amounted to misconduct, he was served with a charge-sheet, that the workman was thereafter suspended pending permission of the Tribunal to dismiss him and the Company applied under section 33 of the Industrial Disputes Act for such permission, that the Company reiterates that there has been no contravention of section 33 of the Industrial Disputes Act that the Company in the circumstances submits that the application should be rejected on the preliminary point of law and also on the merits of the case.

DECISION

We had not to enter into the merits of this case as the petitioner on 15th May 1956 and 13th June 1956 filed two petitions praying for permission to withdraw his petition for complaint under section 33A of the Industrial Dispute Act. We have read and considered the petition and we grant the petitioner permission to withdraw his complaint as prayed for. The petitions for withdrawal will form a part of this award. As the petition of complaint under section 33A is withdrawn, there will be a "no dispute" award in this case.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48 (A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act in case No. 172 of 1955 was filed by the workman Shri Ramrachcha Pandey on the allegation that he was a permanent workman, employed as a durwan in the Watch and Ward Department of the Mill, that on 4th July 1955 the petitioner was given a charge-sheet alleging that at approximately 9 a.m. on 2nd July 1955, he along with four others snatched away from Moinuddin, retired dandi of cargo boat No. 20, a sum of Rs. 244 which had been paid to him as his retiral dues, and that the amount was returned to the rightful owner on the intervention of the Senior Labour Officer of the Company, that the petitioner submitted his explanation on 5th July 1955, that the opposite party put him under suspension from 4th July 1955 till the permission to dismiss him was obtained from the Tribunal, that in the circumstances the petitioner prays for reinstatement with compensation for the period of forced unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application under section 33A is misconceived and not maintainable in law as the Company has not in any way violated section 33 of the Industrial Disputes Act, that the Company has already filed an application under section 33 on 18th July 1955 seeking permission of the Tribunal to dismiss the workman concerned, that pending such permission he was suspended, that in the circumstances the Company prays that the application under section 33A filed by the complainant should be rejected on the preliminary point of law.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329-Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947

(XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A was filed by the complainant Ramjan stating that he is in service under the Company for about 30 years without any fault, that there was a strike of the workers on account of some dispute between the Company and the workers regarding working hours, and this was followed by a lock-out declared by the Management, that thereafter on 12th July 1954 during lock-out the Company got some workers arrested from inside the Mill premises, that though the petitioner was quite innocent of the matter of strike, he was arrested by the police on mere suspicion and was sent to jail at Dum Dum and Barrackpore, that the Company has filed a petition under section 33 of the Industrial Disputes Act on incorrect and false grounds, that in the circumstances the petitioner prays for an order of the Tribunal to allow him to continue in service pending decision of the application under section 33 of the Industrial Disputes Act.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement on 26th April 1955 stating that the application of the complainant Ramjan contains various incorrect and misleading allegations, that on 12th July 1954 at about 7 a.m. workers of almost all the departments resorted to an illegal stay-in strike, that those workers who resorted to violence and lawlessness were arrested by the police, that Ramjan was also arrested on 12th July 1954 for indulging in similar activities, that a charge-sheet was issued to him and after enquiry he was found guilty of charges which amounted to misconduct and he was suspended pending the permission from the Tribunal for his dismissal, that in the circumstances the opposite party submits that the application of the complainant Ramjan under section 33A should be rejected.

DECISION

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the two applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject matter of the complaint under section 33A of the Industrial Disputes Act and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L.L.J., Vol. I, page 346) that it is the contravention by the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move the respective authority concerned of the additional jurisdiction and powers conferred on it by the section. The authority referred to in the section is a court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually on the self-same grounds, we hold that the petition of complaint under section 33A of the Industrial Disputes Act is not maintainable and we award accordingly.

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri Hari Bhusan Chatterjee, a workman of Auckland Jute Mill, P.O. Jagatdal, 24-Parganas, before the said Tribunal against the said Company alleging that the said Company had punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954, and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, the present application under section 33A of the Industrial Disputes Act was filed by Shri Hari Bhusan Chatterji in case No. 192 of 1955 on the allegation that he is a permanent workman of Messrs. Auckland Jute Co., Ltd., and had been working as time-keeper in the C.W. Shop Department of the Mill for more than 35 years with uniform good record of service, that the management with an ulterior motive most wrongfully issued a charge-sheet to the petitioner on 17th June 1955, that on 20th June 1955, the management informed the petitioner that after full enquiry their decision is that he should be dismissed but until the permission of the Tribunal has been obtained he will continue to be suspended, that the management has contravened the provisions of section 33 of the Industrial Disputes Act, that the suspension of the petitioner pending permission of the Tribunal for dismissal is wholly *mala fide*, unjust, unfair and illegal, that in the circumstances he prays for reinstatement with all his wages and allowances for the period of his unemployment.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement in which it contended that the application under section 33A filed by Shri Hari Bhusan Chatterji is misconceived and not maintainable in law, that the Company had already filed an application seeking permission of the Tribunal to dismiss Shri Hari Bhusan Chatterji, that Shri Hari Bhusan Chatterji had fabricated wage tickets in the name of persons who were not employed in the department concerned and thereby involved considerable loss to the Company, and on 17th May 1955 a charge-sheet was given to him, that on receipt of his explanation and after full enquiry he was found guilty of misconduct under the Standing Orders, that the Company has not violated section 33 of the Industrial Disputes Act, that the Company submits that the claim of the petitioner is untenable and the workman is neither entitled to reinstatement nor any wages for the period of suspension and/or any relief as claimed by him.

DECISIONS

At the time of hearing, both parties came to a compromise and filed a joint petition of compromise. We perused the joint petition of compromise. The terms are fair and legal. We accept the petition of compromise and make our award in terms thereof. The petition of compromise will form a part of this award.
